December 19, 2011

To the Honorable Mayor, Members of the Board of Mayor and Aldermen, and Citizens of the City of Kingsport, Tennessee:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the City of Kingsport for the fiscal year ended June 30, 2011.

This report consists of management's representations concerning the finances of the City of Kingsport. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Kingsport has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Kingsport's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Kingsport's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Blackburn, Childers & Steagall, PLC, a firm of licensed certified public accountants, have issued an unqualified ("clean") opinion on the City of Kingsport's financial statements for the fiscal year ended June 30, 2011. The independent auditors' report is located at the front of the financial section of this report.

The independent audit of the financial statements of the City of Kingsport was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance report section of this CAFR.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Kingsport's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Kingsport was incorporated in 1917 and operates under a council-manager form of government. It is located in the northeast part of the state. The City currently occupies a land area of approximately 50 square miles and serves a population of 49,275. Its established urban growth boundary encompasses 107 square miles which provides potential areas for the City to expand its corporate limits in the future. The City is authorized by state statutes to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the Board of Mayor and Aldermen.

The City of Kingsport has operated under the council-manager form of government since 1917. Policy-making and legislative authority are vested in the Board of Mayor and Aldermen (BMA) consisting of the mayor and six other members. The BMA is responsible, among other things, for passing ordinances, resolutions, adopting the budget, appointing committees, and hiring the City Manager. The City's Manager is responsible for carrying out the policies and ordinances of the BMA, for overseeing the day-to-day operations of the City and for appointing the heads of various departments. The BMA is elected on a non-partisan basis. Board members serve four-year staggered terms, with an election every two years. The Mayor is elected to serve a two-year term. The City Manager serves at the pleasure of the Board.

The City of Kingsport provides a full range of services, including police, fire and rescue, elementary and secondary education, street construction and maintenance, planning and zoning, parks and recreation, cultural events, public transportation and general administrative services. In addition, water and sewer service, solid waste collection, convention center and golf course are provided under an Enterprise Fund concept with user charges established by the BMA to ensure adequate coverage of operating expenses and payments on outstanding debt. Vehicle maintenance and replacement and self-insurance activities are provided through Internal Service Funds. The City of Kingsport provides water and sewer service and solid waste collection service outside the city limits.

The City is financially accountable for two legally separate organizations; the Industrial Development Board of Kingsport and the Emergency Communications District of Kingsport. Both of these organizations are reported separately within the City's financial statements. Additional information on these legally separate entities can be found in the notes to the financial statements (see note 1.A).

The annual budget serves as the foundation for the City of Kingsport's financial planning and control. All departments of the City of Kingsport are required to submit requests for appropriation to the City Manager. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the BMA for review by May 15th. The BMA is required to hold two public hearings on the proposed budget and to adopt a final budget no later than June 30, the close of the City of Kingsport's fiscal year. The appropriation budget is prepared by fund, function and department. The City Manager may make transfers of appropriations within a department and between departments within any fund. Transfers of appropriations between funds, however, require the approval of the BMA. Budget-to-actual comparisons are provided in this report. The general fund comparison is presented on pages 32 through 34 as part of the basic financial statements for the City's funds.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Kingsport operates.

Local Economy Approximately 173,700 persons reside within a 5 mile radius of the City limits. Kingsport is the largest City in the Kingsport - Bristol, TN – Bristol, VA Metropolitan Statistical Area which has a population of 309,544 (per 2010 U.S. Census). On a regional basis, there are approximately

401,000 persons living within a radius of 25 miles, 863,000 persons living within a radius of 50 miles and 1,305,000 persons living within a radius of 75 miles.

Despite the sluggish national economy, economic recovery is clearly strengthening in Kingsport in 2011, with one area economist noting the community had now regained all jobs lost in the recession. At the same time, the City continues to post strong sales tax growth and continued diversification of the local economy in 2011, while enjoying the benefits of a strong manufacturing core.

Eastman Chemical Company, a FORTUNE 500 company which employs approximately 6,500 employees and about 3,000 contractors in Kingsport, is the second largest private employer in Tennessee, largest regional employer and largest taxpayer in the City.

Eastman, which has had a major presence in Kingsport since 1920, is the world's largest supplier of polyester plastics for packaging, a leading supplier of coatings raw materials, specialty chemicals and plastics, as well as fine chemicals for pharmaceutical, agricultural chemicals, and other markets. In addition, Eastman manufactures cellulose esters used in LCD screens as well as Bisphenol - free (BPA) plastics for the food industry in Kingsport. Eastman has added three new product lines in Kingsport over the last few years.

In 2011, Eastman Chemical Co. announced to investors that it doubled earnings in the first quarter, planned to increase capital spending in Kingsport in the second quarter, while sales revenue increased 20 percent in the third quarter of 2011.

Meanwhile, BAE Systems, contracted operator of Holston Army Ammunition Plant on the City's western border, continues to employ more than 540 persons at this facility engaged in the production of high explosives for the U.S. Military. In addition, the Army & BAE are undertaking a \$140 million modernization of the facility.

And AGC Flat Glass continues as Tennessee and the nation's leading producer of solar glass with more than 320 employees in Kingsport, all of whom are engaged in solar glass production. Although temporary layoffs will idle more than 150 workers in early 2012, with the company attributing the decision to the flooding of the U.S. market with Chinese solar products, it is critical to note that the International Trade Commission has agreed in late November to investigate allegations of unfair trade practices and could impose steep tariffs on Chinese solar imports.

Overall, Kingsport exhibits a solid employment base, resulting in East Tennessee State University's economist noting in October 2011 that Kingsport led the region with 832 new jobs created in the third quarter, and that "virtually all the jobs lost in the recession have now been recovered."

Job growth and confidence in the local economy are further reflected in the sales tax performance of Kingsport. Sales tax collections were \$340,000 above budget through the first five months of the fiscal year.

On average, sales tax collections increased 10 percent a month from July through November, with collections increasing significantly in 11 of the last 12 months.

Clearly, sales tax growth is a measure of the City's focused effort over the last decade to diversify Kingsport's economy through development of the commercial retail sector, and signifies confidence in the local economy. As evidence, it is worth noting that three new car dealerships, one used car dealership and 17 new Kingsport restaurant options have opened in the last 12 months. New dining options feature local, regional and national concepts, including three new downtown concepts.

Notably, while Eastman Chemical Company represented 40 percent of all property tax revenue for the City some 20 years ago, today that ratio is in the range of 25 percent, with the change largely due to the growth of commercial, medical, retail and residential properties in the community signalling continuing economic expansion and diversification.

In particular, the medical sector has been an important source of job growth in the City. Kingsport is home to the largest hospital in the Wellmont Health System, as well as the system's corporate headquarters, and the second largest hospital in the Mountain States Health Alliance system.

In all, the medical sector has created 9,000 new jobs in Kingsport over the last decade. Underpinning that growth is the largest private medical practice in the region, Holston Medical Group with more than 800 doctors and staff, as well as the largest specialty practice, Cardiovascular Associates, with 30 physicians offering a full spectrum of cardiology treatment options, cardiac research and heart disease prevention programming.

While diversification is important, Kingsport also continues to build its industrial development job sector. Through October 19, 2011, NETWORKS Sullivan County Partnership, which conducts industrial recruitment for Kingsport, Sullivan County, Bristol and Bluff City, has posted 965 new jobs from new and existing business as well as \$38.93 million in new capital investment county-wide.

Kingsport accounted for nearly 50 percent of the NETWORKS job total, with a major new employer, C&F Group of Galway, Ireland, announcing a \$12.5 million investment that will create 450 new jobs over the next four years.

In the third quarter, Kingsport's unemployment rate was 8.17 percent, lowest in the Tri-Cities and well below the state rate of 9.6 percent. Sullivan County has remained among the top 5 lowest unemployment rates in Tennessee throughout 2011.

In residential space, Kingsport home prices were 19th in the country for housing price appreciation through the third quarter of 2011, according to the Federal Housing Finance Agency, while foreclosures continued a five year trend well below regional and national averages, with Kingsport posting a .05 percent foreclosure rate compared to Tennessee's .09 percent rate and the national .18 percent rate.

And, community-wide giving to charitable causes remained strong, with the United Way of Greater Kingsport exceeding its goal by raising \$3.6 million to support 41 programs and United Way initiatives in the community.

Long-term Financial Planning As a part of the City's annual budget process, the BMA re-evaluates the adopted multi-year Capital Improvement Plan (CIP) for utility, general government and school related activities to address needed improvements to existing City facilities, roads and infrastructure. During FY2010, as a result of this review and the availability of the new Build America Bonds program, the City accelerated funding for a number of projects originally planned for future years. During FY2011, the majority of capital spending was related to the projects that were authorized and funded in the previous year. The CIP currently includes plans for several significant projects scheduled over the next few years. These include improvements to the City's Library and Justice Center facilities (\$12M), improvements to local road systems (\$7M), improvements to the Water Treatment Plant (\$19M), and improvements and expansion of the Wastewater System (\$30M). These projects will be funded mostly by the issuance of new debt. Even with this significant amount of new debt, the total outstanding debt is expected to be within the parameters of the adopted debt limits as specified in the BMA's debt management policy.

The City of Kingsport has adopted a comprehensive set of financial policies to guide its operations. One of the primary policies that has given the City the flexibility to address cash flow and emergency needs and to take advantage of significant grant opportunities that have matching requirements, is the adoption of a General Fund Reserve target of \$11,400,000 with a further restriction that the City will not fund any recurring operating expenditures with the use of one-time revenues. Funding for the water and sewer CIP consists of gradual annual rate increases and savings realized from declining annual debt service expenditures. This strategy is utilized to provide an annual funding source for non major capital expenditures and to reserve issuance of new debt obligations for large major capital projects.

Major Initiatives

The City of Kingsport continues a strong focus on Higher Education, moving towards the creation of the Kingsport Higher Education Commission to focus on leasing City-owned higher education building and recruitment of new education programs. Currently, the city-sponsored downtown Academic Village consists of the Center for Higher Education, the Regional Center for Health Professions, the Regional Center for Advanced Manufacturing and the new Pal Barger Center for Automotive Programs, which is set to open early in 2012. These programs are a partnership between the City, State of Tennessee, Northeast State Community College, King College, Lincoln Memorial University and the University of Tennessee.

Kingsport's efforts in Higher Education have been honored by Harvard University, the National League of Cities and the Tennessee Municipal League.

The latest data from the U.S. Census Bureau indicates a 36.6 percent increase in the population with an associate degree and a 34.1 percent jump in population with graduate and higher level degrees from 2005 to 2008. A full 24 percent of the population holds a bachelors degree, graduate degree or higher.

Meanwhile, Kingsport continues to invest in the MeadowView business district, opening a \$16 million expansion of the Conference Center at the Marriott MeadowView Conference, Resort & Convention Center in 2011. The new facility offers 33,000 square feet of unique conference space, board rooms, and a new, divisible, ballroom to add to an already strong wedding book of business. And, a new agreement will add private label wines, a unique wine-themed meeting room and an on-site winery to the facility.

In addition, construction is set to begin early in 2012 on a new 50-meter indoor aquatic center in the MeadowView area, along with an outdoor water park area as well. The facility is designed to meet the community's immediate needs as well as serve as a new tourist attraction for the region. The 50-meter pool is the only such facility within a 120 mile radius. The project is collocated with a YMCA fitness facility.

Also in the tourism arena, Bays Mountain Park and Planetarium attracted more than 200,000 visitors in 2011, a record year for the park, which is the 15th largest municipal park in the country, consisting of more than 3,500 acres.

Downtown redevelopment continued to be a strong focus for the City in 2011. In addition to higher education efforts being located downtown, the Kingsport Board of Education and Kingsport Chamber of Commerce are expected to move into new facilities on the former Quebecor site in 2012.

Meanwhile, Food City opened its newest grocery store, and first downtown location, earlier in 2011 on the Quebecor site, and, on the same property, Mountain Region Family Medicine, a multi-physician practice group, is set to consolidate a number of regional offices into a new medical office building early in 2012. The practice will generate 70,000 trips a year to the downtown area. The book plant site was donated to the City in 2007.

Kingsport continues to operate an aggressive resident recruitment program and website, wwww.MoveToKingsport.com. An analysis by the Buxton Group, a national leader in consumer analytics, finds that in-migrants to Kingsport are generally younger, better-educated, wealthier and more diverse than the average existing resident.

Kingsport also embarked on the first steps in creating a Border Region Retail Tourist District under a new Tennessee law written and initiated by the City. The legislation allows the City to recapture 59 percent of all state sales taxes within a 950 acre special district designed to incent and attract super-regional retailers to Tennessee and the Kingsport market. Kingsport's Retail Tourism District will be located at the intersection of I-26 and I-81, providing new opportunities to expand the tax base and continue diversifying the local economy.

Awards and Acknowledgements

Awards The Government Finance Officers' Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Kingsport for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. This was the eleventh consecutive year that the City of Kingsport has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated July 1, 2010. The annual budget document dated July 1, 2011 has been submitted to the GFOA for review and it is anticipated that it will also receive this award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

Acknowledgment The preparation of this CAFR could not have been accomplished without the efforts and dedication of the staff of the Department of Finance. We would like to express our appreciation to all staff members and other personnel from various departments, agencies, and authorities that assisted in its preparation, especially Comptroller Lisa Winkle for all of the hard work and numerous hours she put in to ensure the timely completion of this report. We would also like to thank the Board of Mayor and Aldermen for their guidance and support.

