

I-40/81 Multimodal Corridor Study

Public Meeting Invitation

The Tennessee Department of Transportation (TDOT) has initiated a study to investigate a range of multimodal solutions along the interstate corridors of 40 and 81. This 18-month study will emphasize congestion management, improving safety, maximizing the potential for freight diversion and preserving/enhancing each corridor's economic benefits. As a stakeholder in the study, you are invited to these public meetings to provide input on the transportation needs and areas of concern for your corridor. Public meetings will be held throughout the duration of the study and will continue to discuss the study's progress and findings using a presentation. A comment form will be provided for your convenience at the meeting.

For more information on how to submit a comment form via email, fax or on-line visit: www.tn.gov/tdot/i-40-81-study.html

You may also provide feedback via on-line survey by visiting this link: www.surveymonkey.com/r/F62R7DY
