The program has consistently met or exceeded performance requirements as defined by annual timeliness tests with sharpened understanding of IDIS draw down and reporting requirements, update accomplishment data has greatly improved. CDBG program staff is committed to continually evaluating and improving our systems, policy, and procedures to fully utilize CDBG funding, while being good stewards of federal funding.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Kingsport's Consolidated Plan is developed through a collaborative process whereby the community identifies local critical needs and assists in establishing an Action Plan. Citizen participation is a critical part of the Consolidated and Action Plans, including developing, amending and reporting on program performance annually. The City solicits and encourages the participation of all citizens, including minorities, non-English speaking populations, and persons with disabilities.

A. Consultations with Other Community Institutions

In development of the Five-Year Consolidated Plan and the Third-Year Action Plan, the City consulted with other public and private for-profit and non-profit agencies that either provide or have direct impact on the broad range of housing, health, and social services used by Kingsport residents. These agencies provided knowledge regarding local unmet needs and ongoing critical needs. The Kingsport Board of Mayor and Aldermen has designated the Community Development Advisory Committee (CDAC) as the primary advisory body and as such, information on community needs and priorities have been discussed at their meetings.

B. Public Hearings

There were several public meetings from the beginning stages of development of the Plan in order to gather information on community needs from citizens and local service providers until the completion of the plan. In compliance with the Citizen Participation Plan, a public meeting was held at the Community Development Advisory Committee (CDAC) meeting in Kingsport on **March 14, 2025**, for both CDBG and HOME programs. A public hearing was then held **April 15, 2025**, at the Kingsport Board of Mayor and Aldermen meeting. Draft copies of the Action Plan were available for review at the Kingsport Public Library, Community Development Office and Kingsport City Hall.

C. Written Comments

Based on public input and quantitative analysis, City staff prepared a draft Action Plan covering the CDBG Program. Notification of availability of the draft appeared in three local newspapers and on each city's website. The public was able to review the draft at the Kingsport Public Library, the local Housing Authority office and in Community Development office.

D. Action Plan and Public Hearings.

Public meetings were held pertaining to the Consolidated Plan beginning in February 2025. Drafts of the Plan were made available at the Community Development office, Kingsport Public Library, and Kingsport Housing and Redevelopment Authority. All written and verbal comments provided were considered in preparing the final Action Plan; however, it was impossible to fund every project or need. A summary of comments received and the City's responses to comments are included in the final document. The Kingsport Board of Mayor and Alderman considered these comments, the Community Development Advisory Committee recommendations, and staff recommendations in composing the final Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

All comments will be accepted. City staff has and will continue to consult with local agencies for input. Local agency consultation is a priority of the City and important for partnerships and funding resources to provide much needed public services in the community.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments will be accepted. City staff have and will continue to consult with local agencies for input. Local agency consultation is a priority of the City and important for partnerships and funding resources to provide much needed public services in the community.

7. Summary

The Citizens Participation and Consultation process exceeded the base requirements of the most recent Citizen Participation Plan for the Consortium as well as the Plan, which the City of Kingsport utilizes for its own jurisdiction. All comments received were accepted, reviewed, and used in the development of the Consolidated Plan. The Consortium, as well as the City of Kingsport, will continue to tweak and revise its ongoing citizen participation strategy to, hopefully, continue to open up the process and encourage more intense participation by those affected by the activities described in this plan, as well as the general population of the jurisdiction.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Coordination with federal and local agencies, along with non-profit and for-profit organizations providing services to the low- and very-low income in the community is essential for the effectiveness of the CDBG program. Consultation with the community and affected service providers is a fundamental component of the Consolidated Plan and Action Plan process. The City of Kingsport welcomes and encourages the participation of all of its citizens in the development of these plans and in the review of progress in implementing plan activities. The City utilizes a Community Development Advisory Committee. Low- and low-moderate income persons, persons with disabilities, minorities and non-English speaking persons are encouraged to participate in the planning process. Additionally, residents of public housing and other assisted housing are encouraged to voice their needs and their opinions on the participating jurisdictions' current and future direction. Other stakeholders consulted in this plan include community, faith based organizations, health care providers, KHRA, Appalachian Regional Coalition on Homelessness, City, and County Departments of Social Services and school system are encouraged to become involved in the planning process. The City provides translators for non-English speaking persons who request assistance at least 3 days prior to hearings or other meetings in the planning process. Persons who need auxiliary aids or other assistance to be able to fully participate may request assistance at least 3 days in advance of the hearing or meeting. Drafts of the plan have been placed in City Hall, KHRA and in local library branches. Notices of public meetings and hearings have been published in local newspapers.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

