## AGENDA ACTION FORM

### **Amend the 2015 Consolidated Plan for Housing and Community Development**

To: Board of Mayor and Aldermen  
 From: Jeff Fleming, City Manager

Action Form No.: AF-290-2016  
 Work Session: October 31 2016  
 First Reading: N/A

Final Adoption: November 1, 2016  
 Staff Work By: Haga  
 Presentation By: Lynn Tully, AICP

#### **Recommendation:**

Conduct Public Hearing and approve the Resolution.

#### **Executive Summary:**

In May 2015, the Northeast Tennessee/Southwest Virginia HOME Consortium approved and submitted its 2015 Consolidated Plan for Housing and Community Development. As a member of the Consortium, the City of Kingsport participated in the development of the Consolidated Plan, the mechanism through which member jurisdictions apply for HOME and CDBG funding. The Consolidated Plan outlines the goals, objectives and actions member jurisdictions plan to undertake using various Federal funds. Agencies within the service area of the Consortium who apply for Federal funding must certify that projects for which they apply are consistent with the local Consolidated Plan.

The Kingsport Housing and Redevelopment Authority have been in the process of developing a plan to redevelop the public housing developments of Kingsport and their surrounding neighborhoods. At the time of the development of the 2015 Consortium Consolidated Plan, KHRA's plans did not specifically identify activities or projects in detail enough to include in the Consolidated Plan. KHRA is now proposing to apply for funding to begin the acquisition and demolition pieces of the Midtown Plan, as well as some other preliminary activities in other developments. As such, a certification that the projects are consistent with the Consolidated Plan must be approved by the Consortium Board of Directors. This process must involve a public hearing and approval of a resolution requesting the amendment from the local participating jurisdiction. Attached is a resolution requesting the Consortium Board of Directors to approve an amendment to the 2015 Consolidated Plan.

WHEREAS, the City of Kingsport desires to assist the Kingsport Housing and Redevelopment Authority (KHRA) in its efforts to redevelop the public housing developments in the city; and

WHEREAS, KHRA must certify that the public housing redevelopment project is consistent with the 2015 Consolidated Plan of the Northeast TN/Southwest VA HOME Consortium.

Now therefore,

#### **Recommendation:**

To approve the resolution authorizing administration of the Façade & Redevelopment Grant Program by the KEDB and approve the budget Ordinance to provide funding in the amount of \$60,000.

#### **Executive Summary:**

We have for several years authorized the KEDB to administer the Downtown Façade & Redevelopment grant program. As the funds have dwindled over time, this resolution provides for additional funds for the program in the amount of \$60,000. The program has become increasingly successful, providing over \$659,750 in grant funds since 2007 in 61 different projects. The typical project receives an average of \$10,282 each at a 50% match.

#### **Recommendation:**

Approve the Resolution and Ordinance.

#### **Executive Summary:**

In an effort to promote smart growth and infill development as well as encourage the new housing market within the Kingsport city limits, the City of Kingsport passed the Materials Agreement Policy as set forth in Resolution 2007-084. Developers have the opportunity to enter into an agreement with the City whereas the City furnishes the water and sewer materials for the developers use within the developer's proposed subdivision. The developer would be responsible for posting a cash bond covering the cost of the materials that would be available for refund (minus sales tax) once the project is completed and has been approved by the City Engineer and the Regional Planning Commission.

Pursuant to the policy, Danny Karst has requested that his proposed development, Edinburgh South Phase I, be allowed to participate in the materials agreement program. The total amount of the agreement is proposed at \$36,694.42 for a new twenty three (23) lot development.

To date, including this development, the program has supported 835 new/proposed lots within the City of Kingsport. Of those lots, 392 Building Permits and 323 Certificates of Occupancy have been issued to date.

2. The plans for the proposed water and sewer line improvement of the subdivided property have been submitted to and approved by the City of Kingsport, City Engineer and will require 2,122 LF of sewerline and 735 LF of waterline to construct.

3. The estimated cost of the materials listed in paragraph 2 above is approximately \$36,694.42. The Developer will purchase this material from the City for use for construction pursuant to this contract only.

Once this conveyance has been made and all the permits needed have been issued, all the inspections completed and passed, and all the payments have been made to the City by the Developer, the City will cause the said line to be connected to the main distribution line of the City.

6. The Developer will reimburse the City for any materials or engineering work required not covered by this agreement.

7. Prior to any reimbursement by the City to the Developer, the Developer will cause the property to be completely annexed into the corporate limits of the City.

9. The Developer will pay the City for the materials listed above and supplied by the City, and upon completion of the laying of water and sewer lines according to specification of and the plans approved by the City, and upon the Developer fully performing all the requirements contained in this agreement the City will reimburse the Developer for the amount paid to the City for the pipe purchased and used in the subdivision, less state and local sales tax.

10. The purpose of this agreement is to reimburse the Developer for 100% of cost of the water and sewer material, less state and local sales tax, with said materials being purchased from the City, and reimbursement for the cost of the materials being made to the Developer subject to the satisfactory completion of all terms of this agreement including complete annexation of the property into the corporate limits of the City.

11. It is understood that the Developer will do any and all ditching, laying of the pipelines, and any and all other work that may be necessary to meet the specifications of the City.

12. Any unused materials acquired by the Developer from the City will be returned to the City and the costs of such material, if returned undamaged, will be credited to the Developer.

KINGSPORT CITY SCHOOLS  
FISCAL YEAR 2016-2017  
BUDGET AMENDMENT NUMBER TWO

**CAPITAL PROJECTS FUND**

The programming and schematic design phase of the D-B Science and Technology center is almost complete. The architects will soon be ready to move into the design development phase. The initial funding, of \$200,000, only included the programming and schematic design phase. In order for the architects to continue into the next phase it is necessary to establish additional funding. The funding required through the design development phase is \$275,700. An amendment to the Will+Perkins agreement will be presented at the November BOE meeting, but since the approval of a budget amendment takes longer we wanted to start this approval a little earlier. Ultimately funding for this work will come from the proposed \$140 million Sullivan County Bond Funds. In the interim funds will need to be identified from another source.

There is a project for the Indian Highland Parking Lot Improvements in the amount of \$300,000. This project will be completed in the summer of 2017. Since it will be a few months from now before these funds are needed, it is recommended that \$100,000 of these funds be transferred to the project for the construction of the Dobyns-Bennett Regional Science and Technology Center. When funds are received from the proposed Sullivan County Bonds, the Indian Highland Parking Lot Improvements project will be reimbursed.

- d. The Grantee's failure to provide a final grant disbursement reconciliation report to the state as required shall result in the Grantee being deemed ineligible for reimbursement under this Grant Contract, and the Grantee shall be required to refund any and all payments by the state pursuant to this Grant Contract.

Once the Grantee makes an election and treats a given cost as direct or indirect, it must apply that treatment consistently and may not change during the Term. Any changes in the approved indirect cost rate must have prior approval of the cognizant federal agency or the cognizant state agency, as applicable. If the indirect cost rate is provisional during the Term, once the rate becomes final, the Grantee agrees to remit any overpayment of funds to the State, and subject to the availability of funds the State agrees to remit any underpayment to the Grantee.

**C.9 Cost Allocation.** If any part of the costs to be reimbursed under this Grant Contract are joint costs involving allocation to more than one program or activity, such costs shall be allocated and reported in accordance with the provisions of Department of Finance and Administration Policy Statement 03 or any amendments or revisions made to this policy statement during the Term.

**C.10. Payment of Invoice.** A payment by the State shall not prejudice the State's right to object to or question any reimbursement, invoice, or related matter. A payment by the State shall not be construed as acceptance of any part of the work or service provided or as approval of any amount

as an allowable cost.

C.11. Non-allowable Costs. Any amounts payable to the Grantee shall be subject to reduction for amounts included in any invoice or payment that are determined by the State, on the basis of audits or monitoring conducted in accordance with the terms of this Grant Contract, to constitute unallowable costs.

D.3 Termination for Convenience. The State may terminate this Grant Contract without cause for any reason. A termination for convenience shall not be a breach of this Grant Contract by the State. The State shall give the Grantee at least thirty (30) days written notice before the effective termination date. The Grantee shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the State be liable to the Grantee for compensation for any service that has not been rendered. The final decision as to the amount for which the State is liable shall be determined by the State. The Grantee shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the State's exercise of its right to terminate for convenience.

The Grantee shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.9 Subject to Funds Availability. This Grant Contract is subject to the appropriation and availability of State or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Grant Contract upon written notice to the Grantee. The State's right to terminate this Grant Contract due to lack of funds is not a breach of this Grant Contract by the State. Upon receipt of the written notice, the Grantee shall cease all work associated with the Grant Contract. Should such an event occur, the Grantee shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Grantee shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.10. Nondiscrimination. The Grantee hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Grant Contract or in the employment practices of the Grantee on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal, Tennessee state constitutional, or statutory law. The Grantee shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.11. HIPAA Compliance. The State and the Grantee shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Health Information

Technology for Economic and Clinical Health Act (HITECH) and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). The obligations set forth in this Section shall survive the termination of this Grant Contract.

a. The Grantee warrants to the State that it is familiar with the requirements of the Privacy Rules and will comply with all applicable HIPAA requirements in the course of this Grant Contract.

b. The Grantee warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of this Grant Contract so that both parties will be in compliance with the Privacy Rules.

c. The State and the Grantee will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and the Grantee in compliance with the Privacy Rules. This provision shall not apply if information received by the State under this Grant Contract is NOT "protected health information" as defined by the Privacy Rules, or if the Privacy Rules permit the State to receive such information without entering into a business associate agreement or signing another such document.