Respectfully submitted,

John G. Campbell City Manager

James H. Demming City Recorder/CFO

Certificate of Achievement for Excellence in Financial Reporting

Presented to

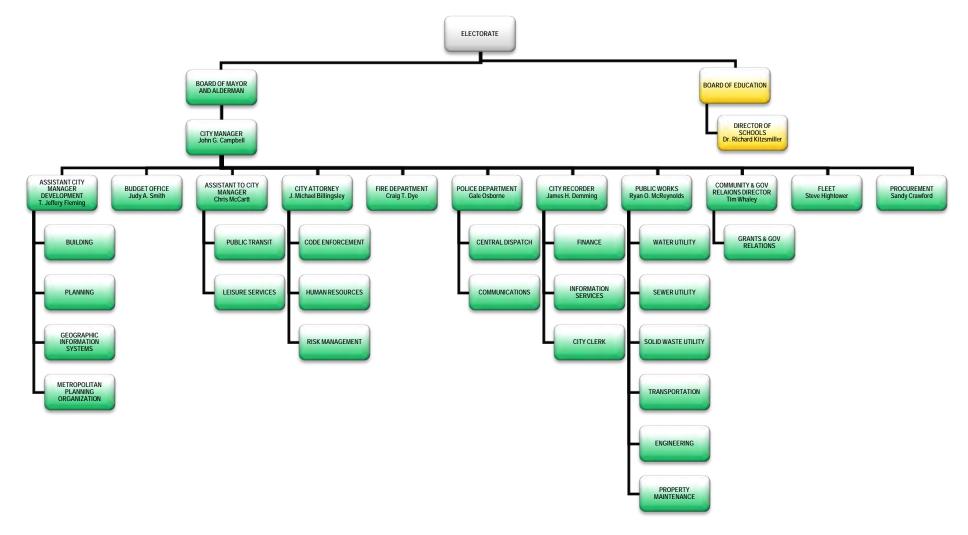

City of Kingsport Tennessee

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

OF THE CHANGE OFFICE AND CANADA CORPORATION SEALL SINGLE OFFICE OFFICE OF THE CHANGE O

HISTORY AND ORGANIZATION

The City of Kingsport was incorporated in 1917 and has been operated under the Council-Manager form of government since that time. The Board of Mayor and Aldermen was expanded from five to seven members through a Charter amendment effective May 15, 1973. On the third Tuesday in May of each odd numbered year three members are elected by the qualified voters of the City for a four-year term and the mayor is elected for a two-year term beginning at the first regular meeting of the Board in July following the election. The Board appoints a City Manager who is responsible for the administration of the City according to the Charter and Ordinances in effect. The City Manager appoints various department heads, officials and employees to operate the City except for the Education Department. The Board of Education, consisting of five members with two or three elected by the qualified voters of the City each odd number year, is responsible for the hiring of a Director of Schools and other personnel, formulating policies and operating the school system within the framework of State statutes and the City Charter and Code.

Pay scales for employees and officials of all departments are approved by the Board of Mayor and Aldermen, and all appropriations of funds are made by the Board.

BASIC FINANCIAL STATEMENTS AND SUPPLEMENTARY INFORMATION WITH INDEPENDENT AUDITORS' REPORT

For the Fiscal Year Ended June 30, 2011

CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS AMERICAN INSTITUTE OF CERTIFED PUBLIC ACCOUNTANTS

CELEBRATING OUR 50TH ANNIVERSARY

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Board of Aldermen City of Kingsport Kingsport, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kingsport, Tennessee (the City), as of and for the fiscal year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Emergency Communications District (the ECD), which represent 21 percent, 26 percent, and 11 percent, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the ECD, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and general purpose school fund for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1.D to the financial statements, the City adopted the provisions of Governmental Accounting Standards Board (GASB), Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in fiscal year 2011.

In accordance with Government Auditing Standards, we have also issued our report dated December 16, 2011, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

Independent Auditors' Report Page 2

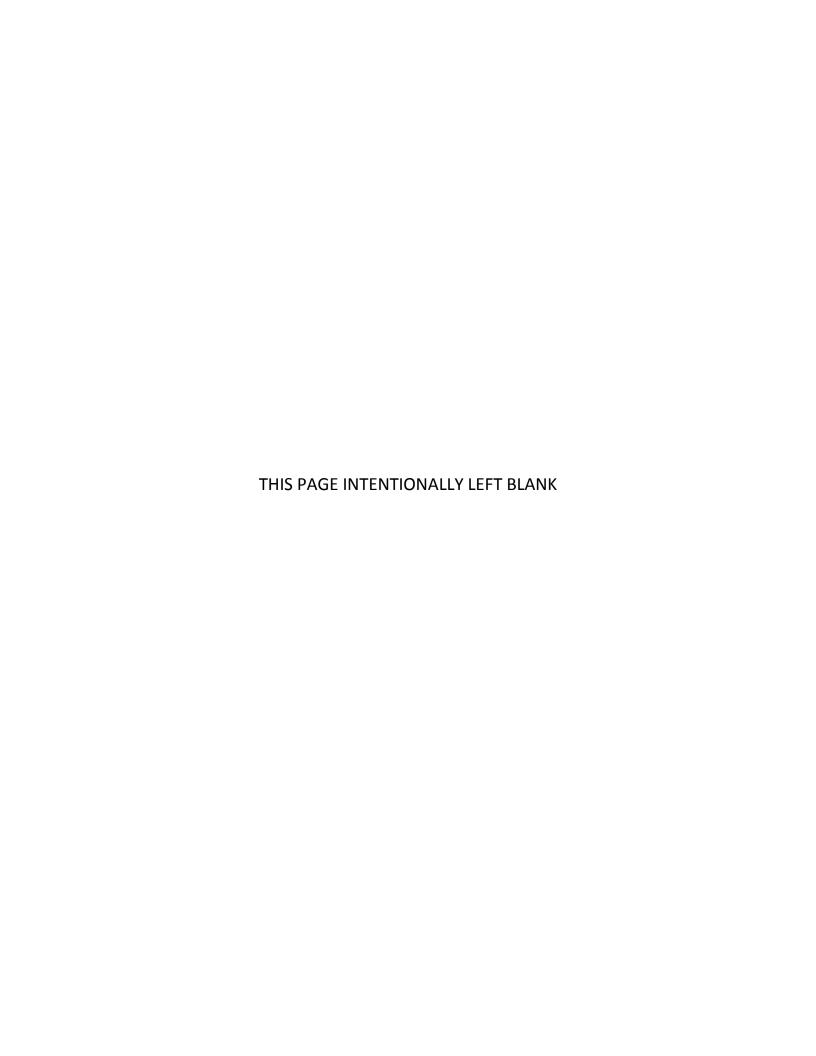

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of funding progress, and budgetary comparison information for the debt service fund on pages 13 through 23, pages 130 through 131, and page 132, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, supplemental information, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the financial statements. The combining and individual fund financial statements and schedules and the supplemental information, including the schedule of expenditures of federal awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the report of other auditors, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

A. MANAGEMENT'S DISCUSSION AND ANALYSIS

(amounts expressed in thousands)

As management of the City of Kingsport (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 through 6 of this report.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$438,294 (net assets). Of this amount, \$26,609 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets decreased by \$6,357. This can be attributed to OPEB, depreciation, and project expenses that did not meet capitalization requirements.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$54,317, a decrease of \$14,722 which is primarily a result of prior year bond proceeds being spent in the City's capital project fund. Approximately 22% of this total fund balance, \$12,099, is unassigned and therefore available for spending at the City's discretion.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$12,099 or approximately 18% of total general fund expenditures including transfers out.
- The City's total gross debt decreased by \$5,832 (3%) during the current fiscal year. The City had no bond issues during the current fiscal year. The \$1,173 governmental activities decrease represents principal payments in excess of new governmental debt. New governmental debt consisted primarily of \$2,000 in draws from a \$5,000 loan from the State of Tennessee for energy improvements to school facilities and \$1,200 proceeds from State School Construction Bonds. The \$4,659 business-type activities decrease represents principal payments in excess of new business type debt. The only new business type debt for the current fiscal year consisted of continuing draws from a Tennessee State Revolving Loan that is being used primarily for improvements to the City's sewer treatment plant facility.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes or earned but unused vacation leave, etc.).

(amounts expressed in thousands)

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes, licenses and permits, and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, highway transportation planning, economic and physical development, culture and recreation, and education. The business-type activities of the City include water, sewer, solid waste, conference center and golf course. The government-wide financial statements can be found on pages 24 and 25 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the city-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-three (23) individual governmental funds. Nineteen (19) of these governmental funds are classified as nonmajor and are summarized under the heading "Other Governmental Funds" in the governmental fund presentation. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general purpose school fund, the capital project fund, the debt service fund and nonmajor governmental funds, all of which are combined into a single, aggregated presentation. Individual fund data for nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements can be found on pages 26-36 of this report.

The City adopts an annual appropriation budget for its general and other major special revenue funds. Budgetary comparison statements have been provided for these funds to demonstrate compliance with this budget.

(amounts expressed in thousands)

Proprietary funds

The City maintains nine (9) different types of proprietary funds, including enterprise and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, solid waste, convention center and golf course activities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for vehicle maintenance and replacement and self-insurance activities. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information of the water, sewer, solid waste, convention center and golf course activities, which are considered to be major funds of the City. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for internal service funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements can be found on pages 37-41 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 42-129 of this report.

Other information

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 132-157 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a City's financial position. In the case of the City, assets exceed liabilities by \$438,294 at the close of the most recent fiscal year.

By far the largest portion of the City's net assets (94%) reflects its investment in capital assets (e.g. land, buildings, equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Kingsport's Net Assets

| | Government | al Activities | Business-Type Activitie | s To | Total | | |
|---|-----------------------|-----------------------|-------------------------|---------------------------------|-----------------------|--|--|
| | 2011 | 2010 | 2011 2010 | 2011 | 2010 | | |
| Current and Other Assets Capital Assets | \$ 131,152 329,180 | \$ 145,860 323,808 | | ,753 \$ 163,017 ,959 577,575 | \$ 193,613 555,767 | | |
| Total Assets | 460,332 | 469,668 | 280,260 279 | ,712 740,592 | 749,380 | | |
| Long-term Liabilities Outstanding Other Liabilities | 138,537 66,121 | 134,528 65,770 | • | ,258 231,475 ,173 70,823 | 231,786 72,943 | | |
| Total Liabilities | 204,658 | 200,298 | 97,640 104 | ,431 302,298 | 304,729 | | |
| Net Assets: Invested in Capital Assets, | | | | | | | |
| net of Related Debt | 246,177 | 262,313 | 163,891 157 | ,978 410,068 | 420,291 | | |
| Restricted | 185 | 185 | 1,432 | 882 1,617 | 1,067 | | |
| Unrestricted | 9,312 | 6,872 | 17,297 16 | ,421 26,609 | 23,293 | | |
| Total Net Assets | \$ 255,674 | \$ 269,370 | \$ 182,620 \$ 175 | ,281 \$ 438,294 | \$ 444,651 | | |

A portion of the City's net assets, \$1,617 (less than 1%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets \$26,609 may be used to meet the government's ongoing obligations to citizens and creditors.

During the current fiscal year, the government's net assets decreased by \$6,357. Net assets for governmental activities decreased by \$13,696 while net assets for business-type activities increased by \$7,339.

The \$13,696 current year decrease in net assets for governmental activities was primarily a result of recording the annual OPEB liability of \$4,973 in accordance with GASB 45, as well as recording of \$12,946 in depreciation expense on general fixed assets in accordance with GASB 34. There was also approximately \$6,999 of project expenses in the current fiscal year that did not meet capitalization requirements. These expenses were somewhat offset by capital asset donations totaling \$6,167.

The primary reason for the increase in net assets in the business-type activities is due to the favorable results of the City's water and sewer utility funds. Water rates increased 2% for customers inside the City limits while customers outside the City remained at the same rates. Sewer rates increased 6% for outside customers while customers inside the City remained at the same rates. These rate increases are part of a continuing rate stabilization plan to provide funding for capital improvements and expansion.

(amounts expressed in thousands)

Governmental Activities

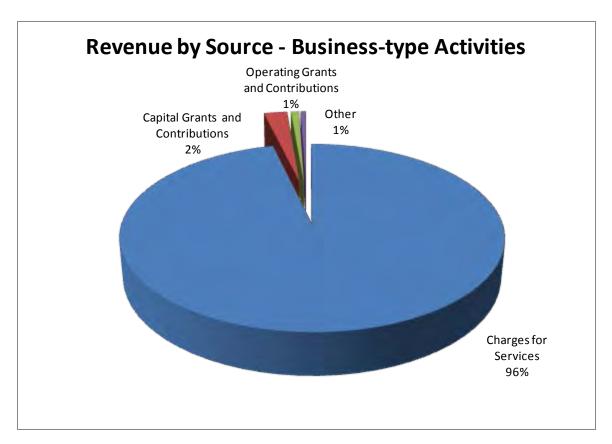

Governmental activities reduced the City's net assets by \$13,696. The City's governmental revenues totaling \$136,799 was more than the prior year by \$9,106.

(amounts expressed in thousands)

Business-type activities

Business-type activities increased the City's net assets by \$7,339. The City's business-type revenues totaling \$27,764 was less than the prior year by \$1,080. This reduction is primarily due to City annexations which result in utility customers being charged at the lower inside utility rates.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Kingsport's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a City's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the City of Kingsport's governmental funds reported combined ending fund balances of \$54,317 a decrease of \$14,722 in comparison with the prior year. Approximately 22% of this total amount, \$12,099, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance consists of \$380 nonspendable primarily attributed to inventories and a perpetual care trust, \$29,899 restricted primarily for capital projects, \$195 committed for specific school projects, and \$11,744 assigned primarily to the City's various governmental funds most significantly for education, capital projects, and debt service.

(amounts expressed in thousands)

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$12,099 while total fund balance was \$13,584. Of the total fund balance \$45 is considered nonspendable while \$1,440 is considered assigned. The majority of the assigned fund balance represents fund balance allocations for fiscal year 2012. As a matter of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out.