To ensure the participation of and coordination between public and private agencies, the City's staff is frequently involved in various activities with the agencies and regularly attends meetings that address community needs. Remaining in close contact with vital housing and service providers, either in person or by phone, gives staff and the agencies a better understanding of current and changing needs. The City of Kingsport works diligently to keep abreast of issues that exist or that may arise that affect our homeless, special needs, and/or low-income residents. Some of the agencies contacted include Kingsport Housing and Redevelopment Authority, local health departments, social/human service agencies, United Way, Salvation Army, ARCH, Legal Aid of East TN, various divisions of the Planning department, including Code Enforcement and Inspections. The City will continue consultation with the staff of the Tennessee Housing Development Agency as necessary.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Kingsport maintains close contact with the Appalachian Regional Coalition on Homelessness (ARCH). City staff attends regular CoC meetings. ARCH meetings regularly have speakers that are either service providers to the homeless, shelter providers, veterans and others who work with families in need. Workshops are periodically held to provide information on the most urgent and current needs of the homeless and to solicit input from local agencies and organizations that may be helpful to other shelter or service providers in better meeting the needs of this population. The City of Kingsport also hired a Social Worker in early 2020 to work within the City Police Department. The Social Worker works directly with the homeless population in providing much needed legal and social service referrals.

In 2024 The City of Kingsport was awarded funding through THDA's ESG to create a street outreach program. This funding allowed the City to imbed a second social worker with the Kingsport City police.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Kingsport currently has three homeless service providers in its Continuum of Care the Salvation Army, Family Promise of Greater Kingsport, and Greater Kingsport Alliance for Development (GKAD). The Family Promise program offers shelter, meals, and supportive services to homeless families with minor children. The Family Promise shelter can accommodate up to 14 families. Family Promise is the only shelter in Kingsport that can accommodate two-parent families, families with teenaged boys and single fathers with teenage girls. GKAD serves low-moderate income families who are at-risk for homelessness or homeless, in partnership with the Kingsport Housing and Redevelopment Authority, GKAD provides services to keep individuals and families housed as well as assist in providing transitional housing and referral services as needed. The Salvation Army of Kingsport accommodates men, women, and families with overnight shelter as well as recently opening to provide day shelter and extend case management services to the public. Each agency is familiar with ARCH and collaborate their efforts to assist the homeless in our community.

The Tennessee Housing Development Agency provides state ESG funding to nonprofit organizations within the Consortium area.

AP-35 Projects - 91.420, 91.220(d)

Introduction

The projects the City chose to fund this year were the direct result of citizen input, CDAC recommendations, and basic needs of the community. Through the public hearing/meetings process, public facility improvements, homeless services, enrichment programs, housing rehabilitation, emergency housing repairs and other issues dealing with housing were the highest priorities. The age of housing, the high number of low-income homeowners, and the general low-income population has caused many houses to deteriorate due to lack of private funds to meet the needs. Homeowners many times are forced to live without adequate heating, unsafe wiring, and other unsafe living conditions. CDBG funds will address many of these issues.

For program year 2024-2025 the City received \$450,726.00 of that, we allocated \$67,608.90 to public services.

\$25,000 – United Way, the city has agreed to fund a portion of the homeless liaison position for 3-5 years, this is year 5.

\$42,608.90 – CD staff utilized a competitive funding round with scoring criteria to score the recommended organizations:

\$14,947.99- Friends in Need Dental Lab Equipment Expansion

\$10,000.00- Second Harvest Food Bank Food for Kids Backpack Program

\$3,000.00- Holston Terrace Food Bank El Colmandito de Mami

\$5,000.00- CASA 4 Kids Advocacy for Children

\$6,660.91- The Children's Advocacy Center of Sullivan County Counseling Program

\$3,000.00- KHRA Family Self-Sufficiency Community Enrichment Program

Funding for critical emergency home repairs made available through a competitive funding round with

scoring criteria to score the recommended organizations:

\$25,000.00 First Tennessee Area Agency on Aging and Disability

\$75,000.00 Holston Habitat for Humanity

\$72,970.90 for the City of Kingsport's in-house emergency home repair program KAHR.