D.12. Public Accountability. If the Grantee is subject to Tenn. Code Ann. § 8-4-401 *et seq.*, or if this Grant Contract involves the provision of services to citizens by the Grantee on behalf of the State, the Grantee agrees to establish a system through which recipients of services may present grievances about the operation of the service program. The Grantee shall also display in a prominent place, located near the passageway through which the public enters in order to receive Grant supported services, a sign at least eleven inches (11") in height and seventeen inches (17") in width stating:

NOTICE: THIS AGENCY IS A RECIPIENT OF TAXPAYER FUNDING. IF YOU OBSERVE AN AGENCY DIRECTOR OR EMPLOYEE ENGAGING IN ANY ACTIVITY WHICH YOU CONSIDER TO BE ILLEGAL, IMPROPER, OR WASTEFUL, PLEASE CALL THE STATE COMPTROLLER'S TOLL-FREE HOTLINE: 1-800-232-5454.

The sign shall be on the form prescribed by the Comptroller of the Treasury. The Grantor State Agency shall obtain copies of the sign from the Comptroller of the Treasury, and upon request from the Grantee, provide Grantee with any necessary signs.

D.13. Public Notice. All notices, informational pamphlets, press releases, research reports, signs, and similar public notices prepared and released by the Grantee in relation to this Grant Contract shall include the statement, "This project is funded under a grant contract with the State of Tennessee." All notices by the Grantee in relation to this Grant Contract shall be approved by the State.

D.14. Licensure. The Grantee, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.15. Records. The Grantee and any approved subcontractor shall maintain documentation for all charges under this Grant Contract. The books, records, and documents of the Grantee and any approved subcontractor, insofar as they relate to work performed or money received under this Grant Contract, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Grantee's records shall be subject to audit at any reasonable time and upon reasonable notice by the Grantor State Agency, the Comptroller of the Treasury, or their duly appointed representatives. The records shall be maintained in accordance with Governmental Accounting Standards Board (GASB) Accounting Standards or the Financial Accounting Standards Board (FASB) Accounting Standards Codification, as applicable, and any related AICPA Industry Audit and Accounting guides. In addition, documentation of grant applications, budgets, reports, awards, and expenditures will be maintained in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Grant expenditures shall be made in accordance with local government purchasing policies and procedures and purchasing procedures for local governments authorized under state law. The Grantee shall also comply with any recordkeeping and reporting requirements prescribed by the Tennessee Comptroller of the Treasury.

The Grantee shall establish a system of internal controls that utilize the COSO Internal Control Integrated Framework model as the basic foundation for the internal control system. The Grantee shall incorporate any additional Comptroller of the Treasury directives into its internal control system.

Any other required records or reports which are not contemplated in the above standards shall follow the format designated by the head of the Grantor State Agency, the Central Procurement Office, or the Commissioner of Finance and Administration of the State of Tennessee.

D.16. Monitoring. The Grantee's activities conducted and records maintained pursuant to this Grant

Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.

D.17. Progress Reports. The Grantee shall submit brief, periodic, progress reports to the State as requested.

D.18. Annual and Final Reports. The Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. For grant contracts with a term of less than one (1) year, the Grantee shall submit a final report within three (3) months of the conclusion of the Term. For grant contracts with multiyear terms, the final report will take the place of the annual report for the final year of the Term. The Grantee shall submit annual and final reports to the Grantor State Agency and the Department of Finance and Administration ("F&A"). Send electronic copies of annual and final reports to F&A at [fa.audit@tn.gov](mailto:fa.audit@tn.gov). At minimum, annual and final reports shall include: (a) the Grantee's name; (b) the Grant Contract's Edison identification number, Term, and total amount; (c) a narrative section that describes the program's goals, outcomes, successes and setbacks, whether the Grantee used benchmarks or indicators to determine progress, and whether any proposed activities were not completed; and (d) other relevant details requested by the Grantor State Agency. Annual and final report documents to be completed by the Grantee shall appear on the Grantor State Agency's website or as an attachment to the Grant Contract.

D.19. Audit Report. The Grantee shall be audited in accordance with applicable Tennessee law. If the Grantee is subject to an audit under this provision, then the Grantee shall complete Attachment Two.

When a federal single audit is required, the audit shall be performed in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

A copy of the audit report shall be provided to the Comptroller by the licensed, independent public accountant. Audit reports shall be made available to the public.

D.20. Procurement. If other terms of this Grant Contract allow reimbursement for the cost of goods, materials, supplies, equipment, motor vehicles, or contracted services, procurements by the Grantee shall be competitive where practicable. For any procurement for which reimbursement is paid under this Grant Contract, the Grantee shall document the competitive procurement method. In each instance where it is determined that use of a competitive procurement method is not practicable, supporting documentation shall include a written justification for the decision and for the use of a non-competitive procurement. If the Grantee is a subrecipient, the Grantee shall comply with 2 C.F.R. §§ 200.318-200.326 when procuring property and services under a federal award.

The Grantee shall obtain prior approval from the State before purchasing any equipment or motor vehicles under this Grant Contract.

D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Grant Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.22. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Grant Contract. The parties acknowledge that they are independent contracting entities and that nothing in this Grant Contract shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.23. State Liability. The State shall have no liability except as specifically provided in this Grant Contract.

D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume

performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may, upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Grantee will not increase its charges under this Grant Contract or charge the State any fees other than those provided for in this Grant Contract as the result of a Force Majeure Event.

D.25. Tennessee Department of Revenue Registration. The Grantee shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 - 608. Compliance with applicable registration requirements is a material requirement of this Grant Contract.

D.26. Reserved.

D.27. State Interest in Equipment or Motor Vehicles. The Grantee shall take legal title to all equipment or motor vehicles purchased totally or in part with funds provided under this Grant Contract, subject to the State's equitable interest therein, to the extent of its *pro rata* share, based upon the State's contribution to the purchase price. The term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds five thousand dollars (\$5,000.00). The term "motor vehicle" shall include any article of tangible personal property that is required to be registered under the "Tennessee Motor Vehicle Title and Registration Law", Tenn. Code Ann. Title 55, Chapters 1-6.

As authorized by the Tennessee Uniform Commercial Code, Tenn. Code Ann. Title 47, Chapter 9 and the "Tennessee Motor Vehicle Title and Registration Law," Tenn. Code Ann. Title 55, Chapters 1-6, the parties intend this Grant Contract to create a security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant Contract. A further intent of this Grant Contract is to acknowledge and continue the security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grant Contracts between the State and the Grantee.

The Grantee grants the State a security interest in all equipment or motor vehicles acquired in whole or in part by the Grantee under this Grant Contract. This Grant Contract is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment or motor vehicles herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the State a security interest in said equipment or motor vehicles. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment or motor vehicles herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract in such form as the State may require to perfect a security interest with respect to said equipment or motor vehicles. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment or motor vehicles, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract, including the covenants to pay when due all sums secured by this Grant Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant Contract. The Grantee shall maintain a perpetual inventory system for all equipment or motor vehicles purchased with funds provided under this Grant Contract and shall submit an inventory control report which must include, at a minimum, the following

- d. Description of the equipment or motor vehicles;
- e. Manufacturer's serial number or other identification number, when applicable;
- f. Consecutive inventory equipment or motor vehicles tag identification;

- g. Acquisition date, cost, and check number;
- h. Fund source, State Grant number, or other applicable fund source identification;
- i. Percentage of state funds applied to the purchase;
- j. Location within the Grantee's operations where the equipment or motor vehicles is used;
- k. Condition of the property or disposition date if Grantee no longer has possession;
- l. Depreciation method, if applicable; and
- m. Monthly depreciation amount, if applicable.

The Grantee shall tag equipment or motor vehicles with an identification number which is cross referenced to the equipment or motor vehicle item on the inventory control report. The Grantee shall inventory equipment or motor vehicles annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment or motor vehicles purchased with funding through this Grant Contract within thirty (30) days of its end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. The Grantee shall notify the State, in writing, of any equipment or motor vehicle loss describing the reasons for the loss. Should the equipment or motor vehicles be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment or motor vehicles purchased with Grant funds. All equipment or motor vehicles shall be disposed of in such a manner as the parties may agree from among alternatives approved by the Tennessee Department of General Services as appropriate and in accordance with any applicable federal laws or regulations.

D.28. State and Federal Compliance. The Grantee shall comply with all applicable state and federal laws and regulations in the performance of this Grant Contract. The U.S. Office of Management and Budget's Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is available here: <http://www.ecfr.gov/cgi-bin/text-idx?SID=c6b2f053952359ba94470ad3a7c1a975&tpl=/ecfrbrowse1Title02/2cfr200main02.tpl>

D.29. Governing Law. This Grant Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Grantee agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Grant Contract. The Grantee acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.30. Completeness. This Grant Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Grant Contract supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.31. Severability. If any terms and conditions of this Grant Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Grant Contract are declared severable.

D.32. Headings. Section headings are for reference purposes only and shall not be construed as part of this Grant Contract.

#### E. SPECIAL TERMS AND CONDITIONS:

E.1 Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Grant Contract, the special terms and conditions shall be subordinate to the Grant Contract's other terms and conditions.