Unassigned fund balance represents approximately 18% of total general fund expenditures and transfers out, while total fund balance represents 20% of that same amount. During fiscal year 2011, the fund balance of the City's General Fund decreased by \$1,231. This decrease is less than the fund balance appropriations approved by the City's Board of Mayor and Aldermen totaling \$2,042.

The general purpose school fund has a total fund balance of \$4,170, of which most is assigned. The net increase in fund balance during the current year in the general purpose school fund was \$788.

The capital project fund has a total fund balance of \$31,947. Of this amount, \$29,825 represents unspent bond proceeds restricted for capital projects. The remainder of \$2,122 is assigned to the capital project fund. The net decrease in this fund balance of \$12,773 was primarily due to the spending in the current fiscal year of bond proceeds received during the prior fiscal year.

The debt service fund has a total fund balance of \$169. This represents a decrease of \$326 as compared to the previous fiscal year. This decrease is primarily a result of budgeted use of prior year's investment earnings to fund current year's interest expense. In addition, the fund experienced a decrease in investment earnings on bond proceeds. Debt service expenditures (principal and interest) totaled \$10,201 for fiscal year 2011. This was \$2,302 more than the debt service expenditures paid in fiscal year 2010. This increase is primarily attributed to debt service payments for General Obligation Bonds Series 2009A, 2009B, 2009D, and 2009E that were issued during fiscal years 2009 and 2010.

Nonmajor (other) governmental funds have a fund balance of \$4,446. The net decrease in fund balance during the current year in nonmajor governmental funds was \$1,349. This decrease is primarily due to the completion of various projects during the year that had been pre-funded in prior years.

Proprietary funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the water and sewer funds at the end of the fiscal year amounted to \$9,243 and \$9,371 respectively. Other factors concerning the financial position of these funds have already been addressed in the discussion of the City's business-type activities.

CITY OF KINGSPORT, TENNESSEE MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Fiscal Year Ended June 30, 2011 (amounts expressed in thousands)

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget represent a \$292 increase and are detailed as follows:

| \$ (1,372) | Reduce appropriations fund-wide in accordance with available revenues |
|---------------|---|
| 725 | Appropriate interfund loan for purchase of new voice over internet phone system |
| 700 | Appropriate revenue from sale of land to transfer to capital projects |
| 100 | Appropriate fund balance for school central office project |
| 82 | Appropriate animal shelter revenue to cover related expenditures |
| 53 | Provide funding for prior year encumbrances |
| 4_ | Other miscellaneous |
| | |
| \$ 292 | |

The decrease in appropriations was primarily related to the recognition of expected shortfalls in various local and state shared revenue sources. These included approximately \$225 in building permits; \$232 in investment earnings; \$332 in local property taxes; and \$517 in state shared revenues.

Capital Asset and Debt Administration

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2011, amounts to \$577,575 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, equipment, infrastructure and construction in progress.

Major capital asset events during the current fiscal year included the following:

- The most significant business-type construction projects during fiscal year 2011 were continuing renovations and improvements at the sewer treatment plant and the building expansion project at MeadowView Conference Center. Business-type construction in progress at the close of the fiscal year was \$71,593.
- Construction continued and/or began on a variety of general governmental facilities including the V. O. Dobbins Building renovation, Riverview Community Center and various road improvement projects. The Aquatics Center project with an estimated cost of \$15,000 continued in the design phase during FY2011. The construction contract for the Aquatic Center has been awarded subsequent to year end and construction will begin in FY2012. In addition a new parking garage project with an estimated cost of \$4,600 was started and substantially completed during FY2011.

(amounts expressed in thousands)

Additional information on the City's capital assets can be found in Note 4.C on pages 64-68 of this report.

| Loans from Other Governments | 7,568 | 3,967 | 24,288 | 22,190 | 31,856 | 26,157 | |
| Total Long-term Debt | \$ 115,969 | \$ 117,142 | \$ 90,661 | \$ 95,320 | \$ 206,630 | \$ 212,462 | |

During the current fiscal year, the City's total gross debt decreased by \$5,832 (3%). The \$1,173 governmental activities decrease is a result of principal payments exceeding new debt. New governmental debt consisted primarily of state loans for education projects. The \$4,659 business-type activities decrease was also a result of principal payments exceeding new debt. New business-type debt for FY2011 consisted of continuing draws from Tennessee State Revolving Loans being used primarily for improvements to the City's sewer treatment plant. The City currently has a rating of AA- from Standard & Poor's Rating Services and a rating of Aa2 from Moody's Investors Service. Both ratings were reaffirmed in November 2011 in conjunction with a December 2011 bond sale.

(amounts expressed in thousands)

The City is subject to debt limitations imposed by its Charter. The total bonded indebtedness (excluding general obligation debt supported by utility operations and assessments) shall not exceed 20% of the assessed taxable value of property within the City. The current outstanding general obligation debt is less than the City's debt limitation.

Subsequent to year end, the City issued General Obligation improvement Bonds Series 2011 totaling \$16,140. Of this total \$11,300 will be used for general improvement projects, \$4,035 will be used for sewer improvement projects and \$805 will be used for water improvement projects.

Additional information on the City's long-term debt can be found in Note 4.E on pages 71-113 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for the municipal service area is currently 7.6%, which is a decrease of 1.2% from a year ago. This compares to the state's average unemployment rate of 9.6%.
- Inflationary trends in the region are comparable to national indices.
- 531 building permits with an estimated value of \$65,621 were issued during this fiscal year, compared to 581 building permits with an estimated value of \$56,285 for the previous year.

Short term interest rates on investments for the City's operating funds decreased to approximately 0.14% in fiscal year 2011 as the federal funds target rate continued to be held to approximately .25% by the Federal Reserve Board. The City has been able to obtain 0.47% to 0.57% rates with one year commitments.

All of these factors were considered in preparing the City's budget for the 2012 fiscal year.

During the current fiscal year, unassigned fund balance in the general fund decreased to \$12,099. The City has assigned fund balance of \$1,420 to cover fiscal year 2012 budgeted allocations as well as encumbrances remaining from FY2011.

Water rates were not increased for the 2012 budget year. However sewer rates increased 5% for outside customers while customers inside the City remained at the same rates.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in such. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Kingsport, Finance Department Director, 225 West Center Street, Kingsport, TN 37660.

CITY OF KINGSPORT, TENNESSEE RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30, 2011

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balance of Governmental Funds

\$ (14,889,613)

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays in the current period exceeded depreciation of general fixed assets.

7.273.792

The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is a decrease to net assets.

(1,422,671)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

14,068

Internal service funds are used by management to charge the costs of fleet maintenance, liability insurance, employee health insurance, and retiree health insurance to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.

(1,014,934)

Some items reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported in governmental funds:

Decrease in OPEB Liability

Decrease in Accrued Interest

61,404

(4,973,055) 201,729

The issuance of long term debt (e.g. bonds) provide current financial resources to governmental funds, while the repayment of the principal of long term debt consumes financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long term debt and related items.

885,916

Change in Net Assets of Governmental Activities

\$ (13,863,364)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City of Kingsport, Tennessee (the City) was incorporated in 1917 and operates under a Council-Manager form of government. The City is an industrial community in the foothills of the Appalachian Mountains. Along with two other comparably-sized cities within a 20-mile radius, the City is part of a 12 county area in northeast Tennessee and southwest Virginia known as the Tri-Cities Tennessee/Virginia region.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance. The Governmental Accounting and Financial Reporting Standards, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below.

A. Reporting entity

Primary Government

The City is a Tennessee municipal corporation governed by an elected mayor, Board of Mayor and Aldermen (BMA), appointed vice mayor, and six aldermen. The accompanying financial statements present the City (primary government) and its component units, entities for which the City is considered to be financially accountable. The City is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on the organization or (2) there is a potential for the entity to provide specific financial benefit to or impose specific financial burden on the City. Additionally, the primary government is required to consider other entities for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The financial statements are formatted to allow the user to clearly distinguish between the primary government and its component units. Discretely presented component units are reported in separate columns in the government-wide financial statements (see note below for description) to emphasize that those entities are legally separate from the City.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

A. Reporting entity (continued)

Discretely Presented Component Units

Proprietary Fund Type

The Industrial Development Board of the City of Kingsport, Tennessee (IDBK) – The IDBK was incorporated on February 11, 1986, under the provisions of the State of Tennessee constitution and general statutes. The purpose of the IDBK is to finance, acquire, own, lease, and/or dispose of properties to maintain and increase employment opportunities in the City. The IDBK consists of nine members, all of whom are appointed by the City's BMA. Due to the close relationship between the City and the IDBK, it seems likely the City could impose their will on the IDBK, and therefore IDBK is considered a component unit of the City of Kingsport. Separately issued financial statements of the IDBK are not available.

Emergency Communications District of the City of Kingsport, Tennessee (ECD) – The ECD was created by referendum on January 11, 1994, the results of which were certified on January 20, 1994. The purpose of the ECD is to oversee the operations of the 911 emergency telephone service. Their Board consists of nine members, all of whom are appointed by the City's BMA. Due to the close relationship between the City and the ECD, it seems likely the City could impose their will on the ECD, and therefore ECD is considered a component unit of the City of Kingsport. Separately issued financial statements may be requested from the ECD administrative offices.

Emergency Communications District of the City of Kingsport 200 Shelby Street
Kingsport, Tennessee 37660

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are various charges between the City's water and sewer functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

B. Government-wide and fund financial statements (continued)

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for local revenues, 120 days for state-shared revenues, and 365 days for grant revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In general, taxes, licenses, federal and state grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for and reported in another fund. The primary financial resources reported in the general fund are, local property taxes, local option sales taxes, and state shared revenues.

The general purpose school fund is used to account for and report transactions of the City School System. The major sources of funding are state-shared revenues, local property taxes, and local option sales taxes.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets related to the general operation of the City (excluding types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments).

The *debt service fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on long-term general obligation debt other than that payable from enterprise funds.

The City reports the following nonmajor governmental funds:

The school nutrition services fund is a special revenue fund used to account for and report federal and state financial resources, as well as user fees for the specific activities associated with the operation of the City School System cafeterias.

The *special school projects fund* is a special revenue fund used to account for and report financial resources derived from federal and state grants related to school projects.

The *public law 93-380 fund* is a special revenue fund used to account for and report restricted federal financial resources, specific to academic programs associated with federal grant entitlements.

The *Palmer Center fund* is a special revenue fund used to account for and report a contribution from the heirs of the late Mary L. Robinson estate, for the support of educational and other services provided to physically challenged children, by the Palmer Center.

The *special revenue general projects fund* is a special revenue fund used to account for and report federal and state grants matched with local revenues to fund general government programs or non-capital improvement projects.

The *community development fund* is a special revenue fund used to account for and report activities funded by community block grant entitlements from the United States Department of Housing and Urban Development.

The federal transit administration fund is a special revenue fund used to account for and report activities funded by federal and state grants for support of local government transportation programs.

The state street aid fund is a special revenue fund used to account for and report activities funded by state gasoline taxes.

The *drug fund* is a special revenue fund used to account for and report financial resources primarily derived from fines and forfeitures and used to support the City's police department drug investigations and enforcement programs.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The *criminal forfeiture fund* is a special revenue fund used to account for and report activities related to seized property and money with the exception of those related to drug activities. In addition, this fund accounts for funds received from the United States Department of Justice under the Equitable Sharing of Federally Forfeited Property program.

The regional sales tax revenue fund is a special revenue fund used to account for and report the proceeds from a \$.0025 (1/4 ¢) local option sales tax previously approved by local referendum. These funds are used for the retirement of debt issued to fund construction of the MeadowView Conference Resort and Convention Center and to support the operations of the complex including the Cattails Golf Course and future Aquatics Center.

The *public library commission fund* is a special revenue fund used to account for and report contributions from patrons, civic organizations, private corporations, and other supporters of the Kingsport Public Library.

The Bays Mountain Park fund is a special revenue fund used to account for and report contributions from individuals, civic organizations and private corporations for the support and continued development of the Bays Mountain Park.

The Steadman cemetery fund is a special revenue fund used to account for and report a contribution from the heirs of Bonnie M. Steadman to provide for the maintenance of the Steadman family cemetery.

The senior citizens advisory board fund is a special revenue fund used to account for and report financial resources derived from various programs and events conducted by participating senior citizens and contributions from individuals, civic organizations and private corporations.

The *metropolitan planning office fund* is a special revenue fund used to account for and report grant funds received from the federal highway administration, federal transit administration, and State of Tennessee for support of local MPO programs.

The *justice assistance grant fund* is a special revenue fund used to account for and report direct federal grant funds received from the Edward Byrne Memorial Justice Assistance Grant Program. These funds are restricted for certain law enforcement programs.

The *visitors enhancement fund* is a special revenue fund used to account for and report 25% of the hotel and motel taxes collected in Kingsport from hotel and motel room rentals. This revenue is used to fund special visitor enhancement projects.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The City reports the following major proprietary funds:

The water fund accounts for the activities of the City's production, storage and transportation of potable water.

The sewer fund accounts for the activities of the City's collection, transportation, treatment and disposal of wastewater.

The solid waste management fund accounts for the activities of the City's collection of residential garbage refuse collection, recycling, and demolition landfill activities.

The MeadowView Conference Resort and Convention Center fund accounts for the activities of the City's outsourced operation (through Marriott) of the convention center.

The Cattails at MeadowView Golf Course fund accounts for the activities of the City's outsourced operation (through Marriott Golf) of the 18-hole championship golf course.

Additionally, the City reports the following fund types:

Internal service funds account for risk management, self-insured health insurance, retiree's health insurance and fleet maintenance services provided to other departments or agencies of the government on a cost reimbursement basis.

The Allandale Trust fund is a permanent fund used to account for and report restricted, nonexpendable assets left to the City by the late Harvey Brooks, consisting of his home (Allandale Mansion) and other tangible and intangible assets.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all of the City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. The water and sewer funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the systems. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Measurement focus, basis of accounting, and financial statement presentation (continued)

Internal service funds of a government (which traditionally provide services primarily to other funds of the government) are presented, in summary form, as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the government-wide level. The costs of these services are allocated to the appropriate functional activity (police, fire, public works, etc.).