Kingsport Community Development has a Community Development Advisory Committee (CDAC). CDAC Acts in an advisory capacity to assist in the planning and implementation of projects as part of the City's CDBG program and as such in the CDBG-CV funding requests. CDAC also reviews projects, services, and act as a liaison with the community. AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Most CDBG funds are not planned based on allocations to specific geographic areas within the City.

Housing rehabilitation funds are offered on a citywide basis, with a “first come-first served” priority.

Demolition funds are not planned for specific areas of city; however, our focus is improving low-moderate income areas of City.

Public Facility improvement funds will focus on low-moderate income areas of the City.

The funds for community services are spread across the city. However, funds are awarded based on the strength of the program and its impacts and not prioritized based on geographic factors.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Housing needs and public services will be addressed citywide because of the nature of the projects themselves. They will serve income-eligible persons with the greatest need.

CDBG funds that assist with demolition and public facilities will prioritize allocating funding in the low-moderate income areas of the City.

Discussion

In years past, the City of Kingsport undertook its CDBG program in certain qualified target areas in the City. Several neighborhoods were transformed as a result. These include Highland, Old Kingsport, Rotherwood Heights, Gibsontown and other smaller areas. As funding has decreased over the years, it has become increasingly difficult to allocate funds in target areas with significant impact. This has driven the City to offer funding to public service agencies and housing rehabilitation clients on a citywide basis.

The City of Kingsport along with Kingsport Housing and Redevelopment Authority has identified the following Redevelopment Districts: Downtown, Stonegate, Crown Point, Kingsport Mall District, East

Stone Commons, Riverwalk, and Lynn Garden.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Kingsport, Tennessee CDBG funds will be used to provide emergency repair/minor rehab 20 (20) single-family units.

The process for soliciting & funding applications is generally on a first come first served basis, unless the need is urgent. Homeowners who apply for this assistance do so voluntarily and with the understanding that they are not being displaced under HUD's Acquisition, Relocation, and Displacement Policy. They may be required to find alternative housing during the time period of the rehabilitation project. In some cases, a rehab project may not include the disturbance of lead paint surfaces; however, the City may still deem it in the best interests of the homeowner to find alternative housing with a family member or friend in order that the contractor may expedite the project. This program does not fund the expense of temporary housing for each family.

As a city, Kingsport has discovered there is a definite correlation between the rising cost of land, building materials and development costs as it relates to the lack of affordable housing in the Consortium area. All three of these factors have had a hand in driving up the cost of housing in the Consortium area putting it out of reach to the vast majority of low and moderate-income households. The Consortium members administer a number of ordinances and regulations that may in some ways be considered obstacles to affordable housing; however, each represents an integral part of administration for the greater good of the community.

The following regulations, codes, and policies were examined and determined necessary elements for city-wide planning for public safety and

welfare.

However, as noted each incorporates some degree of impediments to affordable housing:

1. Zoning Regulations
2. Subdivision Regulations
3. New Home Construction Codes
4. Unsafe Building Abatement Code
5. Property Taxes - City and County
6. Utility Board Restrictions
7. Southern Building Codes/BOCA
8. Code Enforcement
9. Unfunded Mandates
10. Poor Credit History
11. Inadequate Paying Jobs.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and

policies affecting the return on residential investment

<div>Efforts to remove barriers to affordable housing include the following:</div><div>- Continuation of the Fair Housing Program to assure that every citizen has equal access to housing opportunities. Fair Housing Resolutions will be adopted declaring April Fair Housing Month. </div><div>- Land Use Controls - Planning Commissions will continue working to implement land-use controls that promote housing development in a safe, efficient manner that is harmonious with existing neighborhoods.</div><div></div><div>- Zoning Ordinance - Board of Zoning Appeals shall monitor requests for zoning variances due to hardships imposed by specific zoning regulations to determine if existing regulations are unreasonable.</div><div></div><div>- Building Codes - Continue to monitor the International Building Code and BOCA for changes in restrictions, which might be extraordinary and potentially unreasonable.</div><div></div><div>- Infrastructure Requirements - The Planning and Engineering Departments will scrutinize the impact of infrastructure costs, along with utility fees and subdivision design requirements on the provision of affordable housing.</div><div></div>

Discussion

The City of Kingsport follows the State of Tennessee Fair Housing Ordinance in adjudicating fair housing issues and receives services from the East Tennessee Legal Services agency and the Knoxville and Richmond area HUD offices to address the most serious fair housing issues.