E.2 Debarment and Suspension. The Grantee certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;
- b. have not within a three (3) year period preceding this Grant Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local)

transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Grant Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Grantee shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

E.3 Environmental Tobacco Smoke. Pursuant to the provisions of the federal "Pro-Children Act of 1994" and the "Children's Act for Clean Indoor Air of 1995," Tenn. Code Ann. §§ 39-17-1601 through 1606, the Grantee shall prohibit smoking of tobacco products within any indoor premises in which services are provided to individuals under the age of eighteen (18) years. The Grantee shall post "no smoking" signs in appropriate, permanent sites within such premises. This prohibition shall be applicable during all hours, not just the hours in which children are present. Violators of the prohibition may be subject to civil penalties and fines. This prohibition shall apply to and be made part of any subcontract related to this Grant Contract.

E.4 Federal Funding Accountability and Transparency Act (FFATA).

This Grant Contract requires the Grantee to provide supplies or services that are funded in whole or in part by federal funds that are subject to FFATA. The Grantee is responsible for ensuring that all applicable FFATA requirements, including but not limited to those below, are met and that the Grantee provides information to the State as required.

The Grantee shall comply with the following:

a. Reporting of Total Compensation of the Grantee's Executives.

(1) The Grantee shall report the names and total compensation of each of its five most highly compensated executives for the Grantee's preceding completed fiscal year, if in the Grantee's preceding fiscal year it received:

i. 80 percent or more of the Grantee's annual gross revenues from Federal procurement contracts and federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and sub awards); and

ii. \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and sub awards); and

iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. § 78m(a), 78o(d)) or § 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>).

As defined in 2 C.F.R. § 170.315, "Executive" means officers, managing partners, or any other employees in management positions.

(2) Total compensation means the cash and noncash dollar value earned by the executive during the Grantee's preceding fiscal year and includes the following (for more information see 17 CFR § 229.402(c)(2)):

i. Salary and bonus.

ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.

v. Above-market earnings on deferred compensation which is not tax qualified.

vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

b. The Grantee must report executive total compensation described above to the State by the end of the month during which this Grant Contract is established.

c. If this Grant Contract is amended to extend its term, the Grantee must submit an executive total compensation report to the State by the end of the month in which the amendment to this Grant Contract becomes effective.

d. The Grantee will obtain a Data Universal Numbering System (DUNS) number and maintain its DUNS number for the term of this Grant Contract. More information about obtaining a DUNS Number can be found at: <http://fedgov.dnb.com/webform/>.

The Grantee's failure to comply with the above requirements is a material breach of this Grant Contract for which the State may terminate this Grant Contract for cause. The State will not be obligated to pay any outstanding invoice received from the Grantee unless and until the Grantee is in full compliance with the above requirements.

E.5 FTA Compliance. All applicable terms of FTA Master Agreement, dated October 1, 2015 are incorporated herein by reference.

E.6 T.C.A. Section 13-10-107 Compliance.

1) Grantee agrees to proceed expeditiously with and complete the project in accordance with plans approved by the Commissioner of TDOT ("Commissioner");

2) Grantee agrees to commence and continue operation of the project on completion of the project and not to discontinue operations or dispose of all or part of the project without Commissioner's prior written approval;

3) Grantee agrees to apply for and make reasonable efforts to secure federal assistance for the project, subject to any conditions the Commissioner may require in order to maximize the amounts of such assistance received or to be received for all projects in the State; and

4) Grantee agrees to provide Grantee's share of the cost of the project and comply with T.C.A. § 13-10-107(c) (4).

E.7 The Grantee agrees:

(a) To use the equipment acquired under this Grant only for the purposes and the manner set forth in their application.

(b) At the beginning of each calendar year, the Grantee shall certify that the equipment received under this Grant is still being used in accordance with the terms and provisions of this agreement.

(c) To pay all fees on the equipment acquired through this Grant, including but not limited to, title and registration fees.

(d) To be responsible for all costs and expenses related to the operation, maintenance, and repair of the equipment acquired through this Grant Agreement.

(e) To provide licensed drivers, as required by the Tennessee Department of Safety, for operation of all equipment received under this Grant.

(f) To provide insurance of all vehicles acquired under this Grant for the following minimum amounts:

5) Personal Injury Liability - minimum of \$300,000.00 per person and \$1,000,000.00 per incident.

6) Property Damage Liability - minimum of \$300,000.00 per incident.

7) Comprehensive - maximum deductible of \$500.00.

8) Collision - maximum deductible of \$500.00.

9) Uninsured Motorist - minimum of \$50,000.00 per person and \$100,000.00 per incident.

This insurance shall be in effect at all times while the vehicle is used for public transportation services or service vehicle purposes in operations. The Grantee shall furnish the State with evidence of such insurance at the time the equipment is delivered to the Grantee and annually on the anniversary date of the delivery of the equipment. Upon demand by the State, the Grantee shall provide proof of insurance at any time during the term of useful life of equipment.

(g) That any vehicles received under this Grant will comply with the Motor Vehicle Safety Standards as established by the United States Department of Transportation.

(h) That any vehicles received under this Grant shall be used for not less than the useful life.

The useful life of all vehicles purchased under the grant is as listed in the grant document filed with the Federal Transit Administration (FTA). Upon reaching the expiration of the useful life of the equipment, the state may ask the Grantee to provide written notice to the State.

SECTION I. That an agreement with Perkins + Will for Phase Three (3) Design Development Architectural Services for the Dobyys-Bennett High School Science and Technology Center and Dobyys-Bennett High School Renovations is approved.

SECTION II. That the mayor, or in his absence, incapacity, or failure to act, the vice-mayor, is authorized and directed to execute, in a form approved by the city attorney and subject to the requirements of Article X, Section 10 of the Charter of the City of Kingsport, the agreement with Perkins + Will for Phase Three (3) Design Development Architectural Services for the Dobyys-Bennett High School Science and Technology Center and Dobyys-Bennett High School Renovations and all other documents necessary and proper, and to take such acts as necessary, to effectuate the purpose of the agreement or this resolution, said agreement being as follows:

**AGREEMENT FOR PROFESSIONAL SERVICES**

THIS AGREEMENT, effective on October 1, 2016, by and between Perkins + Will, Inc., Inc., hereinafter referred to as "CONSULTANT" and the CITY OF KINGSPORT, hereinafter referred to as "OWNER".

**WITNESSETH:**

WHEREAS, OWNER has need for professional services and other adjunct services as may be authorized by OWNER for Architectural Services for the Dobyys-Bennett High School Science and Technology Center and Dobyys-Bennett High School Renovations, and;

WHEREAS, CONSULTANT desires to provide such services and being competent to do so;

NOW THEREFORE, OWNER and CONSULTANT in consideration of the mutual covenants and agreements herein contained, do hereby agree as follows:

**ARTICLE I**

**SCOPE OF SERVICES AND SCHEDULE**

1.1 The work and services to be performed (hereinafter referred to as "Services") by CONSULTANT shall be in accordance with CONSULTANT's Scope of Work, as detailed in Appendix A attached hereto and made a part hereof as though fully set out in the body of this Agreement.

1.2 On receiving authorization to proceed with the work, CONSULTANT shall proceed with the Scope of Work contained in Appendix A.

1.3 CONSULTANT shall proceed on a schedule mutually agreed with OWNER.

## **ARTICLE II INDEPENDENT CONTRACTOR**

2.1 CONSULTANT warrants to be an independent contractor and responsible for its Services, and not as the agent of OWNER, in performing the Agreement, maintaining complete control over its employees and all of its subcontractors. Nothing contained in this Agreement or any subcontract awarded by CONSULTANT shall create any contractual relationship between any such subcontractor and OWNER. CONSULTANT shall provide services in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances. The CONSULTANT shall review State of Tennessee and City of Kingsport laws and regulations applicable to its services.

CONSULTANT agrees to comply with all applicable Federal, State and Local codes and ordinances, including all applicable requirements of the Americans with Disabilities Act, in the design or implementation of the Project.

## **ARTICLE III COMMITMENT OF PERSONNEL**

3.1 CONSULTANT represents that it has, or will secure at its own expense, the qualified personnel required in performing the Services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with OWNER.

3.2 All the Services required hereunder will be performed by CONSULTANT or subcontractors under their supervision and all personnel engaged in the Services shall be fully qualified and shall be authorized or permitted under State of Tennessee and local laws to perform such Services.

## **ARTICLE IV COMPENSATION**

4.1 OWNER agrees to compensate CONSULTANT for Services performed pursuant to Article I, which Services are identified in Appendix A, for an amount not to exceed ONE HUNDRED TWO THOUSAND FIVE HUNDRED TWENTY SIX DOLLARS AND ZERO CENTS (\$102,526.00). Said fee is inclusive of all labor, expenses and subcontracts to complete all elements of the Services for the Scope of Work, (Appendix A) except as may be identified as OWNER'S Responsibility in Appendix A, if such is included.

4.2 CONSULTANT shall submit periodic invoices in a form consistent with OWNER'S needs. Invoices for work performed shall indicate the time period during which the work was performed. The invoices are to be signed and certified as to their accuracy.

4.3 OWNER will promptly review monthly invoices. OWNER may require any additional information deemed necessary and appropriate to substantiate the invoice. OWNER shall have ten (10) work days from date of receipt from CONSULTANT of an invoice to reject all or any part of the invoice. OWNER shall pay the undisputed amounts to CONSULTANT within thirty (30) days of receipt of the invoice. The invoice shall show the percentage of completion of the Services as of the end of the period covered by the invoice.