D. Assets, liabilities and net assets or equity

1. Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes impose various restrictions on the City's, IDBK's, and ECD's deposits and investments, including repurchase agreements. These restrictions are summarized as follows:

DEPOSITS - All deposits with financial institutions must be collateralized in an amount equal to 105% of the market value of uninsured deposits.

INVESTMENTS - State statutes authorize the City to invest in treasury bonds, notes or bills of the United States of America; nonconvertible debt securities of the Federal Home Loan Bank, the Federal National Mortgage Association, the Federal Farm Credit Bank and the State Loan Marketing Association; other obligations not listed above which are guaranteed as to principal and interest by the United States of America or any of its agencies; Certificates of Deposit and other evidences of deposit at State and Federal chartered banks and Savings and Loan Associations; obligations of the United States of America or its agencies under a repurchase agreement and money market funds whose portfolios consist of any of the foregoing investments if approved by the State Director of Local Finance and made in accordance with procedures established by the State Funding Board; the State of Tennessee Local Government Investment Pool (LGIP); obligations of the Public Housing Authority and bonds of the Tennessee Valley Authority.

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. In general, cash overdrafts are reflected in the financial statements as due to other funds. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the City's investments.

Investments for the City, as well as for its component units, are reported at fair value based on quoted market prices.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

D. Assets, liabilities and net assets or equity (continued)

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds". All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The property tax receivable and trade receivables allowance accounts are based on prior years' collection experience.

All property values are assessed on January 1 of each year. Property taxes receivable are recorded at this lien date. All real and personal property taxes are due and payable on the levy date of November 1 of each year, at which time the receivable is recognized as revenue. All unpaid property taxes become delinquent on December 1 (30 days from date of levy). A penalty of 2% is imposed on unpaid property taxes as of December 1. A penalty of 2% is imposed for the next month and an additional penalty of 1% is imposed for each month thereafter until paid, or the property is sold as authorized by law.

3. Inventories and prepaid items

All inventories are valued at cost, utilizing the weighted average method of valuation. Inventories of governmental and proprietary funds are recorded as expenditures or expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted assets

Certain cash and investment balances of the City are classified as restricted assets at the government-wide and fund level because they are maintained in separate accounts and their use is limited by certain agreements and contracts with third parties. Restricted cash includes sinking fund accounts established to meet the requirements of certain bonds issues, escrow for construction contractors established to fund retainages of outstanding construction projects upon their completion, and working capital for outsourced operations of City facilities. Restricted investments include borrowed funds obligated for construction projects that have not been completed at the end of the fiscal year.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

D. Assets, liabilities and net assets or equity (continued)

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years for property, plant and equipment and assets with an initial, individual cost of more than \$100,000 for infrastructure. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Debt service interest for business-type activities totaled \$3,282,516, with \$967,176 being expensed and \$2,315,340 being capitalized related to capital assets under construction as detailed in the respective funds as follows:

| | | | | | | | Me | adowview | | | | |
|-----------------------|----|-----------|----|-----------|----|-----------|----|-----------|-----|-----------|-----|------------|
| | | | | | | | Co | onference | Ca | ttails at | | Total |

| | | | | | Ма | nagement | Co | onvention | Gol | f Course | | Type |
| | W | ater Fund | Se | wer Fund | | Fund | Ce | nter Fund | | Fund | P | Activities |
| | | | | | | | | | | | | |
| Interest Expensed | \$ | 292,956 | \$ | 550,503 | \$ | 9,673 | \$ | 104,957 | \$ | 9,087 | \$ | 967,176 |
| | | | | | | | | | | | | |
| Capitalized Interest | | 396,912 | | 1,368,460 | | 17,442 | | 532,526 | | 0 | | 2,315,340 |
| | | | | | | | | | | | | |
| Debt Service Interest | \$ | 689,868 | \$ | 1,918,963 | \$ | 27,115 | \$ | 637,483 | \$ | 9,087 | \$3 | 3,282,516 |

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|---|--------------|
| Roads and bridges | 50 |
| Utility lines | 45 |
| Buildings and building improvements | 30 |
| Landfill improvements | 25 |
| Golf course improvements | 15 |
| Machinery, equipment and heavy vehicles | 10 |
| Automobiles | 5 |

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

D. Assets, liabilities and net assets or equity (continued)

6. Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation days and sick leave benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when employees separate from service with the City. However, it is the City's policy to apply the accumulated sick leave toward years for retirement. All vacation pay is accrued when incurred in the government-wide, internal service and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

It is also the City's policy to permit employees from certain departments of the City to accumulate earned but unused compensation time (comp time) for excess hours worked in lieu of overtime payments. The unpaid balance of reimbursable unused comp time is accrued when incurred in the government-wide, internal service and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Because of the City's policy limits on the amount of accumulated compensated absences an employee can carry forward and the fact that this benefit is available to be taken as soon as it is earned, the entire outstanding balance is considered a current liability and recorded as compensated absences payable on the statement of net assets rather than as long-term debt. Compensated absences accrued in proprietary or internal service funds are liquidated from the individual fund where they are accrued. Compensated absences accrued on the statement of net assets as governmental activities will primarily be liquidated from the general fund.

Changes in compensated absences for the fiscal year ending June 30, 2011 are as follows:

| Compensated Absences, Beginning of Year | \$ 3,603,589 |
|---|-----------------|
| Compensated Absences Earned in FY2011 | 3,240,195 |
| Compensated Absences Used in FY2011 | (3,301,276) |
| | |
| Compensated Absences, End of Year | \$ 3,542,508 |

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

D. Assets, liabilities and net assets or equity (continued)

7. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method.

Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Fund equity

Effective July 1, 2010, the City adopted the provisions of Governmental Accounting Standards Board, Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Governmental fund equity is classified as fund balance. As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance for governmental funds can consist of the following:

<u>Nonspendable Fund Balance</u> – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash (for example: inventories, prepaid amounts, and long-term notes receivable).

<u>Restricted Fund Balance</u> – includes amounts that are (a) externally restricted by creditors, grantors, contributors, or laws or regulations of other governments, or (b) restricted by law through constitutional provisions or enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

<u>Committed Fund Balance</u> – includes amounts that can only be used for the specific purposes determined by a formal action of the City's highest level of decision making authority, the Board of Mayor and Aldermen. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally (for example: resolution and ordinance).

<u>Assigned Fund Balance</u> – includes amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by the (a) City's Board of Mayor and Aldermen, or (b) a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. Assigned amounts also include all residual amounts in governmental funds (except negative amounts) that are not classified as nonspendable, restricted, or committed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

D. Assets, liabilities and net assets or equity (continued)

<u>Unassigned Fund Balance</u> – is a residual classification for the general fund and includes all spendable amounts not contained in the other classifications. It is also used for any negative fund balances in other funds.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

In all cases, encumbrance amounts have been assigned for specific purposes for which resources already have been allocated.

9. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net assets - governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that "capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds." The details of this \$322,552,344 difference are as follows:

| Governmental funds capital assets | \$ 516,674,529 |
|-----------------------------------|----------------|
| Less: accumulated depreciation | (194,122,185) |
| | |

Net adjustment to increase fund balances - total governmental funds to arrive at net assets - governmental activities \$ 322,552,344

Another element of that reconciliation explains that "other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds." The details of this \$1,506,091 difference are as follows:

| Deferred bond issuance costs | \$ 2,014,363 |
|---|-----------------|
| Less: accumulated amortization | (508, 272) |
| | <u>-</u> |
| Net adjustment to increase fund balances – total governmental funds | |
| to arrive at net assets – governmental activities | \$ 1,506,091 |

Another element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds." The details of this \$(143,003,283) difference are as follows:

| Bonds payable, net of deferred refunding, premiums, and discounts | \$(107,563,297) |
|---|-----------------|
| Notes payable | (7,567,620) |
| Interlocal cooperative agreements | (1,720,000) |
| Capital outlay notes payable | (1,228,000) |
| Compensated absences | (2,899,712) |
| OPEB liability | (20,457,743) |
| Accrued interest payable | (1,566,911) |
| | |

Net adjustment to reduce fund balances - total governmental funds to arrive at net assets - governmental activities \$(143,003,283)

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED):

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays in the current period exceeded depreciation of general fixed assets." The details of this \$7,273,792 difference are as follows:

| Capital outlays Depreciation expense | \$ 20,219,807 (12,946,015) |
|--|-------------------------------|
| Net adjustment to increase net changes in fund balances – total governmental funds to arrive at changes in net assets of governmental activities | \$ 7,273,792 |

Another element of that reconciliation states that "The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins and donations) is a decrease to net assets." The details of this (\$1,422.671) difference are as follows:

| Capital asset donations reported in statement of activities Capital asset roads annexed reported in statement of activities Capital project expenditures not meeting | \$ 6,166,800 1,755,970 |
|--|--------------------------------|
| capitalization requirements Asset disposals | (6,998,327) (2,347,114) |
| Net adjustment to reduce net changes in fund balances – total governmental funds to arrive at changes in net assets of governmental activities | \$ (1.422.671) |

Another element of that reconciliation states that "revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds." The details of this \$14,068 difference are as follows:

| Deferred property taxes as of June 30, 2011 | \$ 1,378,570 |
|---|-----------------|
| Prior years' property taxes collected during current year | (1,364,502) |
| | _ |
| Net adjustment to increase net changes in fund balances – | |
| total governmental funds to arrive at changes in net | |
| assets of governmental activities | \$ 14,068 |

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED):

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities (continued)

Another element of that reconciliation states that "the net revenue of certain activities of internal service funds is reported with governmental activities." The details of this \$(1,014,934) difference are as follows:

| Investment earnings Gain on disposal of capital assets | \$ 135,956 25,769 |
|--|-------------------------|
| Operating loss | (588,218) |
| Transfers In | 91,559 |
| Transfers Out | (680,000) |
| Net adjustment to decrease net changes in fund balances – total governmental funds to arrive at changes in net assets of governmental activities | \$ (1,014,934) |

Another element of that reconciliation states that "the issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items." The details of this \$885,916 difference are as follows:

| Principal payments | \$ | 5,271,066 |
|--|-----------|-------------|
| Interlocal cooperative agreement payments | | 500,000 |
| New interlocal agreement | | (720,000) |
| Issuance of general obligation bonds and notes payable | | (4,097,044) |
| Amortization of premiums, discounts and refunding costs | | 10,322 |
| Bond issue costs | | 20,479 |
| Amortization of deferred bond issue costs | _ | (98,907) |
| Net adjustment to increase net changes in fund balances – total governmental | | |
| funds to arrive at changes in net assets of governmental activities | <u>\$</u> | 885,916 |

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED):

C. Fund Balance Classification

As provided for in GASB Statement No. 54, governmental fund balances by classification, as of June 30, 2011 are as follows:

| | Major Governmental Funds | | | | | |
|---|--------------------------|-----------------|--------------|------------------|--------------------|--------------------|
| | | | | | Other | Total |
| Ford Belowers | General | General Purpose | Debt Service | Capital Projects | Governmental | Governmental |
| Fund Balances: Nonspendable: | Fund | Schools Fund | Fund | Fund | Funds | Funds |
| Inventory | \$ 2,901 | \$ 9,462 | \$ 0 | \$ 0 | \$ 148,066 | \$ 160,429 |
| Prepaids | 41,670 | 1,370 | 0 | • 0 | ş 140,000 0 | 43,040 |
| Allandale Trust Principal | 41,670 | 1,370 | 0 | 0 | 152,691 | 152,691 |
| Allandale Long Term Interest Receivable | 0 | 0 | 0 | 0 | 23.769 | 23.769 |
| Total Nonspendable | 44,571 | 10,832 | 0 | 0 | 324,526 | 379,929 |
| Restricted for: | | | | | | |

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED):

D. Change in beginning fund balance

Restatement

With the implementation of GASB No. 54, Fund Balance Reporting and Government Fund Type Definitions, it was determined a restatement of beginning fund balance was necessary. The restrictions on the specified revenue stream consisting of property tax received from the annexation of the Long Island area owned by Eastman, Inc., for the special revenue fund, Eastman Annexation Tax Fund, had expired. Without a dedicated revenue source, the fund did not comply with GASB No. 54. Therefore, the assets of this fund were closed into the General Fund.

The following discloses the restatement of governmental fund balances as of the beginning of the fiscal year:

| | General Fund | Other Governmental Funds | |
|---|----------------------------|--------------------------|-----------------------|
| Fund Balances, July 1, 2010, as previously stated: Increase (decrease) due to reclassification of special revenue fund | \$ 14,729,151 86,162 | \$ | 5,713,566 (86,162) |
| Fund Balances, July 1, 2010, as restated | \$ 14,815,313 | \$ | 5,627,404 |

3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

A. Budgetary Information

Annual budgets are adopted on a basis consistent with GAAP for all governmental funds except the capital projects fund and certain special revenue funds associated with grant awards, which are adopted on a project-by-project basis and normally span a multi-year period.

The City Manager is required by charter to present to the BMA a preliminary budget for the upcoming fiscal year by May 15th. The preliminary budget is compiled from revenue and expense projections as well as requests submitted by each department. The BMA must pass the preliminary budget on two readings before it is adopted and becomes the approved spending plan for the City.

The City Manager has the authority to transfer the unused portion of any item or appropriation within the same department, between departments in any given fund, and across departments and/or funds for fleet, risk management and health insurance. The City Manager also has the authority to transfer funds from the vehicle repair and maintenance account of one department to the vehicle repair and maintenance account of another department. Any revisions that alter the total expenditures of any fund must be approved by the BMA. Expenditures may not exceed appropriations at the fund level. Supplemental appropriations may be authorized by the BMA through the adoption of appropriate ordinances during the fiscal year.

