

KINGSPORT ALERTS

Have you ever been driving to work or the store and suddenly come upon a closed road sign? We know how frustrating it can be to have to reroute your commute! Or maybe your water is off, but you know you paid your bill this month—what gives?

There's a Facebook page for that! [Kingsport Alerts](#) is a page that's managed by the city to alert you to all kinds of important news updates. That includes road closures, water outages, trash schedule changes, and everything else that might affect your day. Additionally, you might see reminders about municipal holidays or election days.

"Like" the page on Facebook to see posts on your news feed. If you want to stay as up to date as possible, you can change your settings to always see Kingsport Alerts' posts at the very top of your news feed. Simply navigate to the main page, look for the "Following" dropdown menu beneath the banner, and change the setting to "See First."

If you're not on Facebook, this same information is available on the city's website, under "News" and "Notices and Outages." You can find that page [here](#).