4.4 CONSULTANT shall be responsible for alerting OWNER in any instance when it anticipates exceeding the budget amount; shall provide justification for same; and shall do so prior to expending 100% of the amount set out in 4.1 of this Agreement. The Agreement may be amended as the work progresses, provided CONSULTANT receives written authorization from OWNER to make such amendments.

## **ARTICLE V PERIOD OF PERFORMANCE**

5.1 The Scope of the Services to be performed by CONSULTANT shall commenced on the date when this Agreement is executed by all the parties. The Scope of the Service shall be fully and finally completed by December 31, 2016, unless the parties mutually agree in writing to extend the time. Final completion is the completion of all Services and all contract requirements by CONSULTANT.

## **ARTICLE VI LIABILITY AND INSURANCE**

6.1 Public and Professional Liability - CONSULTANT shall fully indemnify, defend and save harmless OWNER, its Board of Mayor and Aldermen, employees and agents from and against damages, liabilities, expenses, compensations, claims, demands, suits or judgments of sums of money, including but not limited to court costs and reasonable counsel fees, to any party for loss of life or injury or damage to persons or property to the extent caused by, any negligent act, error, omission, of CONSULTANT, its agents, servants, or employees while engaged upon or in connection with the Services required or performed by CONSULTANT. The provisions of this Article VI shall survive the termination or expiration of this Agreement.

6.2 Insurance--Prior to beginning these Services, CONSULTANT shall, at CONSULTANT'S expense, obtain, keep in force during the term of this Agreement the following minimum amounts of insurance:

1. General Liability - occurrence basis bodily injury, personal injury and property damage - \$500,000 - \$1,000,000 combined single limit per occurrence;

2. Automobile liability - owner, hired, and non-owned bodily injury and property damage - \$500,000 - \$1,000,000 combined single limit per occurrence;

3. Workmen's compensation with statutory limits and employer's liability insurance with minimum limits of \$500,000, to provide for the payment of employees of CONSULTANT employed on or in connection with the work and/or to their dependents, of worker's compensation benefits, including when required, occupational disease benefits in accordance with the U. S. Longshoremen's and Harbor Worker's Compensation Act and the Jones Act. With the prior approval of OWNER, CONSULTANT may substitute different types of coverage for those specified as long as the total amount of required protection is not reduced.

OWNER, its Board of Mayor and Aldermen, its employees, and agents shall be named as additional insured on the certificates of insurance (General Liability or Automobile Liability) for such policies, and a certified copy of such certificates shall be provided to OWNER by CONSULTANT prior to the start of Services. CONSULTANT shall provide OWNER, upon its request, a certified copy of any insurance policy required by this Agreement. Any failure or non-coverage by such policy or the limit of any such insurance shall not limit the liability of CONSULTANT to OWNER. The policy, or policies, shall contain a provision that such policy or policies may not be cancelled without thirty (30) days prior written notice of such cancellation to OWNER. Insurance required hereunder shall be in companies reasonably acceptable to OWNER.

#### **ARTICLE VII TERMS AND CONDITIONS**

7.1 Successors and Assigns - This Agreement and all of its terms and conditions shall extend to and be binding upon the parties hereto and upon their respective heirs, executors, administrators, successors, and assigns.

7.2 Subletting, Assignment, or Transfer - This Agreement may not be sublet, assigned or transferred, changed, modified, or amended, in whole or in part, except as may be agreed, in writing, and signed by all the parties hereto.

7.3 Extent of Agreement - This Agreement constitutes the entire and integrated agreement between OWNER and CONSULTANT and no other written or oral understanding shall constitute part of this Agreement.

7.4 Severability - To the extent that any provision of this Agreement is finally adjudged invalid or unenforceable by a tribunal of competent jurisdiction, such provision shall be deemed modified to the extent necessary to make it enforceable.

7.5 Compliance of Laws - CONSULTANT shall comply with applicable laws, ordinances, rules, regulations and requirements of all federal, state and local governments, courts, boards, commissions or any other body exercising functions similar to the foregoing insofar as carrying out the provisions of this Agreement.

7.6 Termination - If through any cause, either party shall fail to fulfill in timely and proper manner the obligations, agreements or stipulations of this Agreement, the other party shall thereupon have the right to terminate this Agreement by filing written notice to the party in breach of such termination and specifying the effective date thereof, at least five days before the effective day of such termination.

In such event all finished or unfinished documents, data, studies, and reports prepared by CONSULTANT under this Agreement shall, at the option of OWNER, become its property and CONSULTANT shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents. Notwithstanding the foregoing, CONSULTANT shall not be relieved of liability to OWNER for damages sustained by virtue of any breach of the agreement by CONSULTANT and OWNER may withhold any payments to CONSULTANT for the purpose of set off until such time as the exact amount of damages due OWNER from CONSULTANT is determined.

7.7 Governing Law - This Agreement shall be interpreted under and governed by the laws of the state of Tennessee.

7.8 Right to Rely - The CONSULTANT shall have the right to reasonably rely upon the accuracy and completeness of the services and information furnished by the OWNER. The CONSULTANT shall provide prompt written notice to the OWNER if the CONSULTANT becomes aware of any errors, omissions or inconsistencies in such services or information. Nothing herein shall be construed so as to release CONSULTANT from its responsibility or liability.

7.9 Dispute Resolution - In the event that a conflict arises that cannot be resolved between the parties, OWNER and CONSULTANT agree that all disputes arising out of or relating to this Agreement or the Project shall be first submitted to non-binding mediation, unless the parties mutually agree otherwise. The mediation shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Request for mediation shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. Mediation shall proceed in advance of legal or equitable proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period of agreement of the parties or court order.

7.10 Waiver of Consequential Damages - Notwithstanding any other provision of this

Agreement, and to the fullest extent permitted by law, neither the OWNER nor the CONSULTANT, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any incidental, indirect or consequential damages arising out of or connected in any way to the Project or to this Agreement. This mutual waiver of consequential damages shall include, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation or any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict or implied warranty.

#### **ARTICLE VIII OWNERSHIP OF DOCUMENTS**

8.1 All documents, reports and material prepared by CONSULTANT in the performance of this Agreement shall become the sole property of OWNER upon payment in full of all monies owed the CONSULTANT, provided CONSULTANT is not in breach of this Agreement. CONSULTANT hereby acknowledges that all right, title, and interest in the documents and all related reports, plans, drawings, technical memoranda and other directly related documents of any kind prepared or made by CONSULTANT or its subcontractors in the performance of or in connection with CONSULTANT'S Services and duties under this Agreement shall be vested solely with OWNER, including the right to hold, use, or dispose of same as OWNER deems appropriate in its sole discretion, but if OWNER uses such documents for other than intended purpose, OWNER assumes any and all liabilities for such use of the documents and CONSULTANT waives any property rights and copyright to such documents.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound have caused their duly authorized representative to, set their hand this day, month, and year first above written.

RESOLUTION NO. \_\_\_\_\_

A RESOLUTION APPROVING A REAL PROPERTY  
ACQUISITION FOR PROPERTY SUBJECT TO EMINENT  
DOMAIN POLICY

WHEREAS, the city is granted the authority to acquire real property for public purposes;  
and

WHEREAS, in an effort to outline the acquisition process the city approved a policy on  
November 4, 1986; and

WHEREAS, the city would like to update that policy, in part, to comply with the  
Tennessee Department of Transportation's (TDOT) current guidelines.

Now therefore,

BE IT RESOLVED BY THE BOARD OF MAYOR AND ALDERMEN AS FOLLOWS:

SECTION I. That the Real Property Acquisition for Property Subject to Eminent Domain  
policy is approved, said policy being as follows:

CITY OF KINGSPORT  
REAL PROPERTY ACQUISITION  
FOR PROPERTY SUBJECT TO EMINENT DOMAIN

**1. GENERAL OBJECTIVES AND RESPONSIBILITIES**

The City of Kingsport, as a political subdivision of the State of Tennessee, is granted by the state the authority to acquire real property for public purposes. This document sets out the general guidelines the property acquisition agent ("Agent") will use to acquire certain real property. This document does not cover acquisition of real property by other action of the board of mayor and aldermen, including property acquired by an arms-length transaction. When feasible following the guidelines set out herein the Agent will make reasonable effort to reach an agreement with the property owner as to the price to be paid for the property prior to eminent domain proceedings. Only the board of mayor and aldermen can authorize eminent domain. The city will take all steps practicable, in the acquisition of properties, to remove or abrogate any legally enforceable provisions in any instrument which restricts the ownership, use, or occupancy thereof on the basis of race, religion, sex, color, or national origin.

**2. TITLE EVIDENCE**

**2.1 GENERAL**

In order to protect the interests of the city before the acquisition of any interest in real property, title must be established. Under normal circumstances the Agent will obtain a preliminary title report before the initiation of negotiations and will update the title report immediately before acquiring an interest on the property. If there is any question of the city's right to acquire a particular interest in the property, it will be referred to the city attorney for disposition prior to acquisition.

**2.2 TITLE REPORTS**

The Agent will obtain title reports for all tracts on a project for which any interest will be acquired. On most projects, title searches will be accomplished by the Agent or through the services of a title company or attorney. The title report should include, by way of example, copies of all recorded deeds; subdivision plats; easements; divorce decrees; wills; judgments; and other pertinent documents pertaining to the title. When problems are encountered in establishing title of a parcel to be acquired, the Agent should obtain the advice and assistance of the city attorney to obtain good title to the parcel. When a complete title search fails to identify the owner of a parcel of land required for a project and the adjoining owner(s) does not lay claim to ownership of same, title to such parcel must be obtained through appropriate legal proceedings.

