UNAPPROVED DRAFT: Kingsport Pet Waste Ordinance

It shall be unlawful for any person to appear with an animal upon the public right-of-way, within public places or upon the property of another, absent that person's consent, without some means for removal of excrement that may be deposited by the animal.

- (A) It shall be unlawful for any person who is an owner or possessor of an animal in their care to fail to remove any excrement deposited by the animal upon any public or private property, other than the property of the owner of the animal.
- (B) The provisions of this Section shall not apply to persons who have a physical disability or visual impairment, who are using service dogs, and can provide adequate documentation, upon demand of an animal control officer or law enforcement officer, that the service dog is an animal trained by an accredited instructor which trains dogs for service work for the physically disabled or visually impaired.
- (C) Violation of this section shall be punished by a fine of not less than \$50, plus applicable court costs.

PENDING APPROVAL BY NEIGHBORHOOD COMMISSION, PLANNING DEPARTMENT AND BMA.

Options for Dog Waste Stations in Neighborhoods/Parks

- Roll Bag System: 3 openings, bags are attached by perforation. Customer service states that this system holds more bags at one time than any other system because the bags are attached. It is easy to pull more than one bag and causes more wasted bags.
- One Pull System: 1 opening, one bag is dispensed at a time. Bags are the most expensive.
- Tie Bag System: Not recommended. Bags are thin and see through.
- Mittn pull system: Dispenser can hold these bags or the one-pull bags; Most recommended system because one bag is dispensed at a time and bags are less expensive.
- City will install for neighborhoods and parks.