Formal budgetary accounting is employed as a management control for all funds of the City. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance and amended as required for the general fund, general purpose school fund, certain special revenue funds (criminal forfeiture, drug, state street aid, regional sales tax revenue, visitors enhancement, Steadman cemetery, public library commission, Bays Mountain Park, senior citizens advisory board, school nutrition services, and Palmer Center), debt service fund, proprietary funds and the permanent fund. Budgets for the remaining special revenue funds and capital projects funds are made on a project basis, spanning more than one fiscal year. Budgetary control is exercised at the departmental level or by project.

Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as Assigned Fund Balance and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Excess of expenditures over appropriations

For the fiscal year ended June 30, 2011, there were no instances of expenditures exceeding appropriations in any funds.

C. Deficit fund equity

For the fiscal year ended June 30 2011, there were no instances of deficit fund equity in any funds.

4. DETAILED NOTES ON ALL FUNDS:

A. Deposits and investments

Cash deposits on the statement of net assets include demand deposits, certificates of deposit, savings accounts, cash on deposit with the State of Tennessee and cash deposited in escrow accounts.

Custodial Credit Rate Risk

Deposits

The policy for custodial credit rate risk on deposits is to follow state guidelines.

At year end, the City's carrying amount of deposits was \$85,186,317 and the bank balance was \$87,199,317. Of the bank balance, \$1,250,000 was covered by federal depository insurance with the remaining balance of \$85,949,317 being collateralized with the State of Tennessee Bank Collateral Pool with securities held by the pledging financial institution's trust department or agent in the City's name.

The carrying amount of deposits for the IDBK, a discretely presented component unit, was \$376,786 and the bank balance was \$592,875. The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) was signed into law, as effective December 31, 2010 through December 31, 2012, to provide separate and unlimited deposit insurance coverage for non-interest bearing transaction accounts. This coverage is in addition to the permanent \$250,000 federal deposit insurance coverage (FDIC) in effect. Therefore, of the bank balance, \$367,397 was covered by the Dodd-Frank Act, with the remaining balance of \$225,478 being covered by FDIC. In addition, \$592,864 was collateralized with the State of Tennessee Bank Collateral Pool with securities held by the pledging financial institution's trust department or agent in the IDBK's name.

The carrying amount of deposits for the ECD, also a discretely presented component unit, was \$2,271,274 and the bank balance was \$2,339,150. The ECD's entire bank balance was either insured by the federal depository insurance corporation (FDIC), or collateralized through the State of Tennessee Bank Collateral Pool with securities held by the pledging financial institution's trust department of agent in the ECD's name.

Investments

The City's investment policy is to ensure the preservation of capital in the overall investment portfolio. The City will emphasize the safety of capital first, maintain sufficient liquidity to meet obligations second, and gain the highest possible yield third.

The City's investments generally include long-term certificates of deposit placed at local banks or money market deposits with the State of Tennessee Local Government Investment Pool (LGIP).

Specifically, the LGIP was established under Tennessee Code Annotated Title 9, Chapter 4, Part 7. This investment pool is established for the use of idle funds of local governments located within the State of Tennessee. These funds are placed by the participating entity into accounts that are held and invested by the State Treasurer. The LGIP invest in time deposits, such as certificates of deposit, commercial paper, United States of America agency securities, repurchase agreements, and United States of America treasuries. By law, the LGIP is required to maintain a 90-day or less weighted-average-maturity. The fair value of shares held in the LGIP is the same as the value of the LGIP shares. The TN LGIP has not been rated by a nationally recognized statistical rating organization.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

A. Deposits and investments (continued)

At year end, the City's carrying amount for investments are as follows:

| Investment Type | F | air Value | Weighted Average Maturity (in Years) |
|---|----|-----------|---|
| Certificate of Deposit Tennessee Local Government | \$ | 2,426,509 | 1.04 |
| Investment Pool | | 4,868,177 | 0.30 |
| Total | \$ | 7,294,686 | |

The City does not have a policy for determining which investments will be recorded at amortized cost. No investments are recorded at amortized cost at June 30, 2011.

Concentration of Credit Risk

The City's investment policy does not allow for an investment in any issuer that is in excess of five percent of the City's total investments.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

B. Receivables

Receivables as of June 30, 2011 for the City's individual major funds, nonmajor funds, and internal service funds in the aggregate, and for the component units in total, including the applicable allowances for uncollectible accounts, are as follows:

| | | | | | | | Meadow View | | | | | | |
|-----------------------|--------------|--------------|------------|-------------|-------------|------------|-------------|-------------|------------|-------------|---------------|-----|---------|
| | | | | | | | Conference | Cattails at | | NonMajor | | | |
| | | General | | | | Solid | Resort and | Meadow View | | and | Total | | |

| | | | | | | | | | | | | | |
| Gross receivables | 40,405,409 | 17,776,677 | 231,195 | 1,839,264 | 4,100,249 | 102,582 | 53,931 | 35,958 | 709,045 | 2,690,941 | 67,945,251 | | 72,047 |
| | | | | | | | | | | | | | |
| Less: Allow ances for | | | | | | | | | | | | | |
| uncollectibles | (1,144,019) | (44,223) | 0 | (69,098) | (266,040) | (24,195) | 0 | 0 | 0 | 0 | (1,547,575) | | 0 |
| | | • | | • | • | , | | • | | • | | | |
| Net total receivables | \$39,261,390 | \$17,732,454 | \$ 231,195 | \$1,770,166 | \$3,834,209 | \$ 78,387 | \$ 53,931 | \$ 35,958 | \$ 709,045 | \$2,690,941 | \$ 66,397,676 | \$ | 72,047 |
| | | | | | | | | - | | | | | |

Revenues of the general, general purpose school, water, sewer and solid waste management funds are reported net of uncollectible amounts. Total uncollectible amounts related to revenues of the current period are as follows:

| Uncollectibles related to property taxes | \$ 81,924 |
|---|------------|
| Uncollectibles related to general activities | 118,001 |
| Uncollectibles related to school activities | (1,500) |
| Uncollectibles related to water sales | (4,147) |
| Uncollectibles related to sewer charges | 13,104 |
| Uncollectibles related to solid waste charges | 2,085 |
| Total uncollectibles of the current fiscal year | \$ 209,467 |

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

B. Receivables (continued)

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred revenue* and *unearned revenue* reported in the governmental funds were as follows:

| | | navailable | - | Unearned | | | |
|---|----|------------|---|----------|------------|--|--|
| Property taxes receivable (general fund) | \$ | 0 | | \$ | 32,143,803 | | |
| Delinquent property taxes receivable (general fund) | | 1,378,570 | | | 0 | | |
| Other taxes receivable (general fund) | | 0 | | | 275,000 | | |
| Property taxes receivable (general purpose school fund) | | 0 | | | 14,710,000 | | |
| Service fees not yet earned (general purpose school fund) | | 0 | | | 8,635 | | |
| Receipts for meals not yet served (school nutrition services) | | 0 | | | 38,207 | | |
| Grant drawdowns (special school project fund) | | 0 | | | 21,500 | | |
| Grant drawdowns (public law 93-380 fund) | | 0 | | | 6,770 | | |
| Grant drawdowns (justice assistance grant fund) | | 0 | | | 2,508 | | |
| Grant drawdowns (special revenue general project fund) | | 0 | | | 12,000 | | |
| Grant drawdowns (capital project fund) | | 0 | - | | 50,061 | | |
| Total deferred / unearned revenue for governmental funds | \$ | 1,378,570 | - | \$ | 47,268,484 | | |

Property taxes which are delinquent at year end are earned but not available. The tax year 2011 property taxes are unearned and unavailable, but are recorded as receivable on the lien date, as described in Note 1. Unearned revenue is considered a liability in the government wide statement of net assets. However deferred revenue at the fund financial statement level includes both unearned and unavailable revenues.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

C. Capital assets

Capital asset activity for the year ended June 30, 2011, was as follows:

Primary government

Construction commitments

The City has active construction projects as of June 30, 2011. The governmental projects of the City are reflected in the capital projects fund and the City has provided funding for the future commitments in the amount of \$29,825,294 through bonded debt. In the proprietary funds, funding for construction projects has been provided and is in segregated deposit and investment accounts totaling \$6,798,751. Except for projects which are shared with counties or the State of Tennessee, the City could terminate any project at their discretion.

D. Interfund receivables, payables, and transfers

Interfund receivables and payables

The composition of interfund balances as of June 30, 2011, is as follows:

Due to/from other funds:

| Receivable Fund | Payable Fund | <u>.</u> | <u>Amount</u> |
|--------------------------------|---|----------|---|
| General (major) | Cattails at MeadowView Golf Course (major) State Street Aid (nonmajor) Community Development (nonmajor) Justice Assistance Grant Fund (nonmajor) Regional Sales Tax Fund (nonmajor) | \$ | 660,747 101,678 30,305 65,210 477,328 |
| General Purpose School (major) | Public Law 93-380 (nonmajor) Special School Projects (nonmajor) School Food Nutrition Services (nonmajor) | | 491,891 130,115 24,261 |
| Regional Sales Tax (nonmajor) | Cattails at MeadowView Golf Course (major) | | 21,211 |
| Fleet Maintenance (nonmajor) | Capital Projects (major) | | 198,480 |
| Total | | \$ | 2,201,226 |

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

D. Interfund receivables, payables, and transfers (continued)

Interfund receivables and payables (continued)

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

Advances to/from other funds:

| Receivable Fund | Payable Fund | <u>Amount</u> |
|---------------------------|---|-------------------------|
| Fleet Maintenance (major) | General (major) Solid Waste Management (major) | \$ 1,048,981 378,052 |
| Total | | \$ 1,427,033 |

Advances to/from other funds represent interfund loans with established repayment schedules that span over one year and are subject to interest rates ranging from 2.5% to 5.3%.

Due to/from primary government and component units:

| Receivable Entity | Payable Entity | | <u>Amount</u> |
|---------------------------------|--|----|---------------|
| Primary government-General Fund | Component unit - IDBK | \$ | 10,592 |
| Primary government-Water Fund | Component unit - IDBK | | 10,715 |
| Primary government-Sewer Fund | Component unit - IDBK | | 14,796 |
| Component unit - IDBK | Primary government-General Fund | | (20,019) |
| Component unit - IDBK | Primary government-Capital Projects Fund | | (294,182) |
| Total | | \$ | (278,098) |
| Total | | Ψ | (210,000) |

The City of Kingsport's primary government is also liable to their component unit Industrial Development Board for certain agreements that are reported as long-term notes payable. The total amounts due under these agreements at June 30, 2011 are \$1,720,000. The amounts due in one year related to these agreements are \$620,000.

Interfund transfers

Transfers are used to move revenue from the fund with collection authorization or resolution to the debt service fund, as debt service principal and interest payments become due, and also to move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

E. Long-term debt

The City of Kingsport routinely issues and retires a variety of long-term debt instruments each year for both general governmental activities and business-type activities. Long-term debt issued for general governmental activities is recorded in the General Long-Term Debt account group and paid from the Debt Service Fund, with the exception of the HUD Section 108 loan, which is paid from annual entitlement allocations through Community Development Block Grant (CDBG) projects. Long-term debt issued for business-type activities is recorded in and paid from the applicable enterprise fund.

Governmental Activities:

During the fiscal year ended June 30, 2011, the City issued two new loans totaling \$5,856,000 related to general governmental activities. A \$5,000,000 loan through the State of Tennessee Energy Efficient Schools Initiative is being utilized for energy efficiency improvement projects to ten school buildings along with several support facilities within the City. An \$856,000 loan issued through the U.S. Department of Housing and Urban Development was used to construct a new community center located in a residential area of the City known as the Riverview Community.

Notes Payable

The City issued a Note Payable with the State of Tennessee as a loan for Qualified Zone Academy Projects in November 1999 for \$413,697 with a maturity date of November 11, 2011. Annual principal payments are \$34,483 and the interest rate is 0.00%. As of June 30, 2011, \$34,483 is outstanding.

The City issued a loan with the State of Tennessee for Qualified Zone Academy Projects in November 2004 for \$3,524,680 with a maturity date of November 2020. Annual principal payments are \$220,293 and the interest rate is 0.00%. As of June 30, 2011, \$2,202,925 is outstanding.

The City issued a loan with the State of Tennessee for the Qualified Zone Academy Bonds in December 2005 for \$1,549,000 with a maturity date of December 2020. Annual principal payments are \$103,267 and the interest rate is 0.00%. As of June 30, 2011, \$1,032,666 is outstanding.

The City issued a General Obligation Capital Outlay Note, Series 2007 on May 2, 2007 for \$1,600,000 for energy management improvement projects. The note has an annual interest rate of 4.12% with a maturity date of May 2019. As of June 30, 2011, \$1,228,000 is outstanding.

The City issued a Local Government Energy Efficiency Note on May 25, 2007 for \$475,000 for energy efficiency improvement projects. The note has an interest rate of 0.00% with a maturity date of July 15, 2014. As of June 30, 2011, \$271,429 is outstanding.

In December 2009, the City issued a loan with the State of Tennessee for Qualified School Construction Bonds in the amount of \$1,240,000, with an interest rate of 1.515% and a maturity date of September 2026. A total of \$228,053 of the loan has been utilized for eligible expenditures during the fiscal year, leaving \$1,011,947 invested in the State of Tennessee Local Government Investment Pool (LGIP). Principal payments of \$70,927 were made during the fiscal year, reducing the principal amount outstanding as of June 30, 2011, to \$1,169,073.

Interlocal Cooperative Agreements

The City entered into an interlocal cooperative agreement in October 2006 to contribute \$2,500,000 to IDBK for the purchase of property for commercial development in the City. This contribution is to be made in five installments of \$500,000 per year beginning July 2008. As of June 30, 2011, \$1,000,000 is outstanding.