**3. INSTRUMENTS OF CONVEYANCE**

**3.1 GENERAL**

All deeds, easements or other instruments of conveyance shall comply with the requirements of Tennessee law. The Agent will use instruments of conveyance in a form approved by the city attorney. If an instrument is in a form other than approved by the city attorney or as otherwise needed, the Agent must provide a copy of such to the city attorney for review before the conveyance is accepted. In most cases, deeds used for acquisition should contain general warranties of title.

### **3.2 CONSIDERATION STATED IN DEED**

An instrument of conveyance shall not contain a breakdown as to amounts included in the consideration paid. The consideration shall be the total amount paid to the grantor for the taking and any and all incidental damages to the remaining property.

### **3.3 CONVENANTS NOT ALLOWED**

Deeds, easements or agreements to sell are not to include any language which could act to bind the city to perform any particular construction nor to set out limits of construction. The instrument is to perform only the conveyancing function. Any covenant which is proper for agreement by the city should be contained in a contract separate from the instrument of conveyance.

### **3.4 DESCRIPTION OF ACQUISITION**

All land or permanent easements acquired should be described by a metes and bounds description. Permanent easements can be located and described by the use of a centerline description and shall state the area of the easement. Temporary construction easements will be described as completely as is practical and will also state the area of the easement.

## **4. NEGOTIATIONS**

### **4.1 GENERAL**

For purposes of this document negotiation is the process by which the Agent makes reasonable effort to expeditiously acquire interest in real property at a previously established fair market value.

### **4.2 ESTABLISHING FAIR MARKET VALUE**

#### **4.2.1 GENERAL**

Fair market value may be defined as: "the highest price in terms of money that a property will bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus." In estimating the fair market value for a fee take or right-of-way and the fair market value for a permanent or temporary easement, different approaches should be used because the rights of property owners are restricted in different ways. In a fee simple take, all rights of the property owner are surrendered in contrast to an easement where only the right to construct a permanent structure is restricted.

#### **4.2.2 APPRAISALS**

An appraisal is a written statement by a qualified appraiser setting forth an opinion of a defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information. Appraisers hired to appraise the subject property will use practices and techniques recognized by professional appraisal organizations.

#### **4.2.3 ACQUISITION OF PERMANENT EASEMENTS OR FEE SIMPLE**

Each new project shall have the established value per linear foot reviewed by the Agent in conformity with recognized appraisal techniques prior to the beginning of acquisition and an approval of offers approved by the board of mayor and aldermen. Generally the Agent will establish a fair market value of the permanent easement or fee simple acquisition based on the square foot value. Individual appraisals will be made as necessary.

#### **4.2.4 ACQUISITION OF TEMPORARY EASEMENTS**

Each new project shall have the established value per square foot reviewed by the Agent in conformity with recognized appraisal techniques prior to beginning easement acquisition and an approval of offers approved by the board of mayor and aldermen. Generally, the Agent will establish a fair market value for temporary easements based on the per square foot value. Individual appraisals shall be made only as necessary.

### **4.3 CONTACTING THE OWNERS**

When the Agent determines it is reasonably necessary, the written offer will be presented in person to the owner or designated representative. Otherwise the Agent will transmit all pertinent documents to the property owner by certified mail. It may also be transmitted by such other reasonable available means, such as electronic mail, if requested by the property owner.

### **4.4 INITIATION OF NEGOTIATIONS**

The Agent will present a written offer for the fair market value as determined through the appraisal. The property owner will be afforded the opportunity to consider the offer for a reasonable period of time.

## **5. ADMINISTRATIVE SETTLEMENTS**

### **5.1 DEFINITION**

An administrative settlement is any settlement made or authorized by the Agent and approved by the city attorney prior to the filing of condemnation, which is in excess of the original offer of fair market value.

## **5.2 AUTHORITY OF CITY ATTORNEY OR AGENT TO MAKE ADMINISTRATIVE SETTLEMENTS**

Except as otherwise provided herein the city attorney or the Agent, with the approval of the city attorney, is authorized to make administrative settlements for each parcel or tract of real property from which the acquisition(s) is or are acquired in an amount up to \$1,000 over the initial offer made by the Agent.

## **5.3 BASIS FOR MAKING ADMINISTRATIVE SETTLEMENTS**

An administrative settlement may be made when it is determined that such action is reasonable, prudent, and in the public interest. In arriving at a determination to approve an administrative settlement, consideration is to be given to all pertinent information, including, if applicable, the following:

- a. All available appraisals, including the owner's if reasonably available;
- b. The approved estimate of fair market value;
- c. Recent court awards for similar type properties, if any;
- d. The range of probable testimony as to fair market value should condemnation be filed;
- e. The estimate of trial costs; and
- f. The opinion of legal counsel, when appropriate.

## **5.4 SETTLEMENTS GREATER THEN THE LIMITS AUTHORIZED HEREIN**

Any purchase of property or resolution of a condemnation case that cannot be settled within the parameters established herein must be approved by the board of mayor and aldermen.

## **6. CONCLUDING NEGOTIATIONS**

### **6.1 GENERAL**

When the Agent for whatever reason determines that the acquisition cannot be or is likely not to conclude by negotiations, then negotiations will end. Negotiations do not have to end when the board of mayor and aldermen authorizes the city attorney to proceed with condemnation. However, once suit is filed, only the city attorney can settle the matter within the administrative settlement authority set out herein. If the negotiations result in a successful acquisition, the city becomes legally obligated to pay for property purchased when it accepts the instrument of conveyance. The full amount of the agreed upon purchase price will be paid to the owner at the time of conveyance, or payment may be made jointly to the property owner and lien holder or mortgage insurer and for the real estate taxes, etc., chargeable to the owner in accordance with encumbrances outstanding at the time of conveyance.

### **6.2 PREPARATION FOR CLOSING**

The Agent will furnish copies of all written instruments used or obtained in the negotiating process containing information needed for proper closing. The proposed deeds shall also be furnished. In the case of acquisitions in fee simple, the Agent must be provided, or have available, the title report on the tract. When encumbrances are outstanding at closing, arrangements must be made for payment and release of such at the time of closing. When easements, temporary or permanent, are acquired, it is not required in all cases that outstanding encumbrances be paid or released.

### **7. RECORDING**

Upon closing the instrument will be recorded at the appropriate Register of Deeds Office.

## **8. TENNESSEE DEPARTMENT OF TRANSPORTATION (TDOT) AND FEDERAL HIGHWAY ADMINISTRATION GOVERNED PROJECTS**

Notwithstanding anything contained herein to the contrary when the project is funded, in whole or in part, by a state and/or federally transportation project or grant and as required, the Agent is authorized to follow all applicable requirements pertaining to acquisition of property set out in TDOT's *Local Government Guidelines for the Management of Federal and State Funded Transportation Project*, as it may be amended from time to time. This includes, but is not limited to, as permitted, the Agent preparing or have prepared a Nominal Partial Payment in lieu of an appraisal; or settling with a property owner using the procedural and financial parameters set out therein. In the event of an eminent domain proceeding or as otherwise required the city will obtain an appraisal rather than use the Nominal Partial Payment to determine the fair market value.

SECTION II. That the mayor is further authorized to make such changes approved by the mayor and the city attorney to the policy set out herein that do not substantially alter the material provisions of the policy and the execution thereof by the mayor and the city attorney is conclusive evidence of the approval of such changes.

SECTION III. That the board finds that the actions authorized by this resolution are for a public purpose and will promote the health, comfort and prosperity of the citizens of the city.

SECTION IV. That this resolution shall take effect from and after its adoption, the public welfare requiring it.

ADOPTED this the 1<sup>st</sup> day of November, 2016.

## I. OBJECTIVES AND RESPONSIBILITIES

The City of Kingsport, as a political subdivision of the State of Tennessee, is granted by the state the authority to acquire real property for public purposes. In carrying out its real estate acquisition program, the City shall recognize its impartial obligation to protect the various interests of all concerned, to pay fair prices to owners, and to prevent the payment of prices that are excessive.

The City shall make every reasonable effort to reach an agreement with each property owner as to the price to be paid for his property before instituting eminent domain proceedings. Judicial resolution of a property value question is time consuming and expensive for both the property owner and the City. It should be reserved for matters of substance and importance, such as when dollar differences are substantial or an important principle or precedent is involved.

The City shall take all steps practicable, in the acquisition of any properties, to remove or abrogate any legally enforceable provisions in any instrument which restrict the ownership, use, or occupancy thereof on the basis of race, religion, sex, color or national origin.

## II. TITLE EVIDENCE

### A. General

In order to protect the interests of the City of Kingsport, before the acquisition of any interest in real property, title must be established. Under normal circumstance the Property Acquisition Agent (hereinafter referred to as Agent) will obtain a preliminary title report before the Initiation of Negotiations and will update the title report immediately before closing a project. If there is any question as to the City's right to acquire a particular interest in property it will be referred to the City Attorney for disposition prior to acquisition.

### B. Title Reports

As stated above, the Agent will obtain title reports for all tracts on a project for which any interest will be acquired. On the majority of projects, title searches will be accomplished by either the Agent or through the services of a title company or attorney. The title report will be accompanied with copies of all recorded deeds, subdivision plats, easements, divorce decrees, wills, judgments and other pertinent documents.

### III. INSTRUMENTS OF CONVEYANCE

#### A. General

All deeds, easements or other instruments of conveyance shall meet the requirements of Tennessee Law. They are to be reviewed by the City Attorney before any conveyance is accepted. In most cases, deeds used for acquisition should contain general warranties of title.