The City of Kingsport has previously adopted a Fair Housing Ordinance that prohibits discrimination in housing practices and incorporates provisions of the Civil Rights Act of 1964, the Fair Housing Act of 1968, and the Fair Housing Amendments Act of 1988. The documents include protection for all citizens regardless of race, color, sex, religion, national origin, disability, or familial status.

Presently, there are no private organizations in the community that address fair housing issues or provide fair housing services. Most agencies within the area tend to provide little more than referral services.

The City of Kingsport, under the HUD program guidelines provides informational programs to the public through printed material, public notices, and local media advertising. The local Board of Realtors, as well as the Mortgage Bankers Association, also provides written materials to the public and to their housing clients.

The First Tennessee Development District also provides informational programs to area realtors, lenders, and appraisers in order to better

educate our partners about fair housing practices for Kingsport residents.

Public awareness and education of Fair Housing Laws are a continuing activity. These activities include interviews with the media, distribution of informational brochures, display of Fair Housing posters and publication of information and advertisements to make the public more aware of Fair Housing issues.

Legal Aid of East Tennessee (LAET) is the agency to which the majority of discrimination claims are directed. They report that the greatest number of discriminatory practices involve race and familial status (women with children). Statistical information regarding number of complaints received and their resolution is available from Legal Aid of East Tennessee. LAET has conducted training sessions with property owners and key housing providers and their staff (housing authorities), as well as with tenants, reviewing the Landlord Tenant Act. Regular Fair Housing Act outreach to voucher recipients at Kingsport Housing & Redevelopment Authority is conducted.

Voucher property owners in Kingsport have been trained on the Fair Housing Act, as have the staff members. Additionally, special efforts at outreach regarding the Fair Housing Act have been made to the HOPE VI tenants in Kingsport with the assistance of the Central Baptist Church.

Through these educational programs and services, we are striving to provide information to any who feel they may be experiencing discrimination, whether it be the disabled, the elderly, or those in any of the fair housing protected classes of people

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section discusses other actions to be addressed by the Community Development office of the City of Kingsport.

Actions planned to address obstacles to meeting underserved needs

The City of Kingsport has previously adopted a Fair Housing Ordinance that prohibits discrimination in housing practices and incorporates provisions of the Civil Rights Act of 1964, the Fair Housing Act of 1968, and the Fair Housing Amendments Act of 1988. The documents include protection for all citizens regardless of race, color, sex, religion, national origin, disability, or familial status. The distribution of the “Fair Housing, It’s Your Right” occurs with contacts with CDBG and other program beneficiaries.

Fair Housing complaints are received and attended by the Community Development office of the City. As inquiries and complaints are received, either they are reviewed and, as appropriate, forwarded to the Fair Housing office of HUD, the Tennessee Human Rights Commission, or to Legal Services of Upper East Tennessee office which provides fair housing advocacy and counseling.

Community Development also provides the locally produced “About Renting” booklet that provides valuable information regarding fair housing rights and remedies. City Community Development staff participates with the Legal Services of Upper East Tennessee staff in providing fair housing training to the staff of the Kingsport Housing and Redevelopment Authority. KHRA staff is traditional points of contact with populations identified as particularly prone to fair housing concerns.

The City will be attempting to strengthen and/or expand its cooperative relationship with local agencies. While previous outreach resulted in awareness of new programs and consideration of funding, Community Development hopes to continue development of a better-coordinated approach and build on this new relationship as a vehicle to raise awareness of minority needs in the community at large.

Community Development staff has been working with City Planning staff to ensure inclusion of non-discrimination and Fair Housing rights language in various communications the City Planning Department staff produce and distribute to citizens during development proposals. Staff believes that development projects generate a heightened awareness among affected citizenry and these would be excellent times to communicate discrimination and Fair Housing rights.