The City entered into an interlocal agreement effective June 30, 2011 to contribute \$720,000 to IDBK for financing incentives related to the former Quebecor property. This contribution will be paid in six installments of \$120,000 per year beginning August 2011. As of June 30, 2011, \$720,000 is outstanding.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

E. Long-term debt (continued)

Governmental Activities (continued):

Bonds Payable

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. The general obligation bonds issued for business-type activities have been reflected in the appropriate enterprise fund.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds currently outstanding and to be repaid by governmental activities are as follows:

| Debt Service Fund | Interest Payable Dates | Payable Issue and | | Interest Rates | Outstanding June 30, 2011 |
|--|------------------------------|-------------------|--------------|-------------------|------------------------------|
| 2003 General Obligation | 04/01, 10/01 | 12/01/03 | \$ 7,900,000 | 2.000%-4.200% | \$ 4,385,000 |

Authorized by the American Recovery and Reinvestment Act (ARRA), the Build America Bonds (BABS) issued by the City carry an interest rate from 2.000% to 5.625%. The Federal government pays 35% of the gross interest due. The interest amounts above reflect the gross interest due. During the fiscal year ended June 30, 2011, the City's Debt Service Fund paid \$559,726 in BABS interest, while the Federal government paid an additional \$301,391 in interest directly. The interest paid on the City's behalf has been recorded as interest subsidy income and interest expense.

Notes Payable (continued)

In addition to the preceding loans, the City has two state revolving credit lines which are still being drawn against for projects that are not yet complete. Currently, the City is making interest payments only on these loans. Principal payments will begin upon substantial completion of the projects.

A \$19,366,647 credit line is available for upgrades to the City's waste water treatment facility. As of June 30, 2011, \$18,225,092 had been drawn and recorded as outstanding. The City began making principal payments in October 2011. The City will be allowed one final draw at which time the repayment schedule will be recalculated. Debt service requirements to maturity for the current outstanding balance is as follows:

| Fiscal Year Ending June 30 | Principal | Interest | Total |

Notes Payable (continued)

A \$2,200,000 credit line is available for upgrades to the waste water treatment facility. This credit line is funded 50% by the State of Tennessee and 50% through federal ARRA funds. The loan will be paid over 20 years. As of June 30, 2011, \$1,793,098 had been drawn from the credit line. The loan provides for 40% of each principal draw to be "forgiven". The principal forgiven for fiscal years 2010 and 2011 was \$132,304 and \$584,935 respectively, and has been included in income. The City began making principal payments in September 2011. The City will be allowed one final draw at which time the repayment schedule will be recalculated. The principal amount of the loan outstanding at June 30, 2011 is \$1,075,859.

Authorized by the American Recovery and Reinvestment Act (ARRA), the Build America Bonds (BABS) issued by the City carry an interest rate from 2.000% to 5.625%. The Federal government pays 35% of the gross interest due. The interest amounts above reflect the gross interest due. During the fiscal year ended June 30, 2011, the Solid Waste Management Fund paid \$11,348 in BABS interest, while the Federal government paid an additional \$6,111 in interest directly. The interest paid on the City's behalf has been recorded as interest subsidy income and interest expense.

Bonds Payable (continued)

Golf Course Bonds, Series 1998 issued through the Tennessee Municipal Bond Fund (TMBF) totaling \$1,450,000, debt service requirements to maturity for the Cattails at MeadowView Golf Course Fund are as follows:

| Fiscal Year | _ | | | | | |
|----------------|----|-----------|----|----------|-------|---------|
| Ending June 30 | | Principal | In | terest * | Total | |
| 2012 | \$ | 105,000 | \$ | 4,440 | \$ | 109,440 |
| 2013 | Ψ | 110,000 | Ψ | 3,795 | Ψ | 113,795 |
| 2014 | | 117,000 | | 3,118 | | 120,118 |
| 2015 | | 123,000 | | 2,399 | | 125,399 |
| 2016 | | 130,000 | | 1,642 | | 131,642 |
| 2017 | | 137,000 | | 843 | | 137,843 |
| | | _ | | _ | | |
| | \$ | 722,000 | \$ | 16,237 | \$ | 738,237 |

Principal payments are made on an annual basis, while interest is paid monthly.

^{*} The interest rate on the TMBF Golf Course Bonds is a variable monthly rate, based on the average daily rate for the period, plus a 0.15% administrator's fee. The annual interest expense requirements to maturity are estimated using the monthly interest amount and other monthly loan expenses, as of June 30, 2011, to calculate an estimated annual effective interest rate of 0.615%

Water Bonds, Series 2008 were issued through the Tennessee Municipal Bond Fund (TMBF) in an amount not to exceed \$9,800,000. These bonds funded the acquisition and installation of an automated meter reading and leak detection system. The project was complete at June 30, 2011 and a total of \$9,698,196 was drawn against the available funds. The amount outstanding at June 30, 2011 is \$8,868,196 and the debt service to maturity for the Water Fund is as follows:

| Fiscal Year | | | | | | | |
|----------------|-----------|-----------|----|------------|----|-----------|--|
| Ending June 30 | Principal | | lı | Interest * | | Total | |
| | | | | | | | |
| 2012 | \$ | 430,000 | \$ | 35,169 | \$ | 465,169 | |
| 2013 | | 455,000 | | 33,463 | | 488,463 | |

| | | | | | | | |
| | \$ | 8,868,196 | \$ | 305,728 | \$ | 9,173,924 | |

^{*} The interest rate on the TMBF Water Bonds is a variable monthly rate, based on the average daily rate for the period, plus a 0.15% administrator's fee. The annual interest expense requirements to maturity are estimated using the monthly interest amount and other monthly loan expenses, as of June 30, 2011, to calculate an estimated annual effective interest rate of 0.396%

| | \$ 4,045,387 | \$ 2,288,625 | \$ 6,334,012 |

Authorized by the American Recovery and Reinvestment Act (ARRA), the Build America Bonds (BABS) issued by the City carry an interest rate from 2.000% to 5.625%. The Federal government pays 35% of the gross interest due. The interest amounts above reflect the gross interest due. During the fiscal year ended June 30, 2011, the Water Fund paid \$151,083 in BABS interest, while the Federal government paid an additional \$81,352 in interest directly. The interest paid on the City's behalf has been recorded as interest subsidy income and interest expense.

Authorized by the American Recovery and Reinvestment Act (ARRA), the Build America Bonds (BABS) issued by the City carry an interest rate from 2.000% to 5.625%. The Federal government pays 35% of the gross interest due. The interest amounts above reflect the gross interest due. During the fiscal year ended June 30, 2011, the Sewer Fund paid \$226,673 in BABS interest, while the Federal government paid an additional \$122,055 in interest directly. The interest paid on the City's behalf has been recorded as interest subsidy income and interest expense.

4. DETAILED NOTES ON ALL FUNDS (CONTINUED):

F. Closure and postclosure costs

The City currently operates a demolition landfill located on Brookside Drive, with a remaining life of approximately 60 years. Upon closure, the City is required to continue a period of monitoring and conduct any necessary post-closure activities in compliance with applicable state and federal laws.

In June, 1996, the City entered into a *Contract in Lieu of Performance Bond* with the State of Tennessee Department of Environment and Conservation to provide financial assurance in the amount of \$1,390,095, for proper operation, closure and/or post-closure activities related to the City's demolition landfill. This financial assurance pledges any revenue due to the City from the State of Tennessee as collateral to fund estimated costs associated with the proper operation and closure, and/or post closure of the Kingsport Demolition Landfill.

This agreement is subsequently amended on an annual basis for inflation by the State of Tennessee Department of Environment and Conservation. The 2010 financial assurance amount of \$1,826,367 was adjusted for inflation by 1.0% resulting in an amended amount of \$1,846,651 at June 30, 2011.

The City recognizes the need to begin accruing the liability for future operating, closure, and potential postclosure costs associated with the Kingsport Demolition Landfill. The base year to begin accruing this liability has been established as 2010 and will be accrued over the 60 year expected life of the landfill with future increases accrued in the year they occur. The liability accrued for the fiscal year ending June 30, 2011 is \$50,723.

5. OTHER INFORMATION:

A. Risk management

The City carries insurance coverage through the Tennessee Municipal League (TML) Risk Management Pool for general liability, automobile, and errors and omissions coverage. Although TML is a risk management pool and the policy contains an assessment clause, no assessment has been levied during the time the City has participated in this program. The City's workers' compensation coverage is self-funded and administered by Tri-State Claims Service. The City carries a specific excess workers' compensation reinsurance agreement through Safety National.

An actuarial study for workers compensation and public liability was conducted in January 2011 for the period ended June 30, 2010. The estimated reserve requirements were as follows:

| | <u>Low</u> | <u>Expected</u> | <u>High</u> |
|------------------------|--------------|-----------------|--------------|
| Workers Compensation * | \$ 1,950,000 | \$ 2,460,000 | \$ 3,160,000 |
| Public Liability * | 930,000 | 990,000 | 1,110,000 |

^{*} Based on an annual discount rate of 3%

The Insurance Reserve Fund has available fund balance of \$3,195,060 at June 30, 2011. Estimated claims are budgeted and charged to the various departments on an annual basis.

The City carries additional coverage for public officials and other employees through U.S. Fidelity and Guarantee, Travelers and Western Surety insurance companies and property insurance through Hartford, Travelers and Continental Casualty insurance companies. There has been no significant reduction in insurance coverage from the prior year, and the City has not had any settlements in the last five years, which were not covered by insurance.

Effective January 1, 2003, health insurance for government employees has been provided through a self-funded insurance program. The program is currently administered by Humana, Inc. Premiums are evaluated annually based on historical expenditures and expected cost increase trends. Health insurance coverage for school system employees is provided through the State of Tennessee Local Education Program.

Premium equivalents for participation in the self-funded program are established annually based on quotations from the third-party administrator for projected expenses. The City carries its own stop-loss insurance.

5. OTHER INFORMATION (CONTINUED):

A. Risk management (continued)

A reconciliation of workers' compensation claims for the past two years are as follows:

| | Year Ended | Year Ended |
|---------------------------|---------------|---------------|
| | June 30, 2011 | June 30, 2010 |
| Claims Accrued, Beginning | \$ 298,851 | \$ 218,935 |
| Claims Incurred | 1,158,008 | 1,185,492 |
| Claims Paid | (1,077,280) | (1,105,576) |
| Claims Accrued, Ending | \$ 379,579 | \$ 298,851 |

The City's estimate of claims accrued at year end is based on actual claims paid during April, May, and June 2011.

B. Contingencies

Primary government

The City hires an independent arbitrage compliance firm to calculate arbitrage rebates due the IRS, for each applicable debt issue's reporting computation period. The City has recorded an estimated arbitrage rebate liability in the water and sewer funds. At June 30, 2011, the water fund and sewer fund had arbitrage rebate liabilities recorded of \$47,436 and \$111,836, respectively. These arbitrage rebate liabilities are not directly related to any bond issue, however are recorded in anticipation of future liabilities.

The City attorney advises that there are no known cases pending against the City, which would not be covered by insurance. The City has entered into several construction contracts in the various funds, which were not completed at year-end. To account for these liabilities, the City assigns a portion of fund balance in the appropriate governmental fund. In the proprietary funds, the City internally designates a portion of retained earnings.

The City received an "Agreed Order & Assessment" from the State of Tennessee dated May 18, 1995, concerning the inflow and infiltration systems of the City's sewer system. The City must be in full compliance by December 31, 2011. Included in the order were requirements for plans and reports to be submitted to the Tennessee Department of Environment and Conservation (TDEC) within a specified timeframe to avoid monetary fines. Projects have been scheduled and completed along with semi-annual reports to TDEC. The last project in the agreed order was completed in July 2011. The estimated total cost of the projects is \$25,177,000. Thus far, all compliance deadlines have been met, and the City anticipates full compliance approval from the State of Tennessee in December 2011. The City is funding the project with a State Revolving Loan, which is recorded in the sewer fund, and a General Obligation Bond.

5. OTHER INFORMATION (CONTINUED):

B. Contingencies (continued)

Primary government (continued)

The City received a "Consent Order" from the State of Tennessee dated October 25, 2005, concerning the City's waste water treatment plant. The City must be in full compliance by December 31, 2011. Included in the order were requirements for plans and reports to be submitted to the Tennessee Department of Environment and Conservation (TDEC) within a specified timeframe to avoid monetary fines. The following items along with the submission date were submitted to TDEC by the compliance deadline: Corrective Action Plan / Engineering Report (May 3, 2006), Sewer Overflow Response Plan (February 2, 2006), Management, Operations and Maintenance Program (March 3, 2006), and Supplemental Environmental Project (Jan 3, 2006). A letter notifying the Director of Water Pollution Control of completion of the Corrective Action Plan by December 31, 2011 is the only outstanding item. The City fully expects to meet this deadline. The estimated total cost of the project is \$22,000,000. The project was funded with a State Revolving Loan, which is recorded in the sewer fund, and a General Obligation Bond.

In April 2005, the Sullivan County Economic Development Partnership (SCEDP) issued \$1,995,000 in capital outlay notes, of which, the City is contingently liable for 31%. In February 2006, SCEDP issued an additional \$505,000 in capital outlay notes, of which the City is contingently liable for 31%. During July 2007, SCEDP issued \$6,500,000 in revenue bonds, of which the City is contingently liable for 31%. Proceeds from the capital outlay notes and the bonds were used for the acquisition of considerable acreage near Tri-Cities Regional Airport for the purpose of establishing a new industrial park. The bonds are secured by the assignment of the revenue from property sales in the industrial park. The related liabilities are on the books of Sullivan County. The SCEDP is responsible for making the bond payments, however in the event of their default the City is responsible for a 31% portion of the debt. As of June 30, 2011, a total of \$8,150,000 of debt was outstanding, with \$2,526,500 representing the City's 31% contingent share. During fiscal year 2011, revenue from property sales in the industrial park was not sufficient for the SCEDP to make the related debt service payments. The City recorded a \$220,540 liability for the repayment of the City's share of the current year debt service associated with the SCEDP.