#### B. Consideration Stated in Deed

The instrument of conveyance shall not contain a breakdown as to amounts included in the consideration paid. The consideration shall be the total amount paid to the grantor for the taking and any and all incidental damages to his remaining property.

#### C. Covenants Not Allowed

Deeds, easements or agreements to sell are not to include any language which could act to bind the City to perform any particular construction nor to set out limits of construction. The instrument is to perform only the conveyancing function. Any covenant which is proper for agreement by the City should be contained in a contract separate from the instrument of conveyance.

#### D. Description of Acquisitions

All land or permanent easements acquired must be described by a metes and bounds description. Permanent easements shall be located and described by the use of a centerline description and shall state the area of the easement. Temporary construction easements will be described as completely as is practical and will also state the area of the easement.

### IV. NEGOTIATIONS

#### A. General

Negotiation is defined, for the purpose of this directive, as the process by which the Agent makes every reasonable effort to expeditiously acquire real property or interests in property at a previously established fair market value.

One of the most important obligations of the Agent is to maintain an honest, straightforward and helpful relationship with the property owner in negotiation and throughout the entire acquisition process. The Agent has an

opportunity to create and maintain good public relations for the City. His personal conduct during negotiations may be considered by the public, in many instances, as indicative of the attitude of the City.

In the performance of his duties, the Agent shall conduct himself in an ethical and competent manner with poise and self-restraint. He shall be impartial in that he shall inform the owner of all benefits due him under Tennessee law while protecting the interests of the City under the same law. It is the desire of the City to acquire rights-of-way and easements at fair prices under amicable conditions.

B. Establishing Fair Market Value

1. General

~~Fair market value may be defined as: "the highest price in terms of money that a property will bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus".~~

In estimating the fair market value for a fee take or right-of-way and the fair market value for a permanent or temporary easement, different approaches should be used because the rights of property owners are restricted in different ways. In a fee simple take, all rights of the property owner are surrendered in contrast to an easement where only the right to construct a permanent structure is restricted.

2. Appraisals:

~~An appraisal is a written statement by a qualified appraiser setting forth an opinion of a defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.~~

a. Appraisal Standards:

A detailed appraisal shall reflect nationally recognized appraisal standards. The form and level of documentation for an appraisal are dependent on the complexity of the appraisal problem.

b. Appraisal Contents:

An appraisal shall contain sufficient documentation, including valuation data to support this opinion of value, consisting of the following items:

(1) The purpose and/or the function of the appraisal, a definition of the estate being appraised, and a statement of the assumptions and limiting conditions affecting the appraisal.

(2) An adequate description of the physical characteristics of the property being appraised (and, in the case of a partial acquisition, an adequate description of the remaining property); a statement of the known and observed encumbrances, if any; title information, location, zoning, present use; an analysis of high and best use, and a brief sales history of the property.

(3) All relevant and reliable approaches to value consistent with commonly accepted professional appraisal practices. When sufficient market sales data are available to reliably support the fair market value given the specific appraisal problem encountered, the City, at its discretion, may require only the market approach. If more than one approach is utilized, there shall be an analysis and reconciliation of value that is sufficient to support the appraiser's opinion(s) of value.

(4) A description of comparable sales, including a description of all relevant physical, legal, and economic factors such as parties to the transaction, source and a method of financing, and verification of a party involved in the transaction.

(5) A statement of the value of the real property to be acquired and, for a partial acquisition, a statement of damages and benefits, if any, to the remaining real property.

(6) The effective date of valuation, date of appraisal, signature and certification of the appraiser.

c. Appraisal Procedures:

The appraisers who are hired to appraise the subject property will use practices and techniques recognized by professional appraisal organizations. These techniques will include the following approaches:

(1) Cost Approach:

This approach estimates the value of the land plus the current cost of reproducing the structure(s) new less the depreciation for all causes. It consists of four steps.

- a. Land value as if vacant is estimated.
- b. The current cost of reproducing the existing improvements is estimated.

- e. Depreciation from all causes is estimated and deducted from the reproduction cost of the improvements.
- d. Land value plus depreciated reproduction cost equals the indicated value by the cost approach.

(2) Market Data Approach:

The value of a property is estimated by comparing it with similar properties having recently sold in the same or competing areas. Four categories of data are necessary:

- (a) Sales price of similar property.
- (b) The conditions of each sale.
- (c) Location and dates of sale of each property.
- (d) Complete descriptions of all land and improvements.

(3) Income Approach:

The income approach is the appraisal procedure which converts income into value. The appraiser studies rental data and estimates a market rent for the subject being appraised. The appraiser then determines the rate of return that a typical owner could expect to receive as income. If both of these elements can be estimated, the appraiser can calculate a reliable indication of value by the Income Approach.

(4) Correlation and Final Value Estimate:

The appraiser then is able to take into consideration three approaches to value in making a final estimate. Generally, an appraiser will place more reliance on one approach and use the others as supportive evidence of value. The amount and reliability of the data will determine and generally influence his choice of approaches.

d. Review Appraisal:

The review appraisal's first purpose is to ensure that all appraisal products are written in compliance with and follow accepted appraisal practices. Its second purpose is, based on the information available, to establish an estimate of fair market value.

In reviewing the report for conformance with accepted appraisal practices, the reviewer must both ensure that the document is complete and that the appraiser has applied sound judgment and provided reasonable and local support for all conclusions reached. That is not to say that the reviewer must completely agree with all statements and conclusions of the appraiser. He must only be satisfied that the appraiser has properly justified the statement.

In completing his assignment, the reviewer must make a decision concerning his review comments. He may elect to reconcile problem areas in the appraisal or he may determine that additional information is needed from the appraiser. If the reviewer concludes that the report can be accepted, he must then make a decision concerning the estimated fair market value to be offered. He may accept the conclusion reached by the appraiser or he may, based on all available information, determine that some other price should be offered.

3. Acquisition in Fee Simple.

a. Fair Market Value Established by Appraisal.

Before the initiation of negotiations, the real property shall be appraised and the owner or his designated representative shall be given an opportunity to accompany the appraiser during the appraiser's inspection of the property.

b. Offer Based on Appraisal(s) of Fair Market Value.

(1) Parcels with a value of less than \$1,000. (As valued by Sullivan County Property Assessor or Hawkins County Property Assessor.)

The Agent will prepare an appraisal of the proposed acquisition.

(2) Parcels with a value of less than \$5,000 but more than \$1,000.

The Agent will prepare an appraisal of the proposed acquisition which will be reviewed by an independent appraiser.

(3) Parcels with a value of more than \$5,000

The Agent will prepare an appraisal of the proposed acquisition which shall be reported to the Board of Mayor and Aldermen with a request for further instructions. At that time, it would be appropriate for the Board of Mayor and Aldermen to have the Agent obtain at least two

independent real estate appraisals of the property to be acquired, by qualified real estate appraisers after which a review appraiser will be retained to review each appraisal or take such other action as may be deemed appropriate under the circumstances.

4. Acquisition of Permanent Easements

The Agent shall establish a fair market value for permanent easement. Each new project shall have the established value per linear foot reviewed by the Agent in conformity with recognized appraisal techniques prior to beginning easement acquisition and a report of value made to the Board of Mayor and Aldermen by the Agent. Individual appraisals shall be made only as necessary.

5. Acquisition of Temporary Easements

The Agent shall establish a fair market value for temporary easements. Each new project shall have the established value per square foot reviewed by the Agent in conformity with recognized appraisal techniques prior to beginning easement acquisition and a report of value made to the Board of Mayor and Aldermen by the Agent. Individual appraisals shall be made only as necessary.

C. Contacting the Owners

It is the policy of the City, to the greatest extent possible, to present the written offer in person to the owner or his designated representative. If the Agent is unable to arrange for an appointment at the site of the property to be acquired and a personal contact at another location is not practical, the Agent will then transmit all pertinent documents to the property owner by certified mail. When problems are encountered in establishing title of a parcel to be acquired, the Agent should obtain the advice and assistance of the City Attorney to obtain good title to the parcel. When a complete title search fails to identify the owner of a parcel of land required for a project and the adjoining owner(s) does not lay claim to ownership of same, title to such parcel must be obtained through appropriate legal proceedings.

D. Initiation of Negotiations

The Agent will present a written offer for the full amount of fair market value. This constitutes a formal offer and furnishes the property owner a written itemization of, and statement of the basis for, the amount established as fair market value.

In addition, the Agent should give a detailed explanation of the following:

- (1) How the value was determined.
- (2) In the case of a partial acquisition, a description of the acquisition and its effect on the remainder lands.
- (3) The steps available to the owner if the City's offer is rejected.

E. Subsequent Contacts

The property owner shall be afforded the opportunity to consider the offer for a reasonable period of time, regardless of whether the property to be acquired is occupied or unoccupied. At least two contacts, and under most conditions a minimum of three personal contacts should be made unless good reasons exist for not making additional contacts. These are the minimum conditions only and additional contacts should be made whenever there is a reasonable expectation that agreement can be reached.

F. Administrative Settlements

1. Definition

An administrative settlement is any settlement made or authorized by the Agent and approved by the City Attorney and City Recorder, prior to the filing of condemnation, which is in excess of the original offer of fair market value.

2. Persons Authorized to Make Administrative Settlements

The Agent, with the approval of the City Attorney and City Recorder, is authorized to make administrative settlements for all tracts on which the increase does not exceed \$1,000.