Actions planned to foster and maintain affordable housing

The City of Kingsport continues to offer rehabilitation and emergency repair to low and moderate income homeowners in the City on a citywide basis. The City believes this program not only provides decent, safer, and more accessible housing for those families and individuals in need, but overall help maintain an affordable housing stock for the city. The City of Kingsport will continue to work with our Kingsport Housing and Redevelopment Authority in providing affordable housing opportunities to low-

moderate income citizens of Kingsport.

Actions planned to reduce lead-based paint hazards

Housing rehabilitation programs and modernization of public housing units by the Kingsport Housing and Redevelopment Authority will continue to abate lead-based paint as it is encountered. Each unit rehabilitated by the City will be assessed for existing and potential lead-based paint hazards, which will be abated. All households receiving home repair assistance will receive "Lead Based Paint" information booklet. The number of units targeted for rehabilitation or emergency repair is 20.

Actions planned to reduce the number of poverty-level families

Employment opportunities are the key to reducing the number of households living in poverty. Many times a lack of education and/or skills training for many adults limit their employment potential. Improving the economy within the Consortium area is an essential element in the anti-poverty strategy. Kingsport's Economic Development Task Force, Bristol, Tennessee's Industrial Development Board, Bristol, Virginia's Economic Development Committee, and Johnson City's Economic Development Board all are working to increase opportunities for families living in poverty.

In June 2004, the Sullivan County Economic Development Partnership was formed. It is composed of the cities of Bluff City, Bristol, Kingsport, and Sullivan County, Tennessee. The Partnership is a governmental entity that consolidates the economic development program for all of Sullivan County. This entity is charged to establish, coordinate, and implement a comprehensive economic development agency whose purpose is to develop and implement an overall economic development strategic plan. The Partnership seeks to stimulate development in new manufacturing and services, existing businesses, retail destinations/venues, small business and startups and support hospitality and tourism.

Objectives used to meet this goal involve the use of federal funds for homeownership assistance, rehabilitation of housing, infrastructure improvement, utility tap fees, and PSAs to educate the public about fair housing choice. Efforts will be coordinated with the local Housing Authorities Comprehensive Grant programs to provide rental units for low-income elderly, handicapped, and families.

Community Development staff will continue to work with the City of Kingsport Planning and Economic Development Departments to increase economic development and opportunity for low-moderate income citizens of Kingsport.

Actions planned to develop institutional structure

There are no proposals to change the existing Institutional Structure. The Kingsport Housing and Redevelopment Authority is not considered a "troubled" public housing agency and most of the other

public and social service agencies in the Kingsport area are very well organized and strong. Actions to improve the structure will be taken, as they become apparent.

Actions planned to enhance coordination between public and private housing and social service agencies

The City has a tradition of supporting Public Service agencies with Federal and local funding. In 2025/2026, Community Development proposes to fund agencies, which perform Public Service functions, which serve low and moderate-income persons in the City. The maximum amount available for Public Service funding is \$65,109.60 to be distributed to local non-profit agencies who apply for funding and meet funding criteria. Community Development will continue to support the United Way Homeless efforts by providing \$25,000 to for a homeless liaison, who provides direct service and referrals to those experiencing or at-risk for homelessness in the City of Kingsport. The Community Development office will solicit applications from public service organization in April 2025. The activities proposed by all agencies must meet basic eligibility criteria under CDBG regulations.

HOPE VI – For Program Year 2023, the City proposes to set aside \$70,000 for payment of annual installments for a Section 108 Loan in support of the HOPE VI Riverview/Sherwood/Hiwassee Improvement project. The City received approval for \$856,000 Section 108 Loan funds to provide support assistance in the Riverview and Sherwood/Hiwassee neighborhoods as part of the HOPE VI project. Section 108 requires that the local jurisdiction utilize its current and future CDBG funds as collateral for the loan. HUD has calculated that the City would need to set aside approximately \$70,000 CDBG funds per year for 20 years to support this proposal.

Discussion

While the City of Kingsport is a regional leader in economic development strategies, the Community Development Block Grant program is not regularly utilized for these efforts.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation — It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan — Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan — It is following a current consolidated plan that has been approved by HUD.

Use of Funds — It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2024-2025 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force — It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