Component Unit - Industrial Development Board

Subsequent to year end, the Industrial Development Board of the City of Kingsport (IDBK) entered into a loan agreement with a local bank for an amount up to \$3,500,000. The loan was used to purchase an industrial use facility near the Tri-Cities Regional Airport. The property was leased to C & F Manufacturing. In the event the manufacturing company fails to make lease payments, IDBK would be required to fund the loan payments from other resources. The City of Kingsport, as well as Sullivan County, has entered into agreements to support this economic development project and share in a contingent liability, should the IDBK default on the loan.

5. OTHER INFORMATION (CONTINUED):

C. Pension plan

City of Kingsport Plan

Plan description

Employees of the City are members of the Political Subdivision Pension Plan (PSPP), an agent multipleemployer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979 become vested after five years of service and members joining prior to July 1, 1979 were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of the Tennessee Code Annotated (TCA). State statutes are amended by the Tennessee General Assembly. Political subdivisions such as the City participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of the plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to Tennessee Treasury Department, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, Tennessee 37243-0230 or can be accessed at http://www.tn.gov/treasury/tcrs/PS/.

Funding policy

Effective October 1, 2010, the City changed participation in the TCRS for new employees from noncontributory to contributory status. Employees hired on or after October 1, 2010 will make mandatory contributions of 5% of their annual covered payroll into the TCRS as contributory plan members. Employees hired prior to October 1, 2010 will continue participation in the TCRS as non-contributory plan members, with the City continuing to assume employee contributions up to 5% of annual covered payroll.

The City is required to make contributions into the TCRS at an actuarially determined rate; the rate for the fiscal year ending June 30, 2011 was 16.28% of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for the City is established and may be amended by the TCRS Board of Trustees.

5. OTHER INFORMATION (CONTINUED):

C. Pension plan (continued)

City of Kingsport Plan (continued)

Annual pension cost

For the fiscal year ending June 30, 2011, the City's annual pension cost of \$5,839,797 to TCRS was equal to the City's required and actual contributions. The required contribution was determined as part of the July 1, 2009 actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.50% a year compounded annually, (b) projected 3.00% annual rate of inflation, (c) projected salary increases of 4.75% (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (d) projected 3.50% annual increase in the Social Security wage base, and (e) projected post retirement increases of 2.5% annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a ten-year period. The City's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2009 was 20 years. An actuarial valuation was performed as of July 1, 2009, which established contribution rates effective July 1, 2010.

Trend Information

| Fiscal Year Ending | Annual Percentage Pension of APC Cost (APC) Contributed | | Net Pension Obligation | | |
|--------------------------|---|---------|------------------------------|---|--|
| June 30, 2011 | \$ 5,839,797 | 100.00% | \$ | 0 | |
| June 30, 2010 | 5,881,042 | 100.00% | | 0 | |
| June 30, 2009 | 5,832,643 | 100.00% | | 0 | |

As of July 1, 2009, the most recent actuarial valuation date, the plan was 79.11% funded. The actuarial accrued liability for benefits was \$153.3 million, and the actuarial value of assets was \$121.3 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$32.0 million. The covered Payroll (annual payroll of active employees covered by the plan) was \$34.9 million, and the ratio of UAAL to covered payroll was 91.73%.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

The annual required contribution (ARC) was calculated using the aggregate actuarial cost method. Since the aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities, information about funded status and funding progress has been prepared using the entry age actuarial cost method for that purpose, and this information is intended to serve as a surrogate for the funded status and funding progress of the plan.

Kingsport City Schools Plan

Plan description

The Kingsport City Schools contribute to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple employer defined benefit pension plan administered by the TCRS. TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979 are vested after five years of service. Members joining prior to July 1, 1979 are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of the TCA. State statutes are amended by the Tennessee General Assembly. Cost of living adjustments (COLA) are provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the SETHEEPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, Tennessee 37243-0230 or can be accessed at www.tn.gov/treasury/tcrs.

5. OTHER INFORMATION (CONTINUED):

C. Pension plan (continued)

Kingsport City Schools Plan (continued)

Funding policy

Most teachers are required by state statute to contribute 5.00% of salary to the plan. The employer contribution rate for City Schools is established at an actuarially determined rate. The employer rate for the fiscal year ending June 30, 2011 was 9.05% of annual covered payroll. The employer contribution requirement for City Schools is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ending June 30, 2011, 2010, and 2009 were \$2,681,961, \$1,895,871, and \$1,858,582 respectively, equal to the required contributions for each year.

D. Other Postemployment Benefits (OPEB)

From an accrual accounting perspective, the cost of postemployment healthcare benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In adopting the requirements of GASB Statement No. 45 during the year ended June 30, 2008, the City recognizes the cost of postemployment healthcare in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows. Recognition of the liability accumulated for prior years will be phased in over 30 years, commencing with the 2008 liability.

Postemployment Healthcare Plan – City of Kingsport

Plan description

The City of Kingsport provides continuation of medical insurance coverage to eligible employees that retire under the Tennessee Consolidated Retirement System at the same time they end their services to the City. Employees hired prior to June 1, 2007 are eligible to continue coverage if they had been enrolled in the City's offered health insurance plan as an active full time employee at the date of retirement. Employees hired after June 1, 2007, must have a minimum of 25 years of service with the City, be at least 55 years old, and must have been enrolled in the health insurance provided by the City for three full consecutive years immediately prior to retirement or have 30 years of service with the City and have been enrolled in the health insurance provided by the City for one full year immediately prior to retirement. Employees who retired before June 30, 2010 and continued on the City's health insurance as listed above are eligible for the City funded Medicare supplement plan when they reach 65 years of age. Employees retiring after June 30, 2010 are no longer eligible for the City funded Medicare supplement plan.

^{*}Data not available for the 2007 year.

Funded Status and Funding Process

The funded status of the plan as of July 1, 2010, the date of the latest actuarial valuation, was as follows:

| | • | of Kingsport Retiree Plan |
|---|----|------------------------------|
| | | |
| Actuarial valuation date | | 07/01/10 |
| Actuarial accrued liability (AAL) | \$ | 29,469,147 |
| Actuarial value of plan assets | \$ | 0 |
| Unfunded actuarial accrued liability (UAAL) | \$ | 29,469,147 |
| Actuarial Value of Assets as a % of the AAL | | 0% |
| Covered payroll (active plan members) | \$ | 26,800,332 |
| UAAL as a percentage of covered payroll | | 110% |

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

5. OTHER INFORMATION (CONTINUED):

D. Other Postemployment Benefits (OPEB) (continued)

Postemployment Healthcare Plan – City of Kingsport (continued)

Actuarial Methods and Assumptions (continued)

In the July 1, 2010 actuarial valuation, the Projected Unit Credit actuarial cost method was used with linear proration to decrement. The actuarial assumptions included a 5 percent investment rate of return and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of 5 percent after ten years. Total payroll growth is estimated at 4 percent per year. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll over a 30 year period beginning with July 1, 2010.

Postemployment Healthcare Plan – Kingsport City Schools

Plan description

The Kingsport City Schools participate in the state-administered Teacher Group Insurance Plan and Medicare Supplement Plan for healthcare benefits. For accounting purposes, the plans are agent multiple-employer defined benefit OPEB plans. Benefits are established and amended by an insurance committee created by Tennessee Code Annotated (TCA) 8-27-302 (teachers) and TCA 8-27-701 (Medicare Supplement). Prior to reaching the age of 65, all members have the option of choosing a preferred provider organization (PPO), point of service (POS), or health maintenance organization (HMO) plan for healthcare benefits. Subsequent to age 65, members who are also in the state's retirement system may participate in a state-administered Medicare supplement plan that does not include pharmacy. The plans are reported in the State of Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at http://tennessee.gov/finance/act/cafr.html.

Funding policy

The premium requirements of plan members are established and may be amended by the insurance committee. The plans are self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop their own contribution policy in terms of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The state does not provide a subsidy for local government participants, however, the state does provide a partial subsidy to Local Education Agency pre-65 teachers and a full subsidy based on years of service for post-65 teachers in the Medicare Supplement Plan. The required contribution rate for retired teachers is based on their years of service. For the year ended June 30, 2011, retired teachers contributed \$445,622. During the year ended June 30, 2011, Kingsport City Schools contributed \$397,580 for the teacher group plan and \$220,276 for the Medicare supplement plan. For the year ended June 30, 2011, the State of Tennessee contributed \$340,211 on behalf of retirees for the teacher group plan and \$2,311 for the Medicare supplement plan.

| Covered payroll (active plan members) | \$ | 23,571,575 | \$ | 23,571,575 |
| UAAL as a percentage of covered payroll | | 73% | | 78% |

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2010 actuarial valuation for the Local Education plan, the Projected Unit Credit actuarial cost method was used. The actuarial assumptions included a 4.5 percent investment rate of return and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of 5 percent by the fiscal year 2021. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll assuming total annual payroll growth of 3 percent under the closed basis, over a 30 year period.

5. OTHER INFORMATION (CONTINUED):

E. On-Behalf Payments

As required by GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance, the following on-behalf payments have been recorded.

Teacher Group Insurance Plan

The State of Tennessee makes a contribution (on-behalf payment) for retired teachers who participate in the State-administered Teacher Group Insurance Plan through TCRS as described in Note 5. D. The onbehalf payment for 2011 was \$340,211 and has been recorded as revenue and expenditure in the general purpose school fund.

Medicare Supplement Plan

Since Teachers are considered state employees per state statues, the State of Tennessee makes a contribution (on-behalf payment) for retired teachers to this Plan through the TCRS. The on-behalf payment for 2011 was \$2,311 and has been recorded as revenue and expenditure in the general purpose school fund.

F. Economic dependency

The City is dependent upon financial resources flowing from, or associated with, both the Federal Government and the State of Tennessee. Due to this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and appropriations.

A material portion of the City's property tax revenue is derived from one taxpayer, the loss of which would have a material effect on the City. During the tax years ended December 31, 2010 and 2009, the taxes assessed on the above mentioned taxpayer accounted for approximately 25% and 26% respectively, of total property taxes assessed for each year.

G. Joint Ventures

Tri-Cities Airport Commission

Tri-Cities Airport Commission (the Airport) is jointly governed by representatives of Johnson City; Kingsport; Bristol, Tennessee; Bristol, Virginia and Washington and Sullivan Counties, Tennessee. The City initially contributed 20 percent of the start-up costs of the Airport in 1934 and has not contributed further since 1967. The City is represented by two of the Airport's twelve commissioners. The Airport prepares its own separate financial statements. The participating governments do not record any balances for the Airport. If the Airport ceased operations, disposition of its net assets would be controlled by the Federal Aviation Administration. The City would not be guaranteed a return of its initial investments or subsequent retained earnings.

Complete financial statements for the individual joint venture may be obtained at the administrative offices of:

Tri-Cities Airport Commission P.O. Box 1055 Blountville, TN 37617

Phipps Bend Joint Venture

The IDBK entered into a joint venture with the Hawkins County Industrial Development Board (HCIDB) to purchase and develop land known as Phipps Bend for industrial purposes.

According to the Joint Venture Agreement, HCIDB shall have an 80% interest and IDBK shall have a 20% interest in the profit and losses of the Joint Venture. However, each Venturer shall have an equal 50% right to control, manage, operate and otherwise deal with the Joint Venture in all matters and respects. A separate capital account is maintained for each Venturer. No Venturer shall withdraw any part of its original or additional capital account without the express written agreement of both parties respectively. IDBK's investment in the Phipps Bend Joint Venture is valued as follows:

| Note Receivable from Phipps Bend Venture | \$ 501,312 |
|--|---------------|
| 20% interest in capital of Phipps Bend Joint Venture | 349,781 |
| | · |
| Total Investment | \$ 851,093 |

5. OTHER INFORMATION (CONTINUED):

H. Subsequent Events

In November 2011, the City BMA adopted an ordinance establishing a Stormwater Management Utility to be operated as an enterprise fund. The City contracted with an engineering firm to assist in the development of a geographic information system (GIS) database which identifies impervious surface areas contributing to stormwater run-off within the City. From this information, an average single family residential unit (SFU) was established, which will be used as the basis for billing the monthly stormwater utility fee, for all contributing properties. The current SFU rate approved by the BMA is \$3.50. A tiered rate structure will be used. The average size residential home will be billed a stormwater fee of \$3.50 per month. Smaller and larger residential units will be billed based on a multiplier applied to the SFU. Non-residential properties will be billed in direct proportion to the SFU, based upon the calculated impervious surface areas. A policy for applying stormwater billing adjustments, credits, and exemptions is in development. The City estimates that the stormwater utility fees will begin billing in February 2012.

In November 2011, the BMA adopted initial and detailed bond resolutions authorizing the issuance of General Obligation Public Improvement Bonds, Series 2011 in an amount not to exceed \$16,250,000. In December 2011, the City sold bonds totaling \$16,140,000 with a coupon rate ranging from 2.00% to 3.75%. Principal repayment will begin in March 2015. Proceeds from the bonds are to be utilized as follows: \$11,300,000 for general purpose use including various road construction and improvements, improvement to various City owned buildings and facilities, and land acquisition for future development; \$805,000 for water utility plant design and water line rehabilitation; \$4,035,000 for sewer utility line extensions to newly annexed areas and sewer line inflow and infiltration improvements.

I. Prior Period Adjustment - Drug Fund Seized Cash

Seized cash from drug related crime cases is held in evidence and subsequently recorded as revenue after an official award is made to the City by the courts and the State of Tennessee. The City determined that revenue recorded in fiscal year 2011, was in fact previously awarded cash and should have been recorded in the prior fiscal year. A prior period adjustment in the amount of \$167,596 was recorded in the Drug Fund, appropriately adjusting beginning net assets and fund balances.