3. Basis for Making Administrative Settlements

An administrative settlement may be made when it is determined that such action is reasonable, prudent, and in the public interest. In arriving at a determination to approve an administrative settlement, consideration is to be given to all pertinent information, including the following:

- a. All available appraisals, including the owner's.
- b. The approved estimate of fair market value.
- c. Recent court awards for similar type properties.

- d. The range of probable testimony as to Fair Market value should condemnation be filed.
- e. The estimate of trial costs.
- f. The opinion of legal counsel, when appropriate.

4. Written Justification

The Agent must prepare a written justification outlining the dollar amount of the increase and including a discussion of the available information that supports such an increase.

V. CONCLUDING NEGOTIATIONS

A. General

The City becomes legally obligated to pay for property purchased when it accepts the instrument of conveyance. The full amount of the agreed upon purchase price shall be paid to the owner at the time of conveyance, or payment may be made jointly to the property owner and lienholder or mortgage insurer and for the real estate taxes, etc., chargeable to the owner in accordance with encumbrances outstanding at the time of conveyance.

B. Preparation for Closing

The Agent shall furnish copies of all written instruments used or obtained in the negotiating process containing information needed for proper closing. The proposed deeds shall also be furnished.

In the case of acquisitions in fee simple, the Agent must be provided, or have available to him, the title report on the tract. When encumbrances are outstanding at closing, arrangements must be made for payment and release of such at the time of closing.

When easements, temporary or permanent, are acquired, it is not required in all cases that outstanding encumbrances be paid or released.

C. Recording

Immediately upon closing, the deed shall be recorded at the appropriate Register of Deeds Office.

D. Acquisition of Property by Ordinance

Normally the acquisition of property is governed to some extent by at least three ordinances. The first ordinance relating to the acquisition of

property is the annual budget ordinance. After a review of the Capital Improvement Project list, appropriations are made for every planned project requiring the acquisition of property. In the case of emergencies, however, the appropriation may be made in an ordinance which amends the annual budget ordinance. In either case, it is during this deliberation that a fund is established out of which the property necessary for completion of the project may be acquired. Once a project is approved, the project engineer proceeds to develop final plans and specifications for the project which show the final configuration of the project. From those plans and specifications, a final list of the property and property rights to be acquired is made and a final estimate of the cost of acquisition may be reported to the Board of Mayor and Aldermen by the Agent.

The second ordinance relating to the acquisition of property is the ordinance authorizing the City Attorney to condemn any property and property rights necessary to be acquired for the project. After the acquisition procedure has been followed, the final purchase price of property acquired by voluntary purchase may be reported to the Board of Mayor and Aldermen by the Agent. A resolution may be passed to authorize the condemnation of particular parcels which cannot be acquired by voluntary purchase and sale.

The third ordinance relating to the acquisition of property is the ordinance formally accepting any deeds and deeds of easement. This ordinance may be in the form of a general ordinance, passed upon the completion or closing out of the various projects, for the purpose of accepting deeds and deeds of easement for one or more projects; or, in the case of parcels with a value in excess of \$5,000.00, it may be a specific ordinance passed at the time of acquisition of the property for the purpose of authorizing its purchase or accepting the deed.

### Recommendation:

Approve the Resolution.

### Executive Summary:

Kingsport and the Kingsport Area Transit Service (KATS) is proposing to construct a comprehensive transit center to be located on property commonly known as the Foundry Site in downtown. The proposed project will require the total acquisition of two vacant properties currently owned by the Kingsport Industrial Development Board and described as Tax Map and Parcel Numbers 046O G 011.00 and 046O G 014.00. Appraisals and review appraisals have been completed in accordance with the Federal Transit Administration's (FTA) guidelines and indicated the fair market value of one property is \$435,000 and the other is \$73,000 (totaling \$508,000). The property owner is willing to sell the properties to the City for their appraised value and additional associated closing costs. The costs associated with the purchase of these properties will be split using 80% Federal funding (\$406,400), 10% State funding (\$50,800), and 10% Local funding (\$50,800). Funding to fulfill the local match has been allotted in the City of Kingsport FY 2016-2017 budget.

**The City of Kingsport**

All estimates of value prepared for agency acquisitions shall be based on "market value" - as defined and set forth in the Tennessee Pattern Jury Instructions to wit: "the amount of money which a purchaser, willing but under no compulsion to buy, would pay, and which a seller, willing but under no compulsion to sell, would accept, taking into consideration all the legitimate uses to which the property was adaptable and might in reason be applied." Compensations are in compliance with the Tennessee State Rule.

## Section (G) Review Comments

**"Before" & "After" Valuation (Include Comments For "NO" Responses To Questions 1 - 7 & "YES" Response To Question 8)**

(1) Are the conclusions of highest and best use (before & after) reasonable and adequately supported?  
**Yes. Considering all uses, the discussion of surrounding uses and current uses along with zoning and government regulations adequately describes the highest and best use.**

(2) Are the valuation methodologies (before & after) appropriate?  
**Yes. The appraiser considered all approaches and discussed the reasons for use or not processing the approaches in to a value indication. The use and processing of each applicable approach is appropriate.**

(3) Are the data employed relevant & adequate to the (before & after) appraisal problems?  
**Yes. The appraiser used a select search area for sales using properties with similar highest and best uses. The search area was selected for most of Kingsport and the time parameters were expanded to find similar properties. Listings were considered to reflect higher values. Minor typographical errors were made.**

(4) Are the valuation techniques (before & after) appropriate and properly applied?  
**Yes. The appraiser has described differences in comparisons of the sales to the subject to properly indicate a range in value. The judgement of the appraiser for these adjustments are reasonably explained.**

(5) Are the analyses, opinions, and conclusions (before & after) appropriate and reasonable?  
**Yes. The conclusions are within the value range developed by the appropriate techniques. There is no remainder.**

(6) Is the report sufficiently complete to allow proper review, and is the scope of the appraisal assignment broad enough to allow the appraiser to fully consider the property and proposed acquisitions?

**Yes. The report well documents the property and the consideration of any and all uses plus the wide search for comparable sales allows for credible report.**

(7) Is the appraisal report under review generally compliant with USPAP, the Uniform Act, and TDOT's Guidelines for Appraisers?  
**Yes**

(8) Do the general and special "Contingent and Limiting Conditions" outlined in the appraisal report limit the valuation to the extent that the report cannot be relied on for the stated use?  
**No. Mr. Brownell has made an extraordinary assumption regarding the soil condition of the subject to be similar to sale 1. This appears to be a typical condition for downtown Kingsport properties and is an appropriate assumption. The KATS Transit Center Environmental Analysis Determination Report concludes that "a soil management work plans will be needed." and "will be remediated" during the development of the site.**

## Section (I) Contingent & Limiting Conditions

This appraisal review report has been made with the following general limiting conditions and assumptions:

- (1) Unless stated herein to the contrary, it is specifically assumed that the author of the appraisal report under review made the required contact with the property owner, and conducted the appropriate inspections and investigations.
- (2) Unless stated herein to the contrary, it is specifically assumed that the right-of-way plans upon which the appraisal was based are accurate.
- (3) Unless stated herein to the contrary, it is specifically assumed that all property (land & improvement) descriptions are accurate.
- (4) Unless stated herein to the contrary, no additional research was conducted by the review appraiser.
- (5) Unless stated herein to the contrary, all specific and general contingent and limiting conditions outlined in the appraisal report submitted for review are adopted herein.
- (6) The extraordinary assumption of the soils being similar to Sale 1 is based upon the environmental report provided by the City of Kingsport. An excerpt from page 14 is below.

Although there may be containments at the proposed development site, these subject properties make for a great reuse of the site as a Transit Center. Given the history of known environmental contaminants at the proposed site, KATS would work with TDEC to develop the actions needed to develop the property as a Transit Center. It is assumed that a soil management work plan will be needed. The proposed Transit Center project would be constructed on a concrete slab requiring a minimal amount of earthwork. The soil management plan will be incorporated into the design and development of the property, for example using identified soils onsite as landscaping berms or other integrated design feature. When the properties are acquired, land use restrictions can be incorporated into the deed to obtain a No Further Action letter. Any identified environmental site conditions that may represent a risk to public health and safety will be remediated in accordance with federal, state, and local environmental laws and regulations.

## AGENDA ACTION FORM

### Approving an Amendment to a Materials Agreement with Gregory DePriest

To: Board of Mayor and Aldermen  
 From: Jeff Fleming, City Manager

Action Form No.: AF-278-2016  
 Work Session: October 31, 2016  
 First Reading: N/A

Final Adoption: November 1, 2016  
 Staff Work By: Mike Billingsley  
 Presentation By: Jeff Fleming

#### Recommendation:

Approve the Resolution.

#### Executive Summary:

In May, 2015, the board approved a materials agreement for the Christ Fellowship Church subdivision. The agreement was made in the name of Gregory DePriest, instead of Christ Fellowship Church, Inc., the developer of the subdivision. The work was performed and in September, 2016, and pursuant to the materials agreement the board approved reimbursement in the amount of \$37,179.35 for the Christ Fellowship Church development. As it turns out, Mr. DePriest thought he was signing the agreement in a representative capacity for Christ Fellowship Church, Inc. He has advised the city that the proper party to the materials agreement should have been Christ Fellowship Church, Inc. Accordingly the agreement needs to be amended to substitute Christ Fellowship Church, Inc. as a party to the agreement in lieu of Mr. DePriest.

The attached resolution approves an amendment to the materials agreement so that Christ Fellowship Church, Inc. is the party to the agreement instead of Mr. DePriest. In addition, the resolution approves the reimbursement of the materials agreement funds to Christ Fellowship Church Inc., in the amount of \$37,179.35 and repeals resolution number 2017-038, which approved reimbursement to Mr. DePriest.

### Recommendation:

### Executive Summary:

In conjunction with the Colonial Heights - Phase IV Sanitary Sewer Project, the city will be addressing a long-standing flooding issue on Belvedere Lane. Floodwater frequently makes a portion of Belvedere Lane impassable and periodically floods a nearby residence. As a design component to address this flooding the city intends to purchase two vacant lots. These lots, located on Belvedere Lane and Brightwood Lane, will serve as a detention area for the floodwater from Belvedere Lane. Appraisals of the acquisitions were prepared in accordance with the City of Kingsport's Real Property Acquisition Policies & Procedures and both lots combined appraised for the total of \$44,000.00. The owner of the property, Max Meyer, is willing to sell the two properties to the city for the total amount of \$46,000.00. A copy of the Purchase Agreement is contained in the attached resolution.

This project will be funded under #ST1708.

**AGREEMENT**

**THIS PURCHASE AGREEMENT** (herein "Agreement") made and entered into on the date of the notary acknowledgment of the Seller's signature between **MAX F. MEYER**, (hereinafter referred to as the "Seller"), and **THE CITY OF KINGSFORT, TENNESSEE**, a municipality organized under the laws of the State of Tennessee (hereinafter referred to as the "Buyer").

**WITNESSETH:**

**FOR AND IN CONSIDERATION** of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, including specifically, without limitation, the receipt and sufficiency of which are hereby acknowledged, and in consideration of the mutual covenants contained herein, the parties hereby agree as follows:

1. **SALE.** Seller agrees to sell, convey, assign, transfer and deliver to Buyer, and Buyer agrees to purchase, acquire and take from Seller, subject to the terms and conditions of this Agreement all that real property situate, lying and located on Belvedere Lane and Brightwood Lane and being further identified as a portion of tax map 092N; group A; parcel 022.00, more particularly described on Exhibit A attached hereto and hereby made a part hereof, together with all improvements and

fixtures situated thereon, if any, and also together with all hereditments and appurtenances thereunto belonging or in any way appertaining (the "Real Property").

**2. PURCHASE PRICE.**

(a) Amount. The purchase price to be paid by Buyer to Seller for the Real Property shall be Forty Six Thousand and No/100 Dollars (\$46,000.00) (the "Purchase Price").

(b) Terms of Payment. Subject to the adjustment provided for herein the Purchase Price, less the prorated property taxes as of the date of closing, shall be paid by Buyer to Seller in cash or certified funds payable to Seller on the Closing Date.

**3. CLOSING.** The closing shall occur on or before November 7, 2016, (the "Closing Date"), at a time and location mutually agreed upon by the parties or, upon failure of the parties to agree, at a time and place specified by the Buyer (the "Closing"). Buyer and Seller agree to deliver and execute such other documents as may be reasonable and necessary in the opinion of counsel for Seller and Buyer to consummate and close the purchase and sale contemplated herein pursuant to the terms and provisions hereof.

**4. SURVEY.** Immediately upon the execution of this Agreement, Buyer shall, at Buyer's cost, cause a survey and surveyor's certificate, in form sufficient to remove the survey exception from the title insurance binder as more specifically provided in Section 5 hereof, to be prepared on the Real Property by a licensed surveyor acceptable to Buyer. The survey shall be made in accordance with the Minimum Standard Detail Requirements for ALTA/ACSM Land Title surveys for a Class A survey. Such survey shall show the total area of the Real Property in square feet, easements, if any, location of adjoining streets and rights of way, building setback lines, and such other details as may be required by Buyer. Once prepared, the survey description will replace Exhibit A and will become a part of this Agreement identified as Exhibit A-1, and such survey description shall be insurable (and shall be insured) by the title insurance company. If the survey (i) is for good cause not acceptable to Buyer's title insurance company; or (ii) shows the dimensions of the Real Property to be other than as set forth on Exhibit A; or (iii) shows any materially adverse conditions or matters affecting the Real Property which are not approved by Buyer, then Buyer, within twenty (20) days from receipt of such survey, shall notify Seller in writing of Buyer's objections to the survey and Sellers shall thereupon have twenty (20) days to remove or cure such objections to the satisfaction of the Buyer and the title company. If Seller fails to satisfy such objections with the time specified, Buyer shall have the right to (i) terminate this Agreement; (ii) extend the time period for removing or curing any objectionable item by written notice to Sellers; or (iii) close this purchase and sale without reduction in the Purchase Price.

**5. TITLE INSURANCE.** Buyer, at its expense, shall secure an owner's title insurance commitment to issue a title insurance policy insuring Buyer's fee simple interest in the Real Property to the extent of the Purchase Price. The title insurance commitment will be issued by a reputable title insurance company chosen by Buyer and will contain exceptions only for real estate taxes and assessments for the current year which are not yet due and payable, and any other exceptions Buyer may approve in writing. If the commitment contains other exceptions, not acceptable to Buyer, then Buyer shall so notify Seller of such exceptions within twenty (20) days of Buyer's receipt of the commitment, and Seller shall have twenty (20) days from receipt of the Buyer's objections, to resolve such exceptions to the satisfaction of the Buyer. If Seller is unable to cure or resolve such exceptions to Buyer's satisfaction within the time specified, Buyer shall have the right to terminate this Agreement, extend the cure period, or proceed to close this Agreement. In the event Buyer elects to terminate this Agreement pursuant to this Section 5, then this Agreement shall be cancelled and thereafter neither Seller nor Buyer shall have any continuing obligation to each other under this Agreement.

**6. DEED AND TITLE.**

(a) Seller hereby agrees to convey to Buyer a good and marketable fee simple title to the Real Property, without exceptions, except as expressly provided herein, by a good and valid general warranty deed, in statutory form, suitable for recordation. Title to the Real Property shall not be subject to any easements, encumbrances or other exceptions which Buyer, in its sole discretion, deems unacceptable.

(b) In the event, as of the Closing Date, Seller is unable to convey marketable title to the Real Property due to defects in Seller's title, or Seller is unable to convey title due to exceptions Buyer finds unacceptable, then Closing shall be postponed for a reasonable period of time not to exceed 30 days until Seller shall remove said title defects or exceptions. If Seller is unable to cure such title defects or exceptions within said 30 days, this Agreement shall be null and void and there

shall be no further obligations between the parties. If Buyer shall waive such title defects or exceptions by so notifying the Seller in writing, or if Seller shall have cured such defects or exceptions, as provided herein, the obligations of the parties hereunder shall not be affected by reason thereof, there shall be no abatement or reduction of the Purchase Price, and this transaction shall be consummated in accordance with the terms and provisions of this Agreement, except that such title defects or exceptions that are waived by Buyer, if any, shall be set forth as exceptions in the deed.

**7. CONDITION OF PROPERTY.** There has been no storage, disposal, treatment or release of hazardous substances during the period of Seller's ownership, and to the best of Seller's knowledge, the Real Property has not been used, and is not presently being used, and will not through the Closing Date, be used for the storage or disposal of hazardous substances. (The term "hazardous substances" shall have the broadest meaning given under applicable state and federal law, including without limitation that given in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. section 9601 et seq.) Seller is not aware of any facts, conditions or circumstances indicating any form of environmental contamination affecting any properties which are adjacent to the Real Property. There are no encumbrances, liens, or charges of any kind upon the Real Property that will not be satisfied and discharges in full by Seller and released at or before Closing in a form satisfactory to Buyer. There are no contracts, agreements, or arrangements relating to the use and operation of the Real Property not disclosed herein. Seller represents that there is no pending or threatened litigation that does or will materially and adversely affect the Real Property or its value.

**8. CONDITIONS PRECEDENT.**

Buyer's obligations pursuant to this Agreement are contingent upon and subject to the satisfaction, as of Closing, of each of the following conditions (any of which may be waived in whole or in part in writing by the Buyer at, or prior to Closing):

(1) The results of the title examination report and title insurance commitment described in Section 5 shall be acceptable to Buyer in its sole discretion as of Closing. There shall be no change in the matters reflected in the title insurance commitment described in Section 5 hereof, and there shall not exist any encumbrances or title defects affecting the Real Property not described in such title insurance commitment.

(2) All of the representations, warranties and conditions of Seller set forth in this Agreement shall be true and correct as of the date hereof, and as of the Closing Date, and Seller shall not, on or prior to Closing, have failed to meet, comply with or perform any conditions or obligations on Seller's part required by the terms of this Agreement.

(3) There shall be no change in the matters reflected in the survey described in Section 4 hereof, and there shall not exist any easement, right of way, encroachment, waterway, pond, flood plain, conflict, or a protrusion with respect to the Real Property not shown on the survey.

If any condition specified in this Section 8 is not fully satisfied by Closing, or any extension thereof pursuant to this Agreement, Buyer may, at its option, waive such unsatisfactory condition precedent and consummate this Agreement, or may terminate this Agreement by written notice to Seller, this Agreement shall be cancelled and thereafter neither Seller nor Buyer shall have any continuing obligation to each other under this Agreement. It shall be the right of the Buyer at its sole discretion and upon written notice to the Sellers to terminate this Agreement at any time prior to the closing of the property if it shall deem the property not suitable for its needs, and upon such termination, this Agreement shall be cancelled and thereafter neither Seller nor Buyer shall have any continuing obligation to each other under this Agreement.