NOTE A: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Kingsport, Tennessee and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B: FOOD DISTRIBUTION

Non-monetary assistance is reported in the schedule of expenditures of federal awards at the fair market value of the commodities received and used. The balance amounts represent inventory on hand. Non-monetary assistance has not been included in the financial statements.

NOTE C: PAYMENTS TO SUB-RECIPIENTS

Payments were made from the Community Development Block Grant to the South Central Kingsport CDC, CASA of Sullivan County, Learning Centers of KHRA, and Kingsport Child Development Center in the amounts of \$65,365; \$16,605; \$47,758; and \$20,750 respectively.

NOTE D: LOAN RECOGNITION

The City recognizes loan proceeds as income or liability depending on the applicable fund at the time the draw request is submitted. Any related debt forgiveness is also recognized at the time the draw request is submitted.

Note: The Local Option Sales Tax rate for sales within the corporate limits of the City of Kingsport is 2.50% in the Sullivan County portion of the municipality. One-quarter percent (0.25%) is distributed directly to the Regional Sales Tax Fund and is used to offset the costs related to the City's MeadowView Conference, Resort, and Convention Center and related facilities, and the Aquatics Center and Water Park.

CITY OF KINGSPORT, TENNESSEE DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT For the Fiscal Year Ended June 30, 2011

| Governmental Unit | Debt Outstanding | Estimated Percentage Applicable | Estimated Share of Overlapping Debt |
|--|--------------------------|---------------------------------------|--|
| Debt Repaid with Property Taxes: | | | |
| Net Direct Debt: City of Kingsport | \$ 123,381,532 (1) | 100.00% | \$ 123,381,532 |
| Total Direct Debt | 123,381,532 | 100.00% | 123,381,532 |
| Overlapping Debt: Sullivan County Hawkins County | 64,276,066 86,027,376 | 44.10% (2) 6.87% (2) | 28,347,159 5,911,303 |
| Subtotal, Overlapping Debt | 150,303,442 | | 34,258,462 |
| Total Direct and Overlapping Debt | \$ 273,684,974 | | \$ 157,639,994 |

- (1) Includes MeadowView Conference Center General Obligation Debt
- (2) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the City's boundaries and dividing it by the county's total taxable assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Kingsport. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

CITY OF KINGSPORT, TENNESSEE SCHEDULE OF UNACCOUNTED FOR WATER

June 30, 2011

(All amounts in gallons)

| A B C D | Water Treated and Purchased: Water Pumped (potable) Water Purchased Total Water Treated and Purchased (Sum Lines B and C) | 5,405,148,000 5,401,200 | 5,410,549,200 |
|------------------|---|----------------------------|---------------|
| Ε | Accounted for Water: | | |
| F | Water Sold | 3,141,399,500 | |
| G | Metered for Consumption (in house usage) | 229,316,330 | |
| Н | Fire Department(s) Usage | 1,352,637 | |
| I | Flushing | 37,095,349 | |
| J | Tank Cleaning/Filling | 0 | |
| K | Street Cleaning | 2,629,800 | |
| L | Bulk Sales | 0 | |
| M | Water Bill Adjustments | 0 | |
| N | Total Accounted for Water | | 3,411,793,616 |
| 0 | (Sum Lines F thru M) Unaccounted for Water | | 1,998,755,584 |
| P | (Line D minus Line N) Percent Unaccounted for Water (Line O divided by Line D times 100) | | 36.94% |
| Q | Other (explain) | See Below | |

Explain Other:

| Line Breaks Meter Inaccuracy | 245,748,403 62,981,679 | |
|---------------------------------|---------------------------|---------------|
| Unauthorized Use / Water Theft | 902,878,304 | |
| Total | | 1,211,608,386 |

The method for determining the Unaccounted for Water percentage as defined by the State of Tennessee Comptroller's Office and reported above, does not allow the inclusion of line breaks, meter inaccuracy, or unauthorized use/water theft. Based upon the City of Kingsport Public Works Department internal statistical monitoring and reporting, the Unaccounted for Water percentage when these factors are considered is:

14.55%

All amounts included in this schedule are supported by documentation on file at the water system. If no support is on file for a line item or if the line item is not applicable, a "0" is shown.

CHRITISHED PUBLIC ACCOUNTANTS AND CONSULTANTS AMERICAN INSTITUTE OF CERTIFED PUBLIC ACCOUNTANTS CELEBRATING OUR 50TH ANNIVERSARY

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements

Performed in Accordance with Government Auditing Standards

Honorable Mayor and Board of Aldermen City of Kingsport Kingsport, Tennessee

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kingsport, Tennessee (the City), as of and for the fiscal year ended June 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 16, 2011. Our report includes a reference to other auditors. As discussed in Note 1.D to the financial statements, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Emergency Communications District (the ECD), a discretely presented component unit, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting: 2011-01 and 2011-02. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

City of Kingsport, Tennessee Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the City in a separate letter dated December 16, 2011.

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Audit Committee, the Board of Mayor and Alderman, others within the City, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS CELEBRATING OUR 50TH ANNIVERSARY

Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Honorable Mayor and Board of Aldermen City of Kingsport Kingsport, Tennessee

Compliance

We have audited the compliance of the City of Kingsport, Tennessee (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the fiscal year ended June 30, 2011. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2011.

Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

City of Kingsport, Tennessee Independent Auditors' Report on Compliance in Accordance With OMB Circular A-133 Page 2

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Audit Committee, Board of Mayor and Alderman, others within the City, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Blackburn, Childres & Steagall, PLC BLACKBURN, CHILDERS & STEAGALL, PLC

December 16, 2011

Section I - Summary of Auditors' Results

- 1. The auditors' report expresses an unqualified opinion on the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information (the financial statements) of the City of Kingsport, Tennessee (the City). We did not audit the financial statements of the Emergency Communications District (the ECD) of the City, which represents 21 percent, 26 percent, and 11 percent, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the ECD, is based on the report of other auditors.
- Two significant deficiencies relating to the audit of the financial statements are reported in the Schedule of Findings and Questioned Costs. None of these deficiencies are reported as material weaknesses.
- 3. No instances of noncompliance material to the financial statements of the City which would be required to be reported in accordance with *Government Auditing Standards* were disclosed during the audit.
- 4. No significant deficiencies in internal control over major federal award programs are reported in the Schedule of Findings and Questioned Costs.
- 5. The auditors' report on compliance for the major federal award programs for the City expresses an unqualified opinion on all major federal programs.
- 6. No audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133 are reported in this Schedule.
- 7. The programs tested as major programs were as follows:

| | CFDA |
|--|---------------|
| <u>Program</u> | <u>Number</u> |
| Community Development Block Grants / Entitlement Grants | 14.218 |
| Community Development Block Grants / Section 108 Loan Guarantee | 14.248 |
| ARRA - Community Development Block Grants | 14.253 |
| ARRA - COPS Hiring Program | 16.710 |
| Urban Mass Transit Authority | 20.507 |
| ARRA - Urban Mass Transit Authority | 20.507 |
| ARRA - Capitalization Grants for Clean Water State Revolving Funds | 66.458 |
| Title I Grants to Local Educational Agencies, Part A | 84.010 |
| IDEA Special Education Grants to States, Part B | 84.027 |
| Special Education Preschool Grants | 84.173 |
| ARRA - Title I Grants to Local Educational Agencies, Part A | 84.389 |
| ARRA - IDEA Special Education Grants to States, Part B | 84.391 |
| ARRA - Special Education Preschool Grants | 84.392 |
| ARRA - State Fiscal Stabilization Funds - Educational | 84.394 |
| ARRA - State Fiscal Stabilization Funds - Government Services | 84.397 |

Section I - Summary of Auditors' Results (Continued)

- 8. The threshold for distinguishing Types A and B programs was \$462,340.
- 9. The City was determined to be a low-risk auditee.

Section II - Findings - Financial Statement Audit

Current Year Findings

2011-01 Significant Deficiency: Excessive Water Loss Percentage

Condition: For fiscal year 2011 (FY2011), the City's water loss percentage (36.94%) exceeds the threshold for excessive water loss of 35%, as established in accordance with Tennessee Code Annotated (TCA) 7-82-702 and 68-221-1009(a) by the Tennessee Utility Management Review Board (UMRB) and Water and Wastewater Financing Board (WWFB).

Criteria: As of October 7, 2010, the Tennessee UMRB and WWFB have established the threshold for excessive water loss at 35%.

Cause: The City's water loss percentage has continued to grow over the past few years; however FY2011 is the first year which exceeded the above-mentioned threshold. It was also noted that the portion of the City's water loss attributed to unauthorized use has increased significantly in FY2011.

Effect: Any water system reporting a water loss of 35% or higher in its annual financial statements will be referred to the appropriate board for further action.

Recommendation: We recommend that the City implement measures to reduce the water loss percentage to be within the excessive water loss percentage limits. As a part of that process, we recommend that the City investigate the increase in water loss attributable to unauthorized use and implement internal controls as necessary to reduce losses.

Views of Responsible Officials and Planned Corrective Actions: The City's water loss percentage exceeds the acceptable threshold when using the current acceptable methodology for computing unaccounted for water loss by the State of Tennessee Comptroller's Office. However, when allowed to include deductions for line breaks, meter inaccuracies, and unauthorized use, the City's unaccounted for water loss is reduced to 14.55%.

It should also be noted that in October 2010, the UMRB and WWFB adopted the American Water Works Association (AWWA) water loss methodology for any audited financial reports received by the Comptroller of the Treasury after January 1, 2013. With this change in methodology, the City anticipates that unaccounted for water loss will be well within the acceptable standards of the AWWA and the State of Tennessee.

Section II - Findings - Financial Statement Audit (Continued)

Current Year Findings (Continued)

2011-01 Significant Deficiency: Excessive Water Loss Percentage (Continued)

Views of Responsible Officials and Planned Corrective Actions (Continued): It should especially be noted that the increase in unauthorized use shown in the other information box of the Schedule of Unaccounted for Water in no way means that there has in fact been an increase in unauthorized use of water. It means that the City has identified more unauthorized use of water. The City has been making a concentrated effort to identify and reduce unauthorized water usage (UWU). There are several factors that influence UWU in the City's water system including: unauthorized use of fire hydrants; consumers removing their water meters and "straight piping" to avoid a water bill; and usage on unmetered fire lines. The City has recently been in contact with chronic users of water through unmetered fire lines. We are working with these customers to assist them in eliminating their usage. We are also making an effort to replace detector meters on fire lines within the system which will allow the City to more accurately estimate usage on these sources of unmetered usage.

2011-02 Significant Deficiency: Real Property Transactions

Condition: During FY2011, the City sold a parcel of real property which was originally acquired by donation several years ago. At that time, the property was recorded at full market value based on an appraisal provided by the donor. The appraisal specified that it was based on the assertion that the property would be used for its highest and best use, which it listed as being manufacturing. The City incurred a large loss on the sale of this property in FY2011, which was based on the original market value at the time of acquisition (donation). However, since an updated appraisal was not obtained for the FY2011 sale, it is difficult to determine whether the property was sold for a reasonable price that would approximate market value. Based on this information, it appears that the agreed-upon sales price and demolition credit were based on estimation rather than on a documented value. Furthermore, since the FY2011 sale of the property was for retail development and the original appraisal was based on the property being used for manufacturing, the overall relevance of the appraisal is subject to interpretation. In accordance with GASB guidance, the value of the property should have been evaluated for possible impairment when the City determined that it would not be used for the purpose specified in the appraisal.

In addition, the City acquired a parcel of real property by donation during FY2011. Based on review of supporting documentation and agreements, it is unclear what basis was used to establish the market value of the land due to the lack of an appraisal or documented communication from the donor regarding value at the time of donation. The City of Kingsport Code of Ordinances (the Code) does not address the valuation or appraisal of real property acquired by donation. However, the Code does specify that an appraisal should be obtained for the purchase of real property in excess of \$20,000; and the City's Fixed Asset Management Policy states that "land acquired as a gift should be recorded at appraised value when acquired."

Section II - Findings - Financial Statement Audit (Continued)

Current Year Findings (Continued)

2011-02 Significant Deficiency: Real Property Transactions (Continued)

Criteria: In consideration of the macro-economic conditions affecting the real estate market and in accordance with Governmental Accounting Standards Board (GASB) Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, we consider it the City's responsibility to obtain timely, relevant appraisals for any acquisition or disposition of substantial real estate. Due to the increased difficulty and complexity in determining the market value of real estate, the City should be conscientious of performing their due diligence when determining the proper method of assigning value to real property transactions.

Cause: Based on discussion during the audit, it appears that both City management and the Board of Mayor and Aldermen do consider each real estate transaction in light of the needs of the City. However, this consideration is not always supported by adequate documentation or timely appraisals.

Effect: The lack of supporting documentation or timely appraisals increases the difficulty and complexity of determining whether real property transactions were executed at reasonable prices that would approximate market value.

Recommendation: In accordance with GASB guidance, we recommend that the City obtain timely appraisals for all substantial acquisitions, donations, and sales of real property for the purpose of recording that property at market value. This should increase the City's ability to achieve maximum return on real property transactions and should improve the accuracy of market value estimations. We further recommend that, in the event that a donor of real property provides a timely valuation of the property, the City Finance and Legal Departments obtain and retain supporting documentation for that assigned value.

Views of Responsible Officials and Planned Corrective Actions: The City agrees that the need for an appraisal should always be considered before entering into real property transactions. However when the outcome of the appraisal is unlikely to affect management's decision, there may be no need to incur the expense of an appraisal. These comments have brought to our attention that land and buildings classified as general government, and therefore not assigned to a specific department, have been left out of the annual review and consideration for impairment. We intend to correct this in the future by having the annual listing of general government assets directed to the City Recorder for discussion at a monthly Leadership Team meeting to determine if any impairments should be considered or recorded.
